

FLOWERS AND FRILLS have gone to lady's head this season. Smart women have learned to bring out their best features with chapeau planned just for them. No student of a millinery class taught by Mrs. Joe Van Meter will see her double in a neighboring pew come Sunday morning because no two hats modeled at the vocational educational style show looked alike. Mrs. Inez Gordon, (left), wears a close-fitting, off-the-face hat made from the feathers of one white goose. Mrs. Helen Crapo (center) wears a lacy straw with side trim of flowers and fluff of veil, while Mrs. Winnifred Lambie has chosen a modified pill box of straw with bright daisy trim.

Aloha Chapter Order OES

On April 8, the regular meeting of Aloha Chapter 61 was held in the Masonic Temple. A reception followed in the lower banquet hall. Honoring Mrs. James Hunter of Massachusetts, who is appointed to the office of Grand Representative to the State of Pennsylvania from Oregon.

Honored guests also introduced at the meeting were: Mrs. Floyd Boyd, grand representative to Massachusetts from California; Myrtle Meyers, Grand Representative to Illinois from Oregon; Eva Cook, worthy matron of Chiloquin; Vera Fritsch, worthy matron; and John Larson, worthy patron of Mazanita Chapter; and Hazel Bowman, worthy matron; and Eugene Beasley, worthy patron of Molokai.

Beautiful floral decorations in the meeting and banquet halls lent color to the event. Floral corsages were presented to the honored sisters and Mrs. Hunter was the recipient of several gifts from the chapter and the officers.

Jean Adams, accompanied at the piano by Mrs. George McIntyre sang a group of songs.

In the presentation of gifts to Mrs. Hunter, the drill team of members: Leona Angel, Gertrude Nale, Gretchen Thompson, Letha Landis, Maude Wright, Dorothy Tyrrell and Jane Howell, dressed in

quaint Dutch costumes (Pennsylvania Dutch) offered an addenda in the theme of "Tulip Time."

Mrs. Laurence Phelps and Mrs. Charles Martin were in charge of the reception and were assisted by Owen Pierson, Dixie Beber, Mildred Dumbat, Geneva Swift, Dulcie Motley, Lena Fowler, Grace Bourquin, and Vera Clemmens.

Hosts and hostesses for the evening were Phillip Cole, Grace Cole, Sadie Holloway and May Phinney. Mrs. Hunter gave a very interesting talk on Eastern Star in the state of Pennsylvania and was followed by Mr. Boyd on Massachusetts and Mrs. Myers on Illinois.

April 22, regular meeting of Aloha Chapter was held and after the business session a large group of members enjoyed entertainment consisting of dozens of beautiful colored slides shown and explained by Mrs. Loren Palmerton. They were taken by the Palmertons while in the Hawaiian Islands. A complete set of pictures of the many varieties of flowers and ferns peculiar to the islands and not known to most people of the mainland were thoroughly enjoyed.

The officers and members join Mrs. L. A. Murphy, worthy matron and Elmer Bramlett, worthy patron in extending sincere thanks to Mr.

and Mrs. Palmerton. After the entertainment, refreshments were served by Irene Pederson, Dale Custer, Dorothy Post and Nona Beck.

The Lodge Hall and banquet room were decorated in the Hawaiian spirit of "Aloha."

Safety Rules Save Cyclists

By DAVID TAYLOR MARKE
AP Newsfeatures Writer

With spring here and summer just around the corner, bikes are being hauled out of winter storage, polished, oiled, adjusted and readied for the fun—or tragedy ahead, depending upon how well Junior has learned his safety lessons.

A majority of the 29 million two-wheeled enthusiasts will be children, some taking their first outdoor rides on their shiny new Christmas bikes, according to the Bicycle Institute of American.

IMPROVEMENT
With this tremendous number of cyclists on the country roads and bike paths during the spring and summer months, the National Safety Council credits Safety Education for a 40 per cent drop in serious bike accidents during the past 10 years. It says that bicycling is a safer sport today than football, basketball and baseball because of the vigorous all-year-round safety campaign waged by thousands of civic organizations and schools in cooperation with the Institute.

Constant hammering on the safety theme has been effective in all grades, according to observers, and it won't do any harm repeating some of the simple rules of the road laid down by the Institute. If followed in the months ahead they can save many hours of anxiety for parents and many lives and limbs of children.

1. Ride single file, close to the shoulder of the road.
2. Obey all traffic signals and observe road courtesy as you would while driving a car.
3. Carry food, swimming suits and all other packages in a basket or carrier on the rear fender so

that both hands will always be free for steering.

4. Don't hitch to other vehicles.
5. You've got plenty of time, but only one life.
6. Move off the roadway if you have to make repairs.

7. Wear light clothing at night.

8. Walk your bike across busy intersections.

8. Walk your bike across busy intersections.

can cut profits three ways—

1. REDUCE SALABILITY OF PRODUCT
2. REDUCE YIELD BY DAMAGING ROOTS
3. PROMOTE ROT, MOLD, AND HIGH STORAGE LOSS

D-D* KILLS NEMATODES

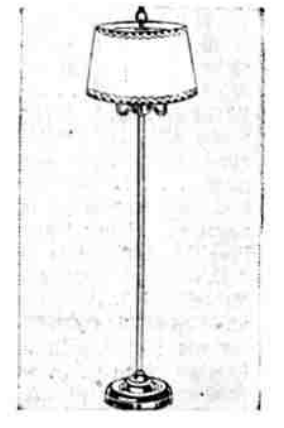

• D-D* controls root and tuber damage by nematodes and other soil pests.

Check your crops now for evidence of nematode damage. If soil pests are your problem, order D-D now for application at the proper time. Get in touch with the D-D dealer in your area and arrange for treatment before your next planting.

Your fields can be custom fumigated by trained men who bring their own equipment, or your own tractor can be equipped with D-D injectors at low cost.

Giles L.
FRENCH
REPUBLICAN
for Congress

WHO HE IS:
An alert, aggressive legislator of 17 years experience.

Acknowledged authority on taxation.

Recognizes the need for intelligent economy. Works for it and votes for it.

Twenty years Mayor of Moro. Chemical warfare service in World War I.

Editor of oft-quoted Sherman County Journal.

WHAT HE SAYS:
The first duty of a legislator is to be completely informed about his district and the problems of its people. He should work steadily and conscientiously for their solution.

"The welfare of eastern Oregon depends on the continued development of Columbia river basin power together with transportation and irrigation; upon getting grass to grow on its sage-covered range lands; upon further utilization of timber resources; upon a foreign policy that will permit the development of markets in the Pacific; upon keeping as much of our power at home as we can use; upon keeping all of our water; upon a tax policy that will permit citizens to buy and improve property."

WHAT OTHERS SAY:
Shrewd, sagacious, resourceful, energetic, courageous, knows thoroughly how work of a legislature is accomplished, champion of economy, keen in analysis, tough and able scraper, works hard.—Oregon Voter at various times.

1951 newspaper poll: "Intellect probably among the keenest in legislature... this veteran, who knows more about taxes than any other legislator, is brilliant... he is probably the hardest working member of the House and his integrity and ability are above question... an effective man on the floor and tireless committee worker."

HE WILL MAKE REPORTS FROM WASHINGTON THROUGH NEWSPAPERS.

Vote 92 X GILES L. FRENCH
