Eggs Too High For Boosters - WASHINGTON (AP) - The Agriculture Department went to market this week to buy eggs for the purpose of boosting producer prices, but came back empty handed.

The agency rejected all offers made by handlers because, it said, they had asked too much.

At the behest of some congressmen, the department recently announced that it would buy up to 500,000 cases of eggs - or about three per cent of a month's output in an effort to bolster prices. The eggs were to be donated to school lunches.

AP Science Editor Dies - PORT WASHINGTON, N.Y. (AP) - Howard W. Blakeslee, 72, Associated Press Science Editor and Pulitzer Prize winner, died Friday of coronary thrombosis at his home.

A member of the Associated Press staff since 1905, Blakeslee had recently returned from viewing the atomic bomb tests in Nevada.

It was his second view of atomic explosions. He covered the first tests at Bikini.

Blakeslee had been Science Editor of the Associated Press since 1928.

GOPs Appreciate HST's Praise of Eisenhower

WASHINGTON (AP) - President Truman's statement that Gen. Dwight D. Eisenhower is as fine a man as ever walked brought a "thanks very much" reaction Friday from Republicans backing the general for the GOP presidential nomination.

The President put it accurately and what he said will help our cause," said Sen. Morse of Oregon, and Eisenhower man.

In the wake of Truman's praise, however, came a demand from Sen. Green of Rhode Island, an administration supporter, that the general say publicly whether he favors a 6 1/2-billion-dollar cut in defense and foreign-aid spending no advocated by an Eisenhower-for-President leader, Sen. Carlson of Kansas.

Carlson told a reporter he was expressing "strictly my own views" in calling for the reduction in a Senate speech Thursday. But he added that on Wednesday he had mailed a copy of the speech to Eisenhower in Paris.

"I just thought he might be interested in my views," Carlson said. At his news conference Thursday Truman was asked what he thought of a report that Eisenhower was a sick man. He is not anything of the kind, the President said. Then he added that Eisenhower is as fine a man as ever walked.

Eisenhower, the President said, is just beginning to find out what happens in politics, and the attacks on him now are mild.

While Morse and other Eisenhower supporters felt the President's praise would help their candidate, none of them doubted that Truman meant just what he said recently in declaring he plans to work as hard to elect a Democratic President as though he were running himself.

At the news conference, Truman said that if he should be nominated by the Democrats as their presidential candidate, he would not run, he would say no.

There has been some talk in the party that Truman might accept a "draft," even though he announced March 29 he was out of the race.

Asked whether he would go as far as Gen. Sherman of Civil War fame and say he would not serve if elected, the President replied he could not be elected without accepting the nomination.

Shortly before Truman met with newsmen, Sen. Brien McMahon of Connecticut announced he is a candidate for the Democratic nomination. The President called McMahon qualified for the job, and added it looked like we are going to get some good candidates.

Fire Sweeps Dallas Hotel

DALLAS, Ore. (AP) - Fire swept through the two-story frame Gail Hotel here Friday morning, but all 30 occupants had ample warning to flee to safety.

Dan Friesen, the hotel operator, said he checked every room before leaving and all were out.

Six members of one family were occupying one room, he said. The hotel is in two parts, one of which is among the oldest buildings in town. Years ago fire took off its third floor.

Friday's fire was discovered at about 7:30 a.m. by a guest who saw flames eating through the ceiling from the attic.

Dense smoke hampered firemen as they poured streams of water on the blazing structure. They were able to control the fire but not before heavy damage.

MILK SHORTAGE - BAKER, Ore. (AP) - A milk shortage may develop in this area unless prices are increased, 14 Baker County dairymen said in a hearing here Wednesday before W. S. Weidel, acting state milk marketing administrator.

Timber Strike Break Possible

By The Associated Press - Negotiation sessions between the Simpson Logging Company and CIO workers offered the possibility Friday of another break in the strike which has tied up operations in northern California, Oregon, Washington and parts of northern Idaho this week.

A federal conciliator, Bob McClelland, of Portland, was called in by the union Thursday. The general manager of the Simpson's Shelton works circle in southwestern Washington, H. O. John, said both sides had presented their cases regarding the key point in dispute, the health and welfare plan issue. The sessions recessed Thursday night to resume Friday.

One break in the tieup involving all major firms manned by CIO workers, with the exception of the Weyerhaeuser Timber Company, occurred Thursday when the St. Paul and Tacoma Lumber Company reached an agreement with its 1,000 employees and prepared to resume operations.

Estimates have been made that 40,000 men were out in the four states but some smaller operators have reached settlements.

A spokesman for the Weyerhaeuser Company, Roy Dinman, director of industrial relations, said at Tacoma that their own company - paid, company-administered health and welfare insurance plan set up in August, 1950, was not an

Strike-Bound Timber Moved

LEBANON, Ore. (AP) - Supervisory employees of the Southern Pacific Railroad moved 10 cars loaded of strike-bound lumber from Lebon to Thursday.

CIO pickets made no attempt to interfere. The pickets, representing the CIO Woodworkers, were called when the Woodworkers heard an attempt would be made to move lumber.

A regular train crew took a locomotive up to a spur switch where the pickets were standing. There the regular crew got off.

Manning the locomotive from that point were Trainmaster Loyd W. Garrison, Assistant Supt. L. B. Smith and John B. Bland, road foreman of engines.

The railroad said the 10 cars brought out belonged to the Southern Pacific. Seven other cars were left behind.

issue in their negotiations with the union this year. The settlement worked by the joint negotiating committee, he said, calls for a 7 1/2 cents an hour wage increase, three more paid holidays, two weeks vacation after three years instead of five and an additional two cents more on the night differential.

Late Thursday, however, he added, the company had not been notified that the union membership had ratified the settlement.
