Stocks

NEW YORK (AP) — Prices dropped fractions to around a point Monday in the slowest full session of the stock market in two and one-half years.

Railroad stocks led a recovery movement in the final hour but it succeeded only in pulling individual issues onto the gaining side.

The market generally tended downward with most price declines in fractions.

Volume for the day only totaled around 800,000 shares.

CHICAGO (AP) May wheat bounded up nearly 5 cents a bushel in a heavy short-covering movement which found limited offerings on the board of trade Monday.

Foreign Aid Bill Delayed

WASHINGTON (AP) — The Senate Monday voted to delay action for at least 10 days on the $6,900,000,000 foreign aid bill by sending it to the Armed Services Committee for further study.

The roll call vote was 40 to 33 in favor of the motion of Sen. Knowland (R.-Calif.) to refer the big measure to Armed Services with instructions to send it back to the floor by May 15.

General debate on it had been scheduled to begin Monday.

But Knowland said the bill should go to Armed Services because 70 per cent of the money was for direct military purposes.

The Armed Services Committee should consider whether greater reductions could be made and whether military equipment destined for foreign allies is depriving U. S. forces of needed materiel, the Californian argued.

Chairman Connally (D.-Tex.) of Foreign Relations answered that passage of the Knowland motion would lead only to delay.

BERLIN (AP) — George F. Kennan, new U. S. Ambassador to Moscow, arrived in Berlin Monday en route to his new post in the Soviet capital.
