**Senators OK FPC Nominee**

WASHINGTON (AP)—The Senate Commerce Committee Wednesday approved the nomination of Assistant Secretary of Interior Dale E. Doly to be a member of the Federal Power Commission.

Doly was named by President Truman three months ago to fill the unexpired term of Mon Walker, who resigned. The term runs until June 22, 1954.

At a hearing before the committee acted, Doly said he is not committed to public power in preference to private power developments.

Where the two interests are in conflict, he said the issue should be determined on the basis of the greatest pain in the public interests and "what use of the resource is going to give us the greatest amount of power."

Sen. Magnuson (D-Wash.) asked Doly whether support for his nomination from sportsmen's groups in the Pacific Northwest indicated a disposition to favor fish preservation over hydro-electric power development.

"I have no inclination to be for fish to the detriment of power," Doly replied.

He added that he has worked for a program to bring fish and power into balance through the installation of fish protection devices along with power dams.

**Blast Shakes Eugene Area**

EUGENE (AP)—An explosion shook houses and sent dishes clattering off shelves over a wide area of this city last night.

Investigating police found a crater three feet wide and three feet deep on the football practice field behind McArthur Court on the University of Oregon campus. They checked the possibility that the blast had been set off by a student prank.

Police said the Coast Cable Co. reported that 25 pounds of stump blasting powder had been stolen Saturday night.

The explosion brought a flood of telephone calls to the police department switchboard. No serious damage was reported.

**FIRE HAZARD**

PORTLAND (AP)—Lowell C. Paget, Senator Taft's Oregon campaign manager, was arrested Tuesday, charged with maintaining a fire hazard at his downtown mortgage company office.
