

MST Observes 68th Birthday

WASHINGTON (AP) — President Truman was 68 Thursday. "I feel 25," he told reporters. His physician, Brig. Gen. Wallace Graham, said that, despite the burdens he has carried during his seven crisis-studded years in the White House, the President's health and well-being are "even above the average of men of his age who have not been under similar strain."

No special observance was planned.

Woman Asking No Questions

BERKELEY, Calif. (AP) — Answering a 1 a.m. doorknob ring, Miss Alice Duran found a plain white envelope on the sill. Inside was \$11,700 — exactly the amount she lost two weeks ago in a San Francisco bus terminal. The 46-year-old woman said she's not asking any questions.

Reds Charge Truce Block

MUNBAN, Korea (AP) — The Communists Thursday accused the United Nations Command of delaying a truce in Korea by refusing to negotiate further on prisoner exchange.

The prisoner issue is the only one in the path of an armistice in the nearly two-year-old war.

North Korean Gen. Nam Il's verbal blast failed to shake the Allied delegates from their no retreat stand against forced return of prisoners to Red rule.

The Allies have told the Reds that 62,000 captured Red soldiers do not want to be repatriated.

"Your so-called screening of our captured personnel is absurd," Nam declared in the 18-minute session at Panmunjom.

Nam spoke for 17 minutes. Vice Adm. C. Turner Joy, chief U.N. Command delegate, called Nam's speech a "propaganda tirade that can serve no useful purpose."

At Nam's request, truce delegates will meet again Friday at 11 a.m.

Gen. Matthew B. Ridgway and Gen. Mark W. Clark, who will replace Ridgway as Supreme United Nations Commander, arrived in Korea.

Old Fire Still Shows Life

CITY firemen were called to the old Esawana box factory fire site yesterday and early this morning reports told of smoke billowing across S. 6th St.

The several attitude now, however, is to let the smoldering fire burn itself out. Fire calls are received from there periodically several times a week.

TAKE A LOOK — The planet Mars was just a comet's throw from the earth Thursday — a mere 53,000 miles. Uvemo National Science Museum invited Japanese to come take a look through its telescopes.
