## Taft Holds 60 Delegate Edge

By The Associated Press  
The Taft-Eisenhower duel for Republican presidential nomination tilted toward the Ohio senator Thursday, with delegate-seating contests looming as a possibly decisive factor.

Sen. Taft apparently picked up 15 more delegate votes in Tuesday's West Virginia primary.

The other one apparently went to Gen. Eisenhower.

Thus the Associated Press tally of delegate strength now shows: Taft 364, Eisenhower 304. The tabu-

lation is based on known and avowed alignments of delegates.

Nomination requires 694 votes and, in a close fight at the GOP convention in Chicago, a few votes—say 75—could mean the difference between nomination and also-ran.

All or part of delegations with 75 votes are involved in disputes over rights to be seated at the July 7 convention.

Delegates favoring both Taft and Eisenhower have been chosen in Georgia, Louisiana and Mississippi. Another scrap over Texas 38 votes comes to a head at a state convention May 27.

It has been 40 years since delegate contests figured prominently

in a national convention. Rules call for this procedure: The national committee receives the dispute. Its decision can be appealed to the convention Credentials Committee, whose report could be challenged by the convention itself.

The West Virginia results, which also showed Taft an easy winner over former Gov. Blanton of Minnesota in preferential voting, was hailed by Taft headquarters.

Spokesman, who claim Taft has 448 delegates to Eisenhower's 280, said the Ohioan is within range of first-ballot nomination.

Eisenhower's expected return from Europe, meanwhile, was mentioned officially by the Pentagon.

The Allied defense chief was sent formal orders to come home in late May or early June at his convenience.

The five-star general reverts to inactive status, stationed without command in New York City. He held the same status, before being recalled for his European tour, while president of Columbia University.

## Adams Rites Held Today

Funeral services for Elinor May Adams, wife of Dr. J. Martin Adams, were conducted this afternoon from the First Presbyterian Church, interment was in Klamath Memorial Cemetery.

Mrs. Adams, 45, died Monday night at Hillside Hospital.

Rev. David F. Barnett conducted the final rites. Pallbearers were: Active—Paul Dillion, Dale West, Sam Ritchey, Martin Ramsby, Harvey Hovain and Elbert Siles; honorary—Walter Waggoner, Dan Liskey, T. H. Watters, J. H. Martin, William Hackler, E. E. Driscoll and Wendell Smith.

## Archery Group Shows Skill

The Klamath Archers are rapidly becoming a sharpshooting, thriving organization.

The Junior Bow and Arrowers did some match shooting last night with four boys reaching the finals with the following scores (a possible 270 score with 30 arrows at a 15-yard range): Donald Smith 221, Gene Baxter 190, Terry Fawcett 186 and Dwayne Prather 169.

Coach Al Samples and Cecil Green Jr. exhibited some fancy shooting in the adult division.

Senior Target Champion Cecil Prather praised the Junior division for "fine sportsmanship, observing and practicing safety ground rules."

The last indoor meeting will be May 21, 7 p. m., PST, in the Alameda Junior High gym. The shooting range will then be moved to the football field.

## Horsemeat OK For Sausage

WASHINGTON (AP)—The government told sausage makers Wednesday they can resume mixing horsemeat with their product effective May 19.

The Office of Price Stabilization (OPS) stipulated that the processors must clearly mark their product as containing horsemeat.

OPS banned the inclusion of horsemeat in sausage in a regulation issued last March 14.

This set ceilings on fresh, frozen and cured horsemeat at wholesale and retail levels.

OPS said it finds the two-month-old ban is working a hardship on processors, who have special machinery for making sausage containing horsemeat.

PAVING CONTRACT LET  
SALEM (AP)—The State Highway Commission Wednesday awarded \$100,678 contract for paving 1.06 miles of the Columbia River Highway at The Dalles to United Contracting Co., Portland.

## Don't Let Machine Politics Deny YOU An EFFECTIVE Vote in the People's Primaries!

A political group supporting one of the presidential candidates, seeking to control the Oregon delegation to the Republican National Convention, is throwing the full force of its powerful machine against the eight delegates who filed by petition, disenfranchising many Republicans who are supporting other candidates.

The fact is that these delegates filed under provisions of the law designed to protect the public against just such conditions as we have in the state of Oregon today.

### PETITION METHOD PROTECTS THE PEOPLE

The Oregon Direct Primary law under which these eight delegates filed by petition, seeking election as free delegates, not under control of any political machine, was initiated by the people and adopted in June, 1904, by an overwhelming vote.

In 1916 a State Supreme Court ruling left the original petition method unchanged and intact.

### Protects Against Machine Politics

In 1939, the legislature passed a law taking from the people the privilege of naming their own delegates to the national convention. The law was referred to the people who rejected it, choosing to leave the petition method on the statute books.

The petition method of filing is therefore a valid law, for the specific purpose of protecting the public against just such machine politics as we are witnessing in the state today, in connection with the wire-pulling and maneuvering on behalf of ONE presidential candidate.

### IF YOU WANT YOUR VOTE TO BE EFFECTIVE VOTE FOR THE PETITION DELEGATES!

The Oregon Primary this year is not representative because it does not give the voters a chance to vote on all the avowed candidates and lists several who claim not to be candidates. DON'T TIE THE HANDS OF THE OREGON DELEGATION TO THE NATIONAL CONVENTION—ELECT THE EIGHT PETITION DELEGATES!
