Koje Guards Reinforced

TOKYO (AP)—Gen. Mark Clark Saturday said the U. S. 187th Airborne Infantry Regiment has moved from Japan to Kojima Island...

The new U. N. Supreme Commander said he ordered the reinforcements to Kojima to insure the complete control of U. N. POW Camp No. 1 at Kojima by the United Nations authorities...

Brig. Gen. Francis T. Dodd, former commander of the island camp, was held hostage by the prisoners 78 hours last week...

Clark has repudiated the concessions granted the POWs by Colson.

The newest commander, Brig. Gen. Hayden I. Boatner, has strengthened the island defenses since he took over.

Associated Press Photographer George Sweers reported Saturday that battle-toughened U. N. troops on the island were building new sandbag pillboxes and new guard towers.

About 20 tanks, some equipped with flamethrowers, were standing by on the island in case of trouble.

Cattlemen Keep Same Officers

PRINEVILLE (AP)—Harry Stearns of Prineville, president, and all other officers of the Oregon Cattlemen's Association were re-elected here Wednesday.

Serving with Stearns will be Pat Cecil, Burns, first vice-president; Garland Meador, Prineville, second vice president; and J. B. Appling, Burns, treasurer.

The association proposed that brand fees be raised or cattle and horses be taxed to provide funds for an expanded brand inspection program.

The cattlemen also asked that Oregon State College set up a Bangs Disease Advisory Committee.

Next year's convention will be at Portland.

Armed Might Paraded Today

WASHINGTON (AP)—The nation's military power is on parade throughout the land Saturday in celebration of the third annual Armed Forces Day.

The display of America's growing might has been limited, however, to men, machines and craft that can move on the ground or anchor in harbors. All aircraft have been grounded by the oil strike.

For most citizens the day means a visit to one of 450 military posts, stations, camps or bases which have declared open house, or to 2,800 National Guard armories which have prepared military displays and exhibits.

Other thousands are hearing several hundred speeches being delivered by top civilian and military leaders.

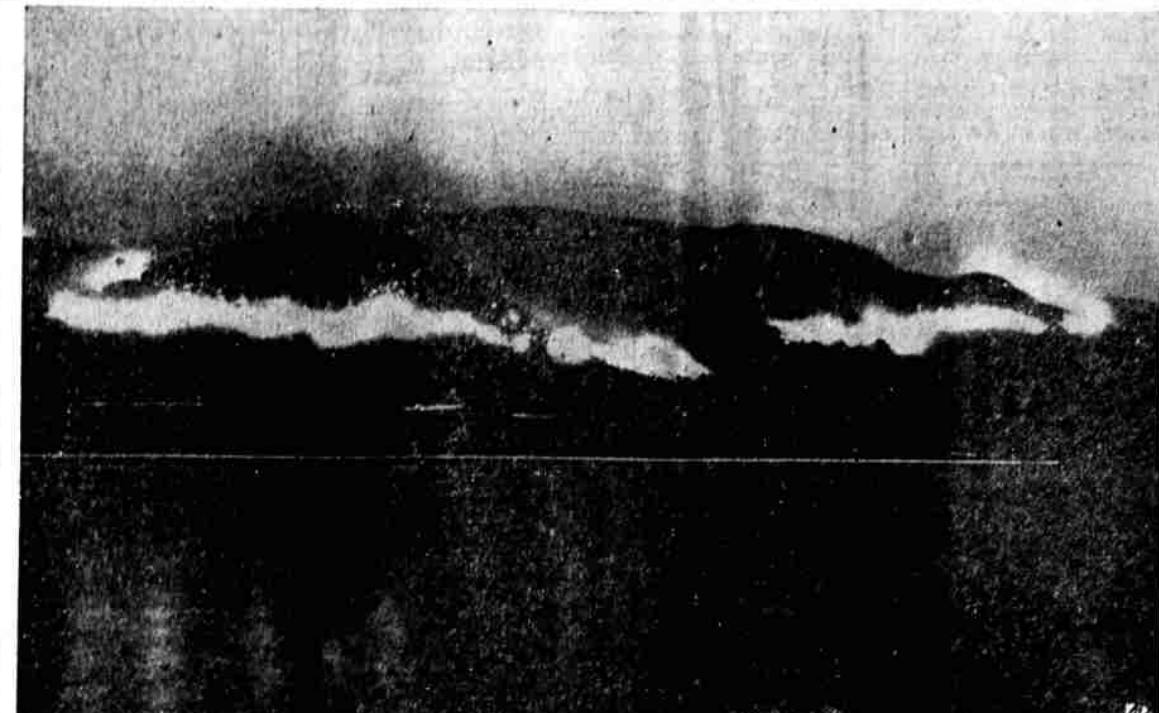

Judge's Ruling Offers Sleep—DETROIT (AP)—Arthur J. Knighton, Jr., a factory worker here, plans to catch up on some sleep—thanks to a ruling by circuit Judge Chester P. O'Hara.

Judge O'Hara, Wednesday issued an injunction restraining Knighton's wife, Nettie Mae, from dosing him with scalding water. Knighton complained that his wife dumped the hot water on him while he slept.

The factory worker filed suit for divorce last Dec. 19. Although legally separated, the pair have continued to live in the same house.

Judge O'Hara said the injunction would be effective until Knighton's divorce suit is heard.

Spending Cut Amendment?

WASHINGTON (AP)—Sen. Taft (R-Ohio) and Ferguson (R-Mich.) estimated Saturday a constitutional amendment they propose would hold federal spending to about 25 billion dollars a year.

This would be some 30 billion dollars less than President Truman's budget requests for the 1953 fiscal year starting July 1.

Taft, a candidate for the Republican presidential nomination, and Ferguson introduced a resolution proposing a constitutional amendment to curb the power of Congress to appropriate money and to hike its public debt.

It would prohibit the lawmakers from authorizing expenditures in excess of 5 per cent of the estimated national income, except for military spending and interest payments on the federal debt.

Military spending would have to be defined by law, and could include outlays only for raising, paying and equipping the nation's armed forces, and providing military equipment for U. S. allies in time of war or to fulfill a treaty.

In outlining the proposal to the Senate, Taft said: "We are convinced that we cannot maintain a free economy in the United States if we spend more than approximately 25 per cent of the national income on government of all kinds."

College Benefit Luncheon Held

TULELAKE—A dessert luncheon for the benefit of Lewis and Clark College, Portland, was given by the Guild of the Tulelake Community church, May 14. Hostesses were Mrs. Elmer Scott, Mrs. Albert Scott, Mrs. A. E. Ryckman, Mrs. J. I. Ott, Mrs. Don Potter and Mrs. Frank Howard.

The luncheon netted \$40 for the college. A colorful Mexican theme, a Mexican menu, colored pictures and mementoes brought from South of the border was background for the program.

A two-month-old son is being cared for by the Curt Lion family.

Phone Extension Plan Loses

LAKEVIEW—A proposal from the West Coast Telephone Company for providing telephone service to rural Lake County (except Fort Rock) was unfavorably received by the communications committee of the Lake County Chamber of Commerce. Jack Briscoe is committee chairman.

The proposal, sent by Ray Dalton, vice-president and general manager of the company April 30, said that a survey of the rural areas showed a potential of 290 customers in the Warner Valley, Paisley-Summer Lake-Silver Lake area, New Pine Creek area and Westside.

The letter stated that the cost of installing facilities to serve the 290 customers was estimated at \$486,250, or an average cost of \$1,676.72 per customer. Dalton added that the company is unwilling to make such a large expenditure to serve so few customers without "very substantial" contributions from the subscribers.

Newsprint Price Jump Tough for Publishers

NEW YORK (AP)—Faced with another \$10-a-ton boost in the price of Canadian newsprint—the second such increase in less than a year—American newspaper publishers find themselves in an increasingly difficult cost squeeze in getting out their daily paper.

The latest increase—its scheduled to take effect June 15—is expected to add more than 50 million dollars a year to costs of publishing in this country.

Newsprint, the paper that newspapers are printed on, accounts for up to 50 per cent of the expense of getting out a big metropolitan daily.

Figuring in the new \$10 increase, the price of newsprint since V-J Day has climbed 152 per cent. It has gone up more than 200 per cent since the great depression.

Some publishers predict that the higher costs will inevitably lead to further increases in advertising and subscription rates—already near or past the saturation point, in the opinion of many.

Others say the steady trend toward fewer and larger newspapers, toward mergers and consolidations, will gather new force. Expectations are that an increasing number of newspapers may be put out of business.

The Truman administration immediately asked the Canadian government to reconsider and rescind its approval of the price hike.

Price Director Elton Arnall, in a telegram to C. D. Howe, Canadian minister of defense production, said 749 American daily newspapers have disappeared within the past 20 years through consolidations, mergers and failures.

If newsprint prices continue to rise, Arnall said, the trend will continue and—in the end—the Canadian newsprint industry itself would ultimately be injured.

STUDY—Sen. Johnson (D-Colo.), chairman of the Senate Commerce Committee, suggested a study to determine whether the U. S. "should retaliate by upping the price of sulphur, which these newsprint producers must get from us."

The increase will boost the price of Canadian newsprint delivered in New York to an all-time high of \$126 a ton.

In the depression years of the early 30's newsprint cost \$40 a ton. It was \$50 a ton at the time of Pearl Harbor.

Sawyer Seeks Airport Funds

WASHINGTON (AP)—Secretary of Commerce Charles Sawyer asked Congress Friday for authority to make federal grants during the year ending July 1 for work on 140 airport projects to cost about 27 million dollars.

The federal government will provide approximately half the cost of each and local sponsors the rest.

Sawyer said in a letter to Congress the projects should be undertaken in the coming year, or in the year beginning July 1, 1954, if not possible earlier.

The projects proposed by the civil aeronautics administration include: Oregon—Municipal airport, \$52,194, acquisition of land and completion of terminal building.

Pendleton—Pendleton airport, \$29,221, completion of terminal building.

Portland—International airport, \$422,560, construction of apron, taxiways service building for interim use as terminal and development of new terminal area.

Seattle—Boeing Field, \$272,000, strengthening of north half of runway; Seattle—Tacoma International, \$279,215, strengthening instrument runway.

Death Claims W. T. Miller

GRANTS PASS (AP)—W. T. Miller, 72, Josephine County district attorney for 19 years and former member of the Oregon Legislature, died in a hospital here Wednesday night.

A native of West Virginia, he received his law degree from the University of Oregon in 1911. Two years later he was elected district attorney and served until 1932.

In 1935 he was elected to a term in the Oregon House of Representatives.

Survivors include a daughter, Virginia Lea Miller, Grants Pass; a sister, Mrs. Elizabeth Henderson of Walla Walla, Wash.; and three brothers, C. A. Miller, Salem; A. B. Miller and W. C. Miller, both of Enterprise.
