

HOMES FOR AMERICANS

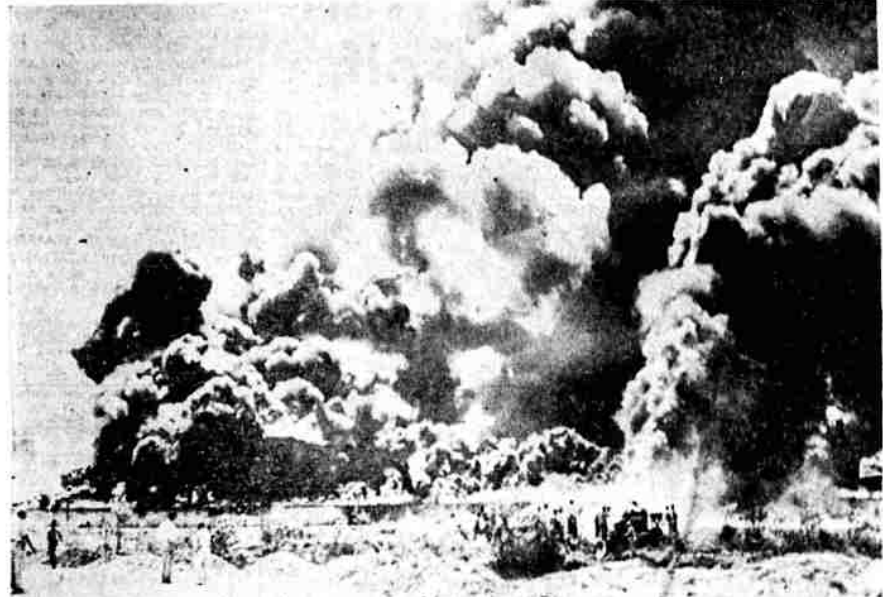

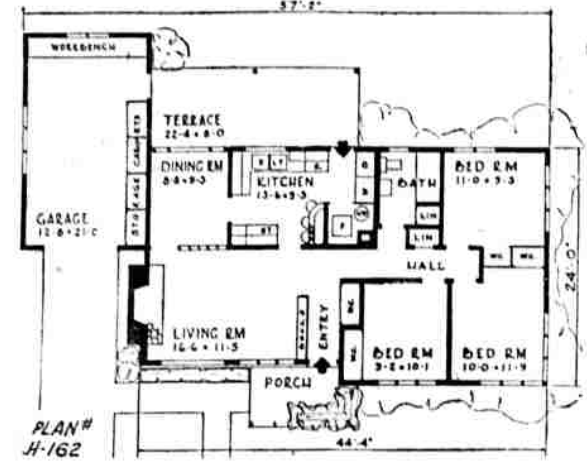

A HOUSE OF IDEAS, this plan features comfortable living possibilities indoors and outdoors. Two compartmented bathrooms on the main floor an dspace for a third bath upstairs, where extra bedrooms and 10 additional closets can be finished off later, are among outstanding advantages. A lavatory in the rear service entry is handy for the children, the garden hobbyists and convenient to the kitchen. One chimney serves basement heating plant, two-way fire-place between living room and dining room and a barbecue fireplace on the garden porch. This is plan 245-M by Rudolph A. Matern, architect, 90-04 161st St., Jamaica 2, N.Y. The house covers only 1,443 square feet, without porches and garage, yet has a capacity of seven rooms, three baths and 22 closets. (Further information and plans can be obtained from the architect named above.)

HOMES FOR AMERICANS

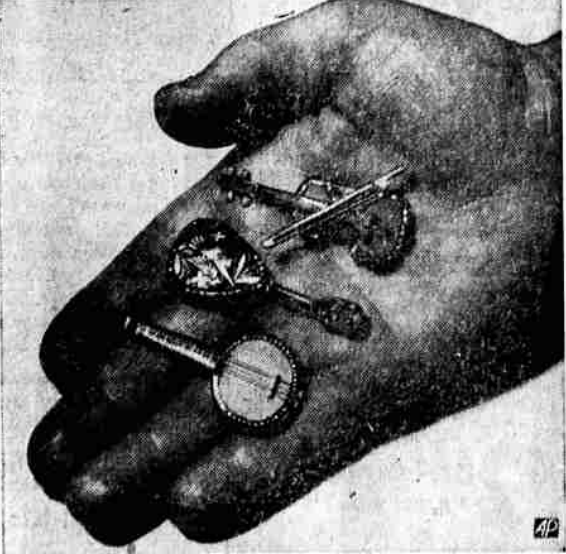

A SMALL HOUSE that looks big, both front and rear, this plan incorporates several modern ideas. The shed type roof provides for clerestory windows giving the living room maximum ventilation. These windows are shown under the roof on the rear garden side. Large picture windows on both front and rear and high windows for privacy in bedrooms are among other details. This is Plan H-162-P by the Homograf Co., 11711 East Eight Mile Road, East Detroit, Mich. (Further information and plans can be obtained from the architect named above.)

TEXAS PORT SAVED IN BIG OIL FIRE—Firefighters attempt to move in close as more than 1000 firemen and volunteers battle this multi-million dollar refinery tank farm fire which threatened the port of Corpus Christi, Texas. The blaze raged out of control for 17 hours. The fire was so hot it blistered firemen's faces if they approached within 100 feet.

IT'S AN ILL WIND—And this one blew good to no one. Gusts of 100 miles an hour in Northern Utah raised havoc with phone lines, upset these three planes and scattered others around the taxi lanes at Ogden Municipal Airport. Other landing fields in area reported similar damage.

MUSICAL MINIATURES—A banjo, zitar and violin with bow, made by Otomi Indians of Mexico, are part of tiny instrument collection of Arthur L. Reimer, of Inglewood, Cal.

YOU'RE SUPRISED?—You aren't half as surprised as you were the citizens of Frankfurt Germany, when Pfc. Kenneth D. Frost, left, of Ithaca, N. Y., and Pfc. Ollis V. Thompson, of Stillwater, Okla., wheeled through the streets on their unicycles. Beside saving on the price of tires, the soldiers have both hands free for saluting.

And the high school year in North Dayton is never officially ended until she throws her annual dinner for the athletes. Mrs. Mary Swelling simply gets a bang out of helping people—orphans, prisoners of war, displaced persons.

Noted Horse Trainer Dies
 Injuries received two weeks ago at his San Fernando Valley ranch when a horse he was breaking fell on him brought death Saturday night to Jim Fagan, nationally known horse trainer and rodeo performer. He was about 65 years old.
 Word of his death in San Fernando Hospital was received here by Keith Moon who is flying south today to attend funeral services Tuesday. Mrs. Moon has been south for several days.
 Fagan who appeared here two years ago with the widely acclaimed Roy Rogers Liberty team, trained the prize winning Palomino owned by Mr. and Mrs. Moon.
 He is survived by his widow, a brother who is a member of the faculty of Stanford University and a sister. Fagan was well-known here.
