"HARMONY HOUSE" ON A HILLSIDE

Day in day out, real harmony prevails throughout this two-bedroom home! It's fortress-like rock walls are ready to spend a lifetime of making this house cool in summer, warm in winter, and beautiful the year around.

See it's full, smooth-in basement where you'll find a drive concrete floor, a work shop, and no dungeon-like oppression. From there to the top story you'll enjoy living.

The just-right look of the lived-in living room, and the charm of its fireplace will win any husband's admiration. The dining room is an appetite-stimulator with a lakeside view where dawdling over dinner becomes a habit.

The price is right at \$12,500, and terms can be arranged. There's much, much more to tell, but time's-a-wastin'. Why not hurry and
