Error Jails Man; Released

Sixty days in jail lasted less than several hours Wednesday for Harley John Thompson, Chemult, and Joe Henry Daniels, Gilchrist.

Yesterday morning in District Court the two pleaded guilty to charges of assault and battery. Judge M. A. Carter gave them each 60 days in the County Jail and fine of \$100 each.

Several hours later City. George Proctor came to the court, plunked \$100 on the table for Thompson and sprung his man loose. Proctor had dug into the statutes and discovered jail time and a fine was not the correct sentence for conviction of assault and battery. It had to be either a fine or days in jail.

So Thompson was released and Daniels unable to pay the fine, is sitting out the \$100 in jail at the rate of \$2 a day.

The two were accused of severely beating up Frederick L. Beck in his cabin at Chemult Monday night as result of a domestic squabble Beck required medical attention.

Thompson and Daniels were arrested by State Police early Wednesday morning at their homes.

Chief Sees Warning In Propaganda

a general report on the Far East. He gave Congress a dramatic account of how the Eighth Army in Korea, only three days under his command, repulsed an attempt by the Chinese and North Koreans to knock it out after a long retreat, and rose again on the offensive

in less than a month. 'NO FAILURE' He spoke at length of the armistice negotiations, which he called "no failure" despite the lack of a cease fire, and of relations with Japan.

Ridgway said he approaches his new job in Europe with high confidence.

He made no mention in his prepared text of Gen. MacArthur or of his own successor in the Orient, Gen. Mark Clark.

He likewise said nothing about the controversy surrounding the capture and subsequent release of Gen. Francis T. Dodd by Communist prisoners of war at the camp Dodd commanded. But he gave high praise to Gen. James Van Fleet, commander of the Eighth Army in Korea.

Ridgway reserved the gravest language of his speech for his warning about Communist propaganda and gas warfare propoganda charges. He said:

"I wish to reiterate what I have repeatedly stated publicly, that these allegations are false in their entirety, that no element of the United Nations Command has employed either germ or gas warfare in any form at any time.

'MOMENTAL' "In the whole black record of false propoganda, these charges should stand out as a monumental warning to the American people and the free world — a warning as menacing and as urgent as a forest fire bearing down upon a wooden village.

"The extent to which communist leaders have gone in fabricating, disseminating and persistently pursuing these false charges should impress upon the brain of those who yet fail or refuse to see the purpose of communism, the deadly danger with which it confronts us and the free world."

He made these other salient points:
1. The Communists have in their hands a "logical, reasonable and

IMMIGRATION
WASHINGTON — The Senate Wednesday rejected a proposed substitute for a controversial 302 page bill overhauling the nation's immigration and naturalization laws.

honorabale proposal" for ending the fight in Korea. There will be no bargaining on remaining issues; "acceptance or rejection, cessation or continuance of hostilities in Korea is now the responsibility of the Communist leaders."

2 The United Nations Army in Korea stands "proud, defiant and confident" along the 38th parallel, with a "record of fidelity, valor and cooperation unsurpassed in all military history."

3. The Japanese are friendly to the United States, they want to build a democracy, but need, above all, to be able to buy and sell on the world markets sufficiently to maintain a healthy economy.

4. America must look for strength to faith in principle and trust in God.
