

SIAMESE TWINS PLAY LIKE NORMAL BABIES — Mr. and Mrs. Wesley Galyon of Dayton, O., hold their Siamese twin boys, Ronnie (left) and Donnie, who were born Oct. 28, 1951. The youngsters, unaware that they are in any way unusual, play together like normal babies. Doctors hope to part them by surgery in about 18 months.

### U.N. Repulses Red Assault

SEOUL, Korea, (AP) — United Nations troops Monday threw back a change-of-pace assault by two reinforced Chinese companies on the Korean Western front. The U.S. 8th Army said they killed or wounded more than 150 of the attacking Reds in a furious five-hour fight. It was the first time in weeks that the Reds had struck in greater than platoon strength. A Chinese company normally contains about 150 men. No estimate was made of the number in the reinforced companies. The Army gave this account: The Reds opened the assault with an artillery and mortar barrage on three U. N. field hills west of Chorwon a half hour before midnight Sunday. Shortly after midnight, the Reds drove on an advance UMN position from two sides. Allied reinforcements were stopped twice by the flanking Reds but finally smashed to the outpost. U. N. artillery and mortar fire kept the Reds from overturning the outpost until help arrived. The Army said the Reds left behind 27 dead and 100 wounded. 45 additional killed and 40 wounded. U.S. jet pilots reported they shot down four Communist Mi-15 jets Sunday and damaged another. Far East Air Forces said its warplanes cut North Korean railroad tracks in 145 places, destroyed 160 Communist vehicles and silenced 35 Red gun positions. In its weekly report, the U.S. Fifth Air Force said Red MIGs shot down five U.S. jets last week and Allied airmen destroyed only four MIGs. In Washington, Defense authorities announced that Allied plane losses from all causes in the Korean fighting total more than 1,400. Of these, 252 were U. S. jet fighters. No figure was given for the total lost in air combat. The U.S. Air Force said 306 MIGs have been destroyed in the war, 57 probably destroyed and 502 damaged.

### Bitter Taft Supporters May Bolt in Washington

SPOKANE (AP) — Embittered backers of Sen. Taft contemplated their man's meager allotment of four of the state's 24 GOP national convention votes Monday and predicted a party rift which might affect the entire 1952 campaign in Washington. Supporters of Gen. Eisenhower, with an 80 vote majority among the 900 delegates to the Saturday's state convention here, gathered in the remaining 20 votes for a presidential hopeful.

### WU Strikers Back to Work

WASHINGTON (AP) — The 52-day Western Union strike ended Monday and workers flocked back to telegraph offices across the nation. Union and company officials expected the flow of messages to return quickly. The official end of the strike came at 12:01 a. m. local time after the AFL Commercial Telegraphers Union announced that its Western Union membership had voted 8,685 to 5,468 to accept a strike settlement. Pay raises or reduction of working hours had to be under the ratified agreement are dependent on government permission for Western Union to raise its rates. Union officials said they understood the company may ask the Federal Communications Commission (FCC) for rate hikes of 10 per cent. Western Union officials have not said how much of a boost in rates they need to meet the proposed pay increases. The union agreed to support Western Union's application for higher rates before the FCC. The union said the new agreement would raise the average workers earnings to \$154 an hour except for pensioners. Messengers would get an average of 83 cents an hour. The company said the agreement would raise the average pay of all its employees to \$1.73 an hour. The union had been seeking an 18 cent an hour pay boost. Under the agreement, workers who have been on a 45 hour, 20 minute work week with 48 hour pay would get no pay raise but would receive the same weekly pay for 40 hours a week. This covers about half the employees. Workers already on a 40-hour week would get a 10-cent an hour boost. A few workers on a 35-hour week would be raised \$22 a month. Bicycle messengers would get five cents more an hour.

### Mishaps Kill 12 Oregonians

By The Associated Press Twelve persons died in Oregon accidents in a three-day period ending Sunday night. Five died by drowning, four in highway mishaps two in farm accidents and one in a fire. Leonard Polk, 38, Charles Tuft, 38, Turman Clark, 15, and Roosevelt Suppiah, 30—all Warm Springs Indians—drowned in the Columbia River near The Dalles while fishing early Saturday. came from the fourth and fifth (Spokane) districts. Eisenhower won the other four districts and took all 12 delegates at large. COMMANDER W. Walter Williams, former state GOP head who is now chairman of the National Citizens' Committee for Eisenhower, directed the strategy from the floor as a delegate from King County. Gov. Arthur B. Langlie, who was named one of the delegates at large, brought on the convention's sole unified cheer with the announcement that he would seek re-election. Langlie was expected to be elected head of the state's delegation to the Republican national convention. Washington's Republican senator, Harry P. Cain, also announced during the meeting he will seek re-election.

PEACE HOPE The hope that both sides would close ranks and forget their differences was expressed by state GOP chairman Mort Fray. But Charles Paul, state Taft leader, said he thought the rift might carry over strongly into the coming campaign. Taft promoters concentrated their fire on the unit vote for Eisenhower by the strong King County (Seattle) delegation, which came to the state meet armed with 292 votes. But convention delegates approved the King County unit vote by a count of 481-401. And a claim by the Taft camp that the issue should receive a two-thirds majority failed to carry. An earlier poll showed 91 of the 292 King County delegates favored Senator Taft. Taft supporters could win only four of 12 delegates from the state's six congressional districts. Those

### HST Lashes Utility Firms

WASHINGTON (AP) — President Truman lashed out at the private utilities Monday, asserting that they are spending millions in a drive to "frighten, threaten and confuse the people" about public power. In a fiery speech to a conference of electric consumers, the President accused the utilities of spending vast sums on propaganda and advertising. He said "the power monopolies are taking part in a 'barrage of propaganda.'" Truman got a standing ovation from the adherents of public power, rural electrification and electric cooperatives when he told the group: "I am the only person who represents the whole 150 million consumers. I'm their pull — I'm their lobby." And he went on: "Some time soon, when the whistle stop campaign starts, I am going to get out and give you all the facts about this power situation." The President said he may ask the new attorney general to determine whether the utilities have violated the corrupt practices act. Some of the companies, he said, have one set of figures on which they pay taxes and another set for four or five times greater on which they fix their rates.

By JEAN OWENS John Hussman came through with highest honors in the annual house contest, which took place last week in the Senior social economics classes, with her modern miniature home. She was awarded thirty-five dollars by the Klamath Realtor's Board, which sponsors the contest every year. Coming in second was Warren Ross. Third place went to Don Campbell, fourth to Randall Binkley, and fifth prize went to Bruno Morosin. According to Miss Fish, social economics teacher, model homes were, on the whole, better this year than in previous years. The board also sponsors an essay contest, the first prize of \$13.00 awarded to Dick Tracy. "Why I Want to Own My Own Home" was the subject of all the essays written. Seniors are given a choice of writing the miniature home or writing an essay, however, either must be turned in to complete the graduation requirements. Sylvia Hills copped second prize with her essay, Theodora, Montgomery, third, Jean Owens, fourth and Jean Monroe, fifth. These students and their parents were honored at a banquet of the Realtor's Board, at which time 10 winners received cash awards. The dinner was served in the Willard Hotel room Friday evening. Many of the homes were on display at that time, and Dick and Sylvia read their winning essays. An entertaining program followed through the course of the evening. Ski Club held their last meeting Thursday, with Dick Hilton, retiring president, presiding. The main business, of course, was the election of officers. Dick Swanson will head-up next year's group. Tommy Moore will be the new vice-president and Gertrude Bramlett is the new secretary-treasurer. Ski clubbers have made several trips this year to Crater Lake. Dick Vallinour is the group's faculty advisor.
