

Keep Cookie Jar Brim Full

Cookies are the perfect dessert to keep on hand. They're easy to store... they have wonderful keeping qualities... and they are almost universally popular.

Here's a new recipe for your life. Jelly Jumbles, easily made, have extra goodness and are extra crunchy because they are rolled in Rice Krispies just before baking. A little mound of your favorite jelly placed right in the center adds color and flavor, too.

Just the right amount of "sweet" for the youngsters when they romp home from school—ideal to serve when neighbors drop in for afternoon tea or coffee.

JELLY JUMBLES

- 1/2 cup shortening
- 1 cup sugar
- 2 eggs, separated
- 1/2 teaspoon vanilla
- 1 1/2 cups sifted flour
- 1/2 teaspoon soda
- 1/2 teaspoon salt
- 1 1/2 teaspoons cream of tartar
- 1-3 cups Rice Krispies

Cream shortening, add sugar, well-beaten egg yolks and vanilla, beat well. Stir in flour, soda, and salt sifted together. Fold in stiffly beaten egg whites to which cream of tartar has been added. Shape

dough into small balls about 1 inch in diameter. Roll in slightly crushed Rice Krispies. Place on greased baking sheets, make an indentation in the middle of each ball with the thumb and fill with jelly. Bake in preheated oven (350 F.) about 20 minutes.

Yield: 28 cookies (2 1/2 inches in diameter.)

M-M-M-M!

When serving French toast, use a hot sauce of creamed mushrooms or shrimps made in a double boiler over the summer burner of your gas range. Add a few slices of Canadian bacon for decoration and added flavor. It's a nice luncheon dish.

JELLY JUMBLES

COOL

Split ladyfingers or stale sponge-cake in strips and place in a dessert dish. Fill the center with whipped cream. Place in the gas refrigerator until time to serve. You can flavor the whipped cream with maple or vanilla extract and add chopped almonds as a topping.
