

Ike Makes Bid For Southern GOP Support

NEW YORK (AP) — Gen. Dwight D. Eisenhower made a face-to-face bid Tuesday for a southern bloc of Republican convention votes. Continuing his timetable conferences with GOP delegates, he met groups from Alabama, Georgia and North Carolina — every hour on the hour during the afternoon.

Monday he met generally pro-Eisenhower delegates from New Hampshire, Connecticut, and Massachusetts. He also had a session with a Delaware delegation of still doubtful leanings.

Out of these talks came Eisenhower's reported answer to the view that a "military mind" isn't suited for the White House. He was quoted as saying modern war makes its leaders all-around administrators, economists and diplomats.

Thus far, much of the South is claimed for Sen. Robert A. Taft, Ohio. In 11 Southern states — outside the southwest — Taft claims 97 convention votes to 21 for Eisenhower.

But in these same 11 states there are 56 uncommitted votes, a coveted plum in next month's Chicago convention.

In the three states Eisenhower wooed Tuesday according to the Associated Press tabulation, the lineup is:

Alabama — Nine for Taft, four for Eisenhower, one uncommitted.

Georgia — All 17 in dispute.

North Carolina — Thirteen for Taft, seven for Eisenhower and six uncommitted.

Jury Indicts Federal Aide

WASHINGTON (AP) — A federal grand jury Tuesday indicted Charles E. Shaver on charges of accepting \$3,100 in fees to push cases before government agencies while he was counsel for the Senate small business subcommittee.

Winding up an investigation which started last February, the grand jury also indicted three associates of Shaver. They were accused of aiding the allegedly unlawful deals.

Shaver was charged, on 11 counts in three indictments, with violating a federal law which prohibits any government employe from accepting compensation to represent outside parties before government agencies in any matter in which the government is interested.

Shaver faces a total of possible maximum penalty of 28 years in prison and \$110,000 in fines, or both, if convicted. However, maximum sentences are rarely imposed.

Others indicted along with Shaver were Leonard H. Cooper of Miami, Jerome H. Weinkle, Miami attorney, and Raymond W. Lopata, Chicago attorney.

Assistant District Attorney John W. Fihelly said the investigation cleared Flo Bratton, a secretary to Vice President Barkley, who was linked with reports of influence attempts at the time the cases were first made public last year.

Last fall a Senate committee looked into reports that Mrs. Bratton and Shaver helped swing a \$1,100,000 government loan sought to build a Florida luxury hotel.

Altogether, five alleged influence attempts were cited in the indictments.

Indian Woman Dies At 92

Mrs. Emma Ball, one of the last of the Klamath tribe who remembered the signing of the treaty at the end of the Modoc War died late Sunday in Jacksonville. She was 92 and had been blind for several years. Death came in a nursing home where she had spent the last few months of her life.

Mrs. Ball had made her home for many years with a granddaughter Mrs. Ernest Swartzfager on Altamont Drive. She outlived all her children and her husband, Eddie Ball, well-known member of the tribe who died last year.

During most of her life she made her home on the Williamson River, near the Williamson store.

Surviving are her grandchildren, Mrs. Swartzfager, Klamath Falls, Frank Edward Ball and Lavina Gail Ball all of Sprague River.

Funeral services in charge of Ward's will be announced later.

Break In Baker Strike

Striking bakers at Spokane voted late Monday to accept a revised contract offer. It was the first break in the 40-day-old strike of the AFL bakers in major Pacific Northwest cities.

Frank Hoover of Seattle, international representative of the Bakery and Confectionery Workers' Union, emphasized, however, that the Spokane agreement is not a pattern for settlement in Seattle, Tacoma and Portland.

The Spokane agreement does not include a Saturday-Sunday off proviso, but Hoover said only 20 per cent of the 400 bakers in the city would have split days off — Saturdays and Tuesday.

Break In Baker Strike

ferred from the other cities, in which there were not indications of any imminent settlement.

The key union demand is for Saturdays and Sundays off together.

The Spokane bakers are expected back at work Wednesday. The union members' vote was 149-34 to accept the agreement. Three changes had been made in the offer that was rejected last Saturday.

The agreement includes an 18-cent hourly wage increase and an employer-paid health and welfare plan costing \$8.65 a month for each worker.

The Spokane agreement does not include a Saturday-Sunday off proviso, but Hoover said only 20 per

Farm Leader Against Sales Tax

LA GRANDE (AP) — The 70th annual convention of the Oregon State Grange went into its business session here Tuesday following the annual address Monday by State Master Elmer McClure.

He said the Grange should continue its traditional opposition to proposals for a state sales tax.

A measure which is to appear on the November election ballot is a "major step toward enactment of the sales tax," he said. He was referring to a measure which would impose a six-mill limit on state property taxes.

He also told the Grange it should oppose an initiative measure which calls for removal of wholesale and retail milk prices from state control.

McClure urged support of two other initiative measures. One

would ban pari-mutuel betting and the other would make standard time mandatory throughout the state.

He told the Grange it should continue its opposition to the proposed Pelton Dam on the Deschutes River but should support federal construction of the proposed Hells Canyon Dam on the Snake River.

The capable hands of telephone operators are ready to put your calls through—when you want, where you want.

No one can guess the importance of the calls which will flow through the cable these linemen are installing.

When trouble strikes, by day or night, telephone men get going fast to keep your telephone always at your service.

Making it pleasant for you to do business with us is the aim of our business office people who serve you.

Their work keeps our nation united

75,000 Pacific Telephone people are helping make us a nation of neighbors

Perhaps never before has every job done by the men and women on the telephone team been so important to our country. In countless ways, our nation is using the telephone to get things done faster—in defense plants, among our armed forces, on the everyday jobs of all Americans. One of the reasons why we can outproduce any other country is that we have more telephone service, and better telephone service. This service would be impossible without the skill and devotion of the people who work to provide it.

2. Whether high in the mountains, checking microwave equipment like this... or on a cable barge crossing one of our many Western waterways... telephone men are busy building and maintaining our nation's voice highways. Telephone people—both men and women—account for more than two-thirds of our total operating expenses (in wages, benefits and provision for service pensions). We do all we can to make telephone jobs good jobs... the kind that attract and keep the capable people so important to good service.

1. Re-routing Long Distance circuits is one of the many interesting telephone jobs for women... 48,000 women in the West. That they are important in the telephone business is shown by the figures—they outnumber men nearly two to one. And that they like their jobs is demonstrated by the length of time they have stayed in telephone work—longer than seven years, on the average.

Pacific Telephone

Your telephone is one of today's best bargains

In 1951, our total wage costs came to more than a quarter of a billion dollars—nearly four times that of ten years ago. Yet in spite of higher wages, higher taxes, higher costs of everything we need to provide service, we've kept telephone rates one of the best buys in your budget today.
