

BARE TOP DRESSES make headline fashion this summer. Flatter your bare shoulders with a filmy fishnet stole that provides minimum coverage and maximum allure. Both ends of the stole are trimmed with black satin ribbon and glistening sequins. You'll find this stole easy and inexpensive to make.

New X-Ray Plan Shown By University Physicist

CHICAGO (AP) — X-rays that put a picture on a TV screen can make a mosquito seem as big as a grapefruit.

These new pictures promise a safe, easy method of X-raying to detect early cancers or other troubles of the stomach or intestines, or of letting a doctor watch exactly what happens when he sets broken bones.

The X-ray device was described Thursday to the American Medical Association by Robert J. Moon, University of Chicago physicist.

X-ray pictures of the middle of the human body are hard to take clearly without using a fairly heavy dose of X-rays. Some method is needed that uses a light dose but gets clear pictures and a method suitable for mass survey use like chest X-rays to spot TB.

Moon's device gets X-rays from electrons hitting a tungsten target. The rays go through a tiny pinhole, and form a pattern. But only one in 10,000 of the rays gets through.

The rays pass through the body, then are turned into bursts of ultraviolet or suntan rays. A tube picks up these rays, turns them into electric impulses, and multiplies them many millions of times. These impulses go through a TV

viewing tube, and appear magnified on the screen. The pictures are a thousand times more brilliant than the usual ones on a fluorescent screen.

The doctor can watch the picture on the screen, or take movies or still photographs of it.

Board To Study Pay

SALEM (AP) — The State Emergency Board will meet here Friday to decide whether to recommend the average 4.7 per cent pay increase for state employees.

The Civil Service Commission proposed the increase to bring salaries in line with those paid in private industry.

The Emergency Board is a legislative committee which advises the governor on how he should spend the state emergency fund.

The pay increase would not apply to all state employees. Many of them would get no increase because the commission considers that they now get salaries equal to those paid in non-state employment.

So. Koreans Ban Voice

PUSAN, Korea (AP) — The South Korean government has banned Voice of America broadcasts over the 10-station government network, accusing it of "bitterly anti-government" and "obviously insulting" remarks.

The Voice has included in its three daily broadcasts editorial excerpts from many U. S. and other foreign newspapers attacking President Syngman Rhee and scoring recent political developments here.

The U. S. State Department broadcasting agency has been using the South Korean government network for two years as a courtesy and not on a contract, said Dr. Clarence Rye, director of the government's Office of Public Information.

"However much we may question the taste and judgment of the persons responsible for such broadcasts," Rye told newsmen, "we do not dispute the airing of such opinions under other auspices."

"But in this case the auspices were the ROK (Republic of Korea) government radio itself — used to carry bitterly anti-government criticism, obviously insulting."

A New Flavor Sparkle For Sandwiches

Tang IS TASTIER! ... Tang IS "TOPS"! ... Tang IS THRIFTY, TOO!

Try... compare... see how Tang's magic "flavor factor" brings out all the goodness; adds new zest and sparkle to all your dishes!

You make linens more than white with CLOROX... you make them sanitary, too!

CLOROX is more, much more, than an extra-gentle bleach... it's one of the world's great disinfectants. Used in laundering, Clorox helps protect your family against infectious germs which often survive ordinary washing!

Yes, Clorox-clean cottons and linens are more than snow-white or color-bright... they're hygienically clean as well... for Clorox is the most efficient germ-killer of its kind! And besides bleaching and disinfecting, Clorox deodorizes and removes stains. In addition, it's free from caustic—extra gentle on fabrics! So, to conserve linens... to protect health... use Clorox every washday!

And there's extra health protection in a CLOROX-clean home!

Laundering isn't the only way Clorox helps protect your family's health. In routine cleaning of kitchen and bathroom, Clorox deodorizes, removes stains, disinfects. And the Clorox type of disinfection is so safe and so efficient it is recommended by public health authorities. Directions on label.
