

THE RUSSIAN MASTERS of East Germany are again imposing restrictions on travel and commerce in Berlin. The map shows these plus new developments in the rail and canal system around the vulnerable city. The Reds' newest blockade is the result of West Germany's inclusion in the European Army Pact. A three-mile wide No Man's Land has been created along the East German boundary. Red police have been ordered to kill anyone found in the area without a pass.

SURGERY IN YOUR LIVING ROOM — In conjunction with the American Medical Association convention in Chicago, this major operation on the stomach of a 60-year-old man reached the homes of thousands via television. Viewers coast to coast, through a network hookup, were able to see and hear a team of surgeons perform the operation upon the ulcer damaged stomach of a patient in Wesley Memorial Hospital who was identified only as "Mr. T."

Taft Says He'll Win

WILMINGTON, Del. (AP) — Sen. Robert A. Taft said Friday he will be the Republican presidential candidate and the Democrats probably will turn to President Truman as "a last resort."

He would go into the Chicago convention with 588 votes on the first ballot. He said only "I will have enough to win."

Taft said that among the Democratic presidential candidates Truman now appears the best known and one with the "least drawbacks."

"I believe," he said, "that the Democratic delegates to Chicago next month will decide the 'solid South' is no longer all important and will nominate President Truman again."

Taft also declined any comment on reports that Pennsylvania's Gov. John S. Fine was attempting to form a bloc of Pennsylvania-Maryland-Michigan delegates to control the convention on the initial ballot.

Each of those state groups," he said, "is capable of making its own decision, and they have every right to get together."

The chairman of the Delaware delegation, Clair J. Killoran, said prior to a closed-door session Taft held with the group that he believes his delegation will enter the convention with seven for Dwight D. Eisenhower, two for Taft and three uncommitted but possibly with eight for Eisenhower and four for Taft.

BREAK FROM RED COMMISSARS—Two Communists who broke away from the main group of prisoners being transferred from Compound 77 clamber over the barb wire fence into the waiting arms of U. N. guards. More than 400 of the anti-Communist war prisoners risked their lives in a break for freedom from the fanatic Red commissars who have murdered at least 131 of their comrades on Kojave Island.
