

MARKETS and FINANCIAL

NEW YORK — The stock market followed a narrow upward course Tuesday in unusually slow trading.

A fractional range covered most changes, except for a few special situations.

Transactions for the day ran on to around 900,000 shares, compared with 960,000 on Monday.

Selected rails, steels and copper showed occasional rising tendencies, but gains were hedged somewhat in late trading.

GRAINS

CHICAGO — With all cereals on the board of trade weak, old crop soybeans tumbled for losses running to around 7 cents at times Tuesday while all wheat contracts eased into new low ground on the current crop.

The break in old crop soybeans reflected lower prices for vegetable oils in various spot markets. Lard also fell for wide losses because of this weakness. New crop soybeans were marked down, but losses were not severe.

Wheat closed 1 1/2 to 2 cents lower. July 22.28 1/2, corn 1 1/2-1 3/4 lower. July 77 3/4, rye 2 3/4-3 1/2 6 1/2 lower. JULY \$3.20-3.20, ad pound lower, July \$11.50.

USBR Marks Anniversary

As the U.S. Bureau of Reclamation celebrated its 50th anniversary today there was a quiet observance here of the 47th birthday of the bureau's Klamath Project.

The federal bureau was founded June 17, 1902, when Pres. Theodore Roosevelt signed the Reclamation Act; the bureau's Klamath Project was activated May 15, 1903.

From Washington today, the Associated Press said that the federal bureau in 50 years has put more than 6 1/2 million acres of land under irrigation and has installed about 4 1/2 million kilowatts of hydroelectric generating capacity.

In its 47 years, the Klamath Project has irrigated some 200,000 acres and is working on plans to reclaim another 300,000 acres in the Klamath area.

Until recent years, the Klamath Project was little concerned with hydroelectric development, but now plans are working toward major hydroelectric projects in the basin area.

There was no birthday celebration at Klamath Project headquarters today but E. L. Stephens, project manager, said the public had been invited to visit headquarters for conducted tours of the project.

Two New Judges Appointed

Ben J. Goddard, attorney in the Farrens - Maxwell law firm, has been appointed District Judge pro tem to serve for one day, next Friday, and Attorney George Proctor today but E. L. Stephens, project manager, said the public had been invited to visit headquarters for conducted tours of the project.

The appointments were made by Circuit Judge David R. Vandenberg.

Carter asked to be relieved during the whole month of July also, saying he would be engaged in private business during the month, but that request was disallowed.

Carter recently announced he planned to set up a collection agency business and may resign the judgeship.

Man Jailed For Non-Support

Charles P. Jacobs Jr., 41, was taken into custody at noon Tuesday by Deputy Sheriff Dal Reed on a warrant charging non-support, issued at Tillamook.

His bail was set at \$2,000 and he was placed in the County Jail. Jacobs was located at 309 Commercial.

Maine's Owen Brewster Loses Nomination Bid

By The Associated Press

The Presidential race, already in somewhat of a lull, was overshadowed Tuesday by the Maine primaries in which Sen. Owen Brewster lost his bid for Republican renomination after 30 years in public life.

Brewster, 63, was defeated by Fredrick G. Payne, on the basis of returns from all but eight of Maine's 625 precincts. Payne had a 3,000-vote margin and there were not enough votes uncounted to make up the difference.

There were presidential campaign overtones to the Maine battle — Payne is a supporter of Gen. Dwight Eisenhower, Brewster is for Ohio Sen. Robert Taft — but the issue played little part in it.

Eisenhower and Taft, top contenders for the GOP presidential nomination, were slowed down to a walk after last week's furious questing for delegate support.

Taft was in Washington, attending to his Senate duties. Eisenhower, in Denver, meets with conventional delegates from three Western states — Colorado, Wyoming and Utah.

Of Colorado's 18 delegates, 15 are for Eisenhower, two are for Taft and one is for Harold Stassen of Minnesota. First and Eisenhower's second, Hal W. Wynning, 12 are pro-Taft, two favor Eisenhower and four are uncommitted. Utah's 14 are pledged to Taft.

Eisenhower's purpose in these meetings — the same for which he attended Taft's huddled separately with a parade of delegates last week — is three-fold: Clinch your own support, shake loose the other fellow's and win over the undecided.

The Democratic hopefuls were pretty well scattered throughout the country.

Two were meeting with delegates — Georgia's Sen. Richard Russell at Casper, Wyo., and Oklahoma's Sen. Robert Kerr in South Dakota. Two others were vying in a primary for the District of Columbia's six convention votes.

Sen. Estes Kefauver of Tennessee and Mutual Security Administrator W. Averell Harriman, Kefauver was also scheduled to talk at Wilmington, Del.

Russell picked up 28 delegates Monday, all from his home-state Georgia, to run his nationwide tally to 114 1/2 in the Associated Press tabulation. He will trail Kefauver, who has the most with 246, but is ahead of Harriman, who has 85 1/2.

Taft has 464 on the Republican score sheet to Eisenhower's 302. These tallies are based on approved and conceded alignments.

The Republican convention July 7 requires 604 votes for nomination, the Democratic two weeks later needs 616.

Ship Dispute May End Soon

SAN FRANCISCO — An agreement to end the bitter jurisdictional dispute of two rival ship steward's unions, if approved by a Federal Court, was announced Tuesday.

The agreement was reached after an all-night discussion between shipowners and union representatives.

It calls for the setting up of a central registration agency for all central stewards.

Members of the independent stewards and the rival AFL union, which has been backed by the AFL-Sailors' union, would go from their halls to the central registration agency.

A spokesman for the independent union, who announced the agreement, said it would work this way: "The agreement will set up a central registration agency which the men will go from out hall and the AFL union."

"The men with seniority will get the jobs. Men eligible to sail will be the men who have sailed in the stewards' department on Pacific Maritime Association ships since Dec. 2, 1946."

The agreement was announced as the first step was taken toward possible settlement of the AFL sailors strike.

The strike has idled 73 ships — 22 in Los Angeles, 21 here, 19 in Seattle, four in Portland and seven in East and Gulf Coast ports.

The sailors demand a 5 per cent wage boost, overtime pay for Saturdays at sea and the right to Crescent City agreement with shipowners on 60-day notice.

Shipowners demand a one-year contract with a no-strike pledge.

Woman Injured, Cites Husband

Mrs. Roy Durham, 816 Oak Street was taken to Klamath Valley Hospital at 11:30 p.m. Monday for treatment of a bad cut on her leg. She was taken to the hospital by Kaler's ambulance.

City Police said she apparently was in a fight with her husband and was knocked through a door. She signed a disorderly conduct complaint against the husband.

House Trailer Throws Wheel

One house trailer was bunged up a bit, but that was apparently the extent of the damage done when a wheel came off the trailer while it was being towed near Crescent yesterday.

Driver of the car was Mr. Jennie Yast, Wood Lake, Calif. State police reported the trailer jack-knifed when the wheel dropped, raising havoc with the car's control. But neither Mrs. Yast nor her husband, Lora, in the car with her, were injured.

ITS ENGINE ADDS MUSCLE TO EVERY DROP OF GAS!

To many owners, the mighty 180 H.P. V-8 engine that powers the Chrysler New Yorker is the most remarkable feature of this remarkable car. It is certainly the most discernible automobile engine in many, many years.

This is the engine with hemispherical combustion chambers... the engine that gets more power out of every drop of gas. And non-premium gas at that!

Actually, it puts you in control of more power than you'll probably ever need use. You'll sense this... together with its unequalled response... the very first yards you drive. It runs smoother, more quietly, and with less wear than any other engine ever built into an American automobile.

... and it makes driving (both cruising and the short runs) more fun than you have ever known it to be!

But that's not all. Along with this engine there are scores of other reasons, too, for driving a New Yorker before resolving on any new car. Like Full-time Power Steering that makes steering fine times easier... and your control fine times greater... than in ordinary cars. Like Power Brakes that cut needed pedal pressure by as much as two-thirds.

Like Griflow shock absorbers that make even bad roads feel "newly paved"... restful chair-high seats... big, wide-opening doors... big windows that let you see more.

It's true... until you drive a Chrysler New Yorker you won't know what you're missing. Why not stop in today?

DENVER — Putting aside formality, Gen. Dwight D. Eisenhower opened his headquarters here Tuesday from which he will make his last round fight for the Republican presidential nomination.

The general was on the job at 8:30 a.m. with no fanfare. He carried a bulging briefcase with him from his suite to the working quarters in the Brown Palace Hotel.

"Is this the official opening?" a reporter asked. "The General grinned and said: 'No, this is just slavery.'"

Tuesday afternoon he begins his attempt to woo additional national GOP convention votes from Western states.

Eisenhower has begun work on the address he will give Saturday at Denison, Tex., his birthplace. It was understood the general will make an issue of the Texas Republican convention at which Eisenhower forces claim there was a "steal" of delegates by supporters of Sen. Robert A. Taft of Ohio.

Wednesday, Oregon and Arizona Republican leaders have been invited to talk over the issues with Eisenhower. The Oregon meeting is scheduled from 2 to 3 p.m. (MST).

Friday groups from Montana, Washington and Idaho are slated for appearances at Ike's hotel headquarters.
