

It Happened This Way in New Pine Creek

Yep! It went and done 'er! It was cold and it frosted as was feared. But at that it returned to hit this area less severely than on the west side of the lake. It's distance. One man over there said he thought his five hundred acres of grain was gone. No one, however, will know exactly until crop time. The full damage done. Wishful thinking might even say that some of the crops apparently hurt now — won't come out so bad later.

But for sure! many gardens got touched with the "chill of death" when that wily and cruel Old Jack Frost triggered his frost gun last Thursday night. It's just a little less savagely the following night. Beans and corn seemed to get it worst.

We sell seeds too! but for "an that 'n' and that!" It's better to get the sale of a whole rack of seeds than to witness so many faces regarding "right and left" and out-right disgust as both amateur and experienced gardeners repick their seeds from a spotty selection — to plant again. Many had worked so hard to get their gardens up to become "that garden in joy" — then to have come the "disasters" — "Oh! Boom! Zap! 'Twas laboring frost!"

Jimmy Cooper Jr., Forest Wood and Barbara Fisher were to have left today, Tuesday, June 17th, for the 4-H summer school at Corvallis, Oregon. But their trip was cancelled because the winning delegates computed and selected on a group activity point basis. They were unable to go Forest and Jimmy were the alternates and got the trip. "It's a break for them," betcha!

The First Baptist Vacation Bible school classes closed last Friday with a picnic on the church grounds at noon and a program in the evening at which all those attending took part. The program was nice and it was well attended by the many parents represented and numerous friends.

The teachers accountable for the success of the undertaking were Mrs. Donald Evans, Mrs. Howard Wells, Mrs. Eugene Barrow, Mrs. Jim St. Clair, Mrs. Roy Partin, Miss Becky Lou St. Clair and Rev. Eugene Barrow. The helpers were Mrs. Raymond Cook, Mrs. Earl Nidiver, Miss Virginia Ayault, Miss Joan Carter and Miss Barbara St. Clair. The literature for class instruction ranged in grades as follows: cradle roll, beginners, primary, junior and intermediate. Rev. Barrow is conducting Vacation Bible School at Willow Ranch this week and he reports a very good attendance. The McGilvray of Redding are up doing some work on the Blackhawk quicksilver mine just south of the old Pleasant place eight or nine miles south of here. This mine has not been open since for the past several years but since quicksilver has reached \$200 per flask (76 lbs.) Mr. McGilvray feels that the mine can be operated profitably.

He is going to open it up with a bull-dozer and make preparations to move in modern equipment later. He has recently sold his other quicksilver mine down on the Feather River where the purchasing operators have been employing 35 or more men per shift and running two shifts.

At present the McGilvray are camped at the mine but later they plan to build a cottage there and make it their home. This will come when they have disposed of either business interests in Redding. He has a large auto-wrecking establishment there and operates logging trucks.

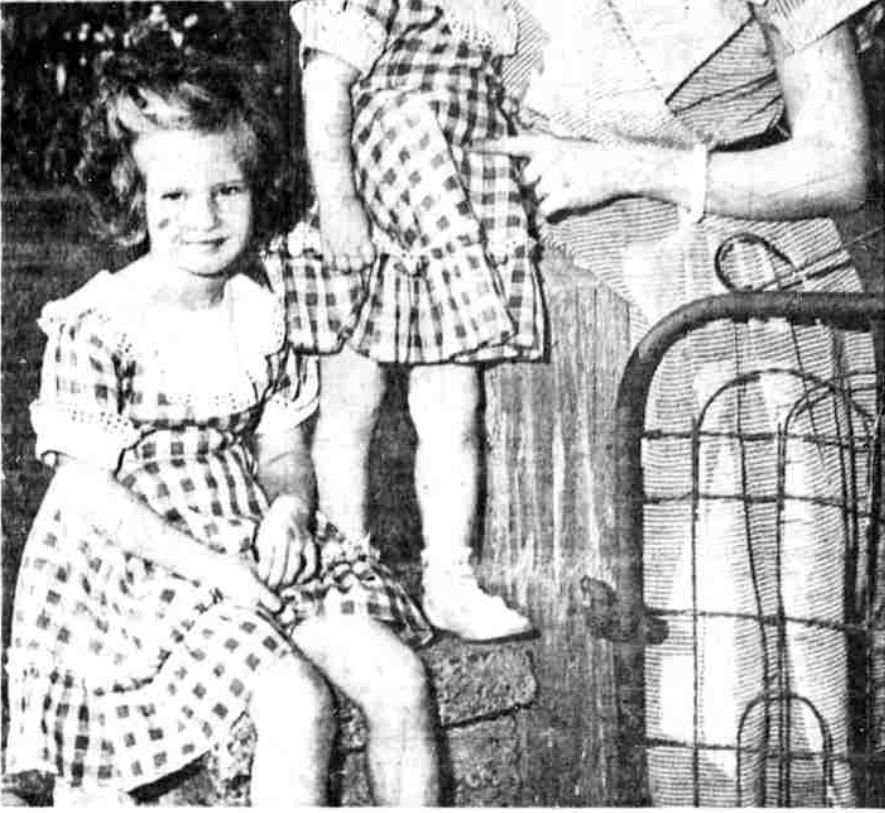

Mr. and Mrs. W. L. Blunt have received word that their daughter, Mrs. William McKenna, was married June 16, in San Francisco, to Mr. Richard E. Hayman, vice president of the Wells-Fargo bank of that city. The newlyweds will spend a two-week honeymoon in Canada — at Lake Louise and other scenic spots, traveling mostly by plane. They were to have left shortly after the wedding for Lake Louise.

Mr. Ralph Alexander and family of Irvington, California, arrived last Saturday evening to spend a few days visiting with his wife's parents, Mr. and Mrs. Clyde Coburn, before continuing on to Lebanon, Ore. There they will visit with Mr. and Mrs. Eddie Croston, his wife's sister and family.

KENO

By MRS. JOE DE GRANDE
Mr. and Mrs. Jim Moffett, In-foll, Alberta, Canada, while recently touring the Northwest visited Mr. and Mrs. Wilburn Ward. Mrs. Moffett is a niece of Mrs. Dorothy Blunt. The latter is having new dentures but before you get new ones, you have to get shed of the old ones—that's the bug in the ointment. That can be no fun nor was it! The extraction has left her terribly weak with periodic hemorrhaging at the mouth. So Mrs. Means will stay and see her mother through the ordeal—to help with the house work.

Mr. and Mrs. Frank Pecoraro and children motored to Grant's Pass over the weekend. They visited with Mrs. Pecoraro's parents, Mr. and Mrs. Ben Platt.

Mr. and Mrs. Wilburn Ward and son Allen just returned from a vacation trip to Bodega Bay where they fished for Chinook salmon; they caught nineteen.

They visited the Rev. and Mrs. V. W. Anglin, Fortuna, Calif. The Wards also motored to Eugene to visit their daughter Patricia Ward, a junior at the University of Oregon. They visited a niece Mrs. Daryl Sruvas and cousins, Mr. and Mrs. Clark Livingston, Portland. They traveled the new scenic route following the Columbia River to Mount Hood and returned on the Mt. Hood Loop Highway.

Mrs. Vester Wilburn has recovered from a case of measles.

Shirley and Wayne Dow, Rogue River, are spending a week with the Charles Attaberres in Keno.

Mrs. Vela Cooper and children have left for a vacation to visit relatives and friends in Oakland.

Mrs. Doris Green and son Franklin were visiting friends in Keno and are now on their way to Medford where Mrs. Green expects to find employment.

over the past weekend with Mrs. Rigg's mother and father, Mr. and Mrs. J. W. Horr at Adin, Calif. On their way home they stopped at the Alturas hospital and visited with Mrs. Flora Hammerly who is convalescing there. She seems to be some better than she was but the nature of her ailment which has somewhat mystified the physicians, has left her very weak and she has lost much weight.

The shower committee for Mrs. Patricia Mulvey's shower written up last week informs me that I got my plugs in the wrong holes or the wires in the wrong plugs as to the names of those who served on the committee. So herewith I'm going to try an' rewrite that story.

The corrected committee is as follows: Mrs. Darlene Baidler, Mrs. Amy Cloud, Mrs. Maude Butler, Mrs. Velma Newcomb, Miss Anna Mae Fisher, Miss Leeta Perry and Miss Beverly Vincent.

REFLECTIONS FROM

WHEN FAY PICKETT—visited with her two young daughters — Marcia and Maureen—at her parents' home—the Carl Heinesters — 517 Eldorado — that establishment was like an excited beehive!—Now all is quiet — TOO QUIET!—Fay and John are living in Coquille, and their friends here — and we hope there—are hoping to know him as the next Coos County District Attorney—He's the GOP candidate—While his frau was in town—she was the inspiration for a series of bridge parties, luncheons and dinners—And just "plain seeing old friends" kept her jumping.

THE CLAYTON ADAMS — who were visiting the Walter Beanes, Pacific Terrace, with their adorable daughter—Marcia Bea — left for the 15th—with papa Adams packing orders to report for his physical in the navy—the 21st is the date "he won't be late because from what we hear he likes it—was in once before for five years—one and half of them after he and Barbara Beane were married—Anyway—they had fun with Barbara's parents and friends and

fishin' while they were here.

FROM FORD—KANSAS—came Sybil Fowler (Mrs. Clarence) to visit her mother—Mrs. Doris Stone on Fargo — (and family) So one of our recent GOOD days found her and her mother and 4 other sisters at Collier Park for a picnic—Bee Book (Mrs. N. MAE ANDERSON—and daughter Helen Goeckner took off with Helen's sprouts—Kent and Thirza on an extended trip to augment the young one's geography lessons

THE RODEO GALS ARE—well you know they're—well all of 'em 'r—well it's hard to express—because EACH AND EVERY ONE of them is so cute—and nice—and vivaciously charming—that I wish they could ALL be QUEEN tonight—that's what I wish! And I'll put in the record now—that I do thank the Yacht Club and Reames for their wonderful hospitality to the "gals"—since they are the only two organizations I actually contacted to fete them.

SAW ESTHER LAWLER DILL-WORTH—get off the plane last Monday—and she left by plane yesterday—A number of intimate dinners and get-togethers filled her busy days—and she of course was present at the Soroptimist luncheon meeting Thursday—and speaking of Soroptimists—among the many worthwhile "good deeds" with which they are identified—is the nursing scholarship awarded to some outstanding girl each year—and this year Mary Jo Meehan was the deserving gal to receive it.
