

Senate Group Okays Steel Seizure Plans

WASHINGTON (AP)—The Senate Labor Committee approved Tuesday the Humphrey bill to permit President Truman to seize the strike-paralyzed steel industry.

Along with this measure, sponsored by Sen. Humphrey (D-Minn.), the group also approved a broader bill. Proposed by Sen. Morse (R-Ore.) it would allow the President to seize any defense vital industry subject to congressional veto to avert a strike.

Senate Beats Tariff Bill

WASHINGTON (AP)—The Senate Tuesday defeated by a 49 to 32 vote a bill to place a temporary three-cent-a-pound tariff on imports of fresh and frozen tuna.

The House passed the measure last October.

Aimed at big imports from Japan and Peru, the bill was described by its sponsors as necessary to revive a stricken West Coast fishing industry.

About 2,000 persons connected with the industry are opposed to the measure's sponsors said.

Sponsors believe the bill would run East Coast canneries.

The State Department also got into the argument with a letter to senators on the Foreign Relations Committee stating that the tariff might harm American relations with Japan.

Japan regards the proposed tariff duty as a part of American trade policy, now that the peace treaty has been ratified, the department's letter said.
