

WILLIAM L. ABBEY, 24, of Klamath Falls, Oregon is shown above being congratulated by his brother, Lt. Howard Abbey (right), and his uncle, Colonel Walter W. Abbey shortly after he was sworn in as a candidate for Officers School. William became the fifth and the last of the current Abbeyes to join the Army. A brother, Lt. Bob Abbey and a cousin, Master Sergeant Richard Abbey were unable to attend the ceremony.

Camp Fire Girls to Open Season At Lake O' Woods

Camp Fire Girls will open their camping season at Camp Esther Applegate at Lake O' Woods, July 12. This year there will be three sessions, one week each, running until Aug. 2. The last week is open to Blue Birds but Camp Fire Girls may register for either or both of the first two weeks. Out-of-county and non-members may register by paying a small additional fee. The Camp Fire Office reports registrations began coming in early this year and wishes to remind girls intending to go that an early registration is necessary in order to get a choice of weeks as the number of girls per week is limited.

Lattimore Tip To Get Study

SEATTLE (AP) — The Seattle Times said today it had learned from "unimpeachable sources" that a Seattle man faked the publicized false report that Owen Lattimore was planning a trip to the Iron Curtain country. The FBI has determined the report was a fabrication, the Times said. Earlier, however, as a result of it, the State Department ordered customs officials not to permit the Johns Hopkins University professor to leave this country. The Times said the Seattle man was not identified, nor was his motive known. The newspaper quoted a federal official connected with the case as saying: "God knows why he did it. He had no idea that it would get the publicity it did." It was learned, the Times said, that the man gave the false information to the Central Intelligence Agency headquarters here. The information was eventually relayed to the State Department.

House Okays Humboldt Bill

WASHINGTON (AP) — The House passed and sent to the Senate Tuesday a bill to authorize a \$406,500 project for deepening channels in Humboldt Bay in Northern California. The plan includes dredging the entrance channel to 40 feet, widening it to 1,600 feet at the seaward end, and deepening the channels in North Bay to Eureka and Samoa. The bill would provide no money.

Huge Reserve Of Gas in BC

WASHINGTON (AP) — The Peace River area of British Columbia and Alberta, from which Westcoast Transmission Company proposes to pipe gas into the Pacific Northwest, has natural gas reserves totaling nearly two trillion cubic feet, a Louisiana engineer testified at a power commission hearing Tuesday. W. C. Spooner of Shreveport, La., said the overall area contains roughly 15,350,000 acres of which 10,600,000 are in Alberta and the remainder in British Columbia. Most of the area's proven reserves, however, lie in British Columbia where, Spooner testified, four fields have in excess of a trillion cubic feet of gas. Thirteen fields in Alberta have proven reserves of 975 billion cubic feet. Westcoast, one of five applicants seeking commission authority to serve Pacific Northwest markets, has said it would meet more than half its market demands from the British Columbia fields where there are no restrictions against export. In addition, it has limited authority from Alberta to export 42 billion cubic feet yearly for a five-year period.

CHOKED with GAS?

THANK HEAVENS! Most attacks are just acid indigestion. When it strikes, take Bell's tablets. They contain the fastest-acting medicine known to doctors for the relief of heartburn, gas and similar distress. 25¢.
