

MacArthur Rips Administration In Keynote Speech

By WARREN ROGERS JR.
CHICAGO (AP)—Old Soldier Douglas MacArthur, amid a cascade of applause, blistered the Democrats as a blundering "war party" and rallied yelling Republicans Monday night to a "crusade" to rout them from office.

The five-star general's keynote address, knifed through the strife stirred by the Taft-Eisenhower battle for presidential nomination.

It united the packed convention hall in a standing ovation as it sharply attacked the Truman administration's policies.

The 57-minute speech, punctuated 73 times by handclapping and roars, formally plotted a non-partisan course in the nomination battle between Gen. Dwight D. Eisenhower and Sen. Robert A. Taft.

MacArthur, who backs Taft and who has been mentioned a possible vice-presidential running mate for the Ohioan, said:

They included these:

1. The Democratic party has a noble heritage but has been captured by schemers leading the country toward "the socialistic regimentation of a totalitarian state."

2. The Republicans must enlist all kinds of Americans who are "desperate for a plan which will revive hope," to win the November election.

MacArthur named neither Taft nor Eisenhower. But he hit at the administration's policy of Communist containment, which Eisenhower supports, and called for more air power, a Taft objective.

Comments on the speech ran to adjectives like "wonderful" and "dramatic" and "thoughtful."

MacArthur said Truman's claim of inherent powers—which the Supreme Court held was unfounded in the steel industry seizure—was fictitious.

The administration's foreign policy, he said, "practically invited Soviet dominance over the free peoples of Eastern Europe."

This came about, he said, by withdrawal of troops, yielding of control over atomic materials—deposits, dismantling of German industrial plants and allowing shipments of war goods to the Soviet.

In the East, MacArthur said, the United States "proceeded with precipitate haste to divest ourselves of our own military strength."

This policy caused the loss to

Communism of China, North Korea and the Kuriles, he said.

MacArthur's emotion packed words lashed particularly at what he called the lack of the traditional will-to-win in Korea.

"Korea stands today as the balanced graveyard for countless American dead," he said.

"We must not let it become as well a graveyard for American hope, American faith and American honor."

Judge Asks Interpretation

SEATTLE (AP)—U. S. District Judge William J. Lindberg said Monday he would ask the Railway Adjustment Board in Washington, D. C., for an interpretation of a contract between the Brotherhood of Railway Trainmen and the Northern Pacific Railway.

The judge said the interpretation was necessary in the light of new amendments to the Railway Labor Act. The amendments permit a union with collective bargaining rights to insist upon dismissal of employees belonging to the unions

of only regional scope.

The action came in connection with a suit brought against the railroad by a new union, the United Railroad Operating Crafts, which asserts three of its members were dismissed by the road at the insistence of the Brotherhood. The new union maintains it has national scope.

A temporary injunction, granted earlier by Judge Lindberg, reinstated the men.

More Eloquent Than Words!

It is true, of course, that a Cadillac owner is proud of everything about his motor car.

But it is also true that he reserves a special place in his heart for the beautiful crest that rides high on the hood.

For here, as only he can fully appreciate, is one of the most wonderful and unique symbols in all the world of manufactured products.

In fact, it seems safe to say that no other mark of identification speaks so clearly or so eloquently of the product that bears it... and of the man who owns it.

It tells, for instance, of magnificent engineering and inspired design—and of experienced craftsmanship and painstaking construction.

It promises mile after mile of superlative motoring enjoyment—and it foretells year after year of dependable and enduring performance.

It proclaims, in short, the Cadillac pledge of quality—that here is an automobile built to the highest standards it is practical to enforce in the production of a motor car.

And, oh, the wonderful things it says about the man behind the wheel!

It reveals, more surely than if the words were spoken, that he is a man of position and achievement in his own private world of affairs.

It attests to the high regard he places on the safety and the comfort of his fellow passengers.

And it says, with unmistakable clarity, that he is a person of discernment and good taste.

Little wonder that the man who owns a Cadillac takes special pride in the beautiful crest that identifies it and adorns it.

* * *

The Cadillac crest tells its most eloquent story when it adorns the magnificent car illustrated above. For here is the illustrious eight-passenger Cadillac "75"—so luxurious, spacious and distinguished that it stands alone among the world's motor cars.
