Evergreen Garden Club
Evergreen Garden Club met at Altamont Junior High Monday evening, July 7, with seventeen members present. Alma Garrison presided in her position as the newly elected president.
Iris held the spotlight for the evening, with a round table discussion, in which Mrs. Lloyd Seely led the discussion on arrangement of iris in the garden, with particular emphasis on color coordination. She was assisted by Mrs. Matthew DeFatti, who discussed the culture and diseases of iris. It was particularly pointed out that iris should be planted between now and August, as at that time the buds are beginning to form.
If they are planted later than August the buds may be disturbed and they may not bloom the following year. Mrs. Fred Dalton centered her discussion on the use of iris as a cut flower in arrangements for the home.
Evergreen Garden Club is at the present time making tentative plans for a specimen iris bed at Ward Park where named varieties of iris will be on display for the public. Inasmuch as no place is prepared at this time for placing the iris, Mrs. Alma Uppendahl has offered the use of her garden for temporary planting.
Mrs. Ray Garrison, Mrs. Joe Cox and Mrs. Clark Kendall gave a report on the State Convention of Garden Clubs of Oregon which they attended in Portland the early part of June.
Refreshments were served by Olga Alexander and Lillian Kamradt.
A sale of a few perennial flowers was held, with Alma Uppendahl in charge.
