

### Threaten to Bolt Democratic Convention

History may repeat itself at the Democratic convention as southern states led by Gov. Byrnes, of South Carolina, threaten to bolt the party if northern factions insist on including the civil rights issue in the party platform. The "Dixie" states with 128 electoral votes are a vital factor (266 votes needed to win) if the Democrats plan to remain in the White House after the November elections.

### Nine Take Swim Course

LAKEVIEW—Nine persons are enrolled this week in the senior life saving course at the municipal pool with pool manager, Stanley Tooke, as the instructor, assisted by Duke Stewart. Some are taking the course for the first time and others are taking it as a refresher course in order to be eligible for the water safety course next week. The water safety course will be offered next week (July 14-18) with Carl A. Ross, regional water safety director for the American Red Cross as instructor. This part of the Red Cross water safety program being conducted throughout the country. Persons holding senior life saving certificates are eligible.

Those taking the senior life saving course this week are Mrs. Margaret Kucera, Ernie Bergstrom, Duke Stewart, Anne Barry, Joyce Orstein, Frank Turner, Janet Morris, Max Larson and Jo Barry.

Tooke urged that all eligible persons take the water safety course, and registration should be made this week at the pool so the schedule can be arranged. Remaining lessons are continuing at the pool on a revised schedule. All persons taking the course will be rated this week, and those who qualify as advanced or intermediate swimmers will not be given further instruction this year. Lessons will continue for about another week, Tooke said, for those who started late or who do not qualify for at least intermediate rating.

### 'Whiskerino' Set for July 18

LAKEVIEW—July 18 is the starting time for the Lions Club "Whiskerino" which has been launched at the request of Round-Up Pres. Wall Leehmann Jr. to help spread interest in the Roundup.

The Lions, through a kangaroo court, will use the whiskerino as a means to pay off part of the club's debt on the swimming pool. The debt is around \$500, and money toward this will be raised by the kangaroo court in fines for lack of facial adornment.

In this deal, the men are being asked by the Lions to raise chin hair and also to wear western garb. Women are being asked to wear gingham or other western loggery.

**FRESHMAN STAR**  
TUSCALOOSA, Ala. (AP)—Freshman Dick Hearn is one of the University of Alabama's top prospects in baseball and basketball. The six feet-three inch, 190 pound athlete was a double figure scorer with the Crimson Tide's freshman cage squad and led the varsity baseball team in home runs and runs batted in this season.

### 'Talking Can' To Visit Here

"Canco Charlie" is coming to Klamath Falls tomorrow. He's literally a "tin-can man," but his advance publicity says he walks, talks and whistles at pretty girls as heartily as the next fellow. Cancoco Charlie is an electronically controlled robot—mechanical man—built to the exact scale of a No. 2 fruit can. Charlie is to extend an invitation to Mayor Bob Thompson to attend the American Can Company's Portland fiber milk container plant opening Aug. 17. The plant is to be the first complete milk-container manufacturing plant in the Northwest.

Charlie is to ride in to Klamath aboard a 28-foot trailer, big enough to allow him to walk in and out despite his 11-foot, two-inch waistline.

Within that girl is housed the electronic equipment that allows Charlie to walk, talk and roll his eyes—and even turn his head as he talks. Among other things, Charlie is to point out to the Klamath people the importance of local milk production. Klamath county, he electromechanically reports, ships 5,000,000 (M) quarts of whole milk to market annually.

### New Twist; Fish Theft

LAKEVIEW—About 70 of the 50,000 trout which were recently planted in Lake County streams and lakes will never be taken by sportsmen. Some thieves got the 70, and without benefit of hook and line.

State Patrolman Jesse Jones reported that a fish trap on Deep Creek was robbed last weekend. Someone had waded into the stream to the trap, lifted the cover and took out the trout.

The fish, 12 to 14 inches in size, had been planted in several streams and lakes. In planting Deep Creek, the game commission crew had placed some in a trap in order to observe survival. Jones explained that sometimes stream conditions cause loss of planted fish, so at times some of the plant are placed in a trap in order to save and study fish which die from some cause.

In the Deep Creek trap, 13 had died, the officer said and the remainder were still being held for observation when the thieves took over.

### Lakeview Names Board Chairman

LAKEVIEW—At a special meeting of the School District 7 (Lakeview) directors on Monday, June 30, Ray Harlan was elected chairman of the board for the year 1952-53 and a contract for remodeling work at the high school was awarded to Brosterhouse Construction Company, Klamath Falls.

A. J. Callaghan was named vice-chairman of the board for the new school year. Other members are W. P. Wilbur, E. J. Mocabee and John Buell. Mocabee was chairman the past year.

The Brosterhouse bid, only one submitted, was for \$13,850 to remodel, expand and improve the homelike and science rooms at the high school. The sub-contract on electrical work and plumbing is held by Lakeview Plumbing and Heating Company, Lakeview. Work on the remodeling project has already started.

If very small particles are suspended in a liquid, they can be observed to make small movements, believed to be caused by molecular motion in the liquid, which continue indefinitely.

**SALVAGING A SEA DRAGON**—Yanked from the sea bottom after seven years, the Japanese suicide submarine, Kairyu (Sea Dragon), dangles from a salvage ship's crane off Yokohama, Japan. Suicide subs, 60 feet long, carried two-man crews and a six-foot nose full of explosive powder. Center was a 25-foot storage battery space and filling seven feet of the stern was the craft's engine.

### Driving Skill To Be Tested

Somewhere among Klamath's younger set is the community's most skilled teen-age driver. And he (or she) is to be selected July 20 when the Klamath Falls Junior Chamber of Commerce presents 1952 Road-o.

Applications are available now at the Chamber of Commerce office, and must be completed and returned by deadline tomorrow, according to Jaycee Pres. Gail Osborn.

Winner of the local contest will receive an all-expenses-paid trip to Portland to compete there in the state contest. Sponsors of the National Road-o are the Jaycees and the Liberty Mutual Insurance Company.

The competition is to include contests in parking, driving in traffic, Osborn said the Jaycees will supervise both local and state contests, knowledge of traffic laws, and several other points in safe driving.

Teen-agers who have been guilty of a "moving" violation (other than parking tickets, etc.) within the past six months will not be eligible to participate. Otherwise, Osborn reported, all licensed driving teen-agers are eligible and are urged to enter the Road-o.

The written examination is to be held Wednesday, 7 p.m., at KUHHS. The top 25 contestants in the written exam will take part in the actual driving contest.

The "finals"—the actual driving—is slated for next Sunday at 8th and Pine Streets. A first place cup is also to be presented to the local winner, Osborn reported, the second place winner will receive a \$25 defense bond and a cup, and the third place is to receive a cup.

Deadline for applications is tomorrow at the Chamber of Commerce at 5 p.m.

Brass is an alloy of copper and zinc; bronze, an alloy of copper and tin.

### Large Crowd Hears Rites

LAKEVIEW—The sincere regard in which he was held was indicated by the large group of out-of-town and local friends who gathered for the funeral of Patrick Joseph Lynch who died Friday evening, July 4, as the result of an automobile accident near Paisley. Funeral mass was held at 10 Tuesday morning at St. Patrick's Church with the Rev. James O'Connor officiating. Altar boys were Phillip and James Lynch. Also present for the mass were the Rev. J. J. Casey, Klamath Falls, the Rev. John Phelan, Merrill, the Rev. Martin Quigley, The Dalles, the Rev. P. J. Lunham, Lakeview, and the Rev. Matthew Grotty, Chancellor of the Diocese, Baker City. Services at the graveside were conducted by Father O'Connor with the assistance of Father Lunham and Father Quigley.

The Rosary was said on Monday evening by Father Lunham at the Ousley-Osterman parlors.

The tragic accident occurred Friday evening about six when the car in which Lynch was riding, driven by Michael Walsh, left the road and overturned several times in front of the Elder ranch south of Paisley. Both men were brought to the Lakeview hospital where Lynch died very shortly after receiving the last rites of the Catholic Church. They had been visiting at the home of Mr. and Mrs. Jack Lynch in Summer Lake and were returning to Lakeview.

Many people in this vicinity will remember the father of the deceased, who still survives in Ireland. Thomas Lynch was one of the pioneers in the sheep industry in Lake County. The remainder of the surviving family are all residents
