## FBI Agent Killed In Gun Battle

**NEW YORK**—An FBI agent was shot to death Saturday in a running gun battle in which bank robber Gerhardt W. Puff was wounded and captured.

Agent Joseph Brock died about 40 minutes after he and the other agents shot it out with Puff in front of the Congress Hotel, just off Central Park on West 65th street.

A woman companion of Puff also was captured.

Police said Puff was wounded to the leg.

Puff and the woman had registered at the hotel as man and wife. There were reports that another woman companion of the bank robber had escaped.

Puff was one of the nation's 10 most wanted criminals and the alleged confederate of another of the top 10, George Arthur Heroux, 22, captured Friday at Miami, Fla. Heroux also was wanted on bank robbery charges.

Police said at least a dozen shots were fired in the street battle. One agent's gun was reported missing after the fight.

Puff and the woman companion captured had registered at the hotel as "Mr. and Mrs. Burn". The woman's identity was not learned immediately.

**TOMMY DUNCAN** (above), famed Western singer, is to be at the Red Barn in Dorris tonight with Tex Marshall and his Radio Ranchhands. Both Duncan and the Radio Ranchhands are well known radio and recording stars. They will make a personal appearance over KFLW at 7 p.m. today.

## Stevenson Wins

(Continued from Page One.)

Tennessee and Richard Russell of Georgia—went before the wildly cheering convention to capitulate.

**STOOD BY**  
Both stood by, waiting to speak, during the roll call on the third and final ballot. Kefauver had led the first and second, with Russell third behind Stevenson. But after a dinner recess, the die was cast.

The two-hour break gave party leaders—including President Truman who had flown in—a chance to get their heads together. Averell Harriman dropped out of the race, releasing New York's big delegation, and that was that.

New York and then Massachusetts, freed by Gov. Paul Dever, went to Stevenson. At the end of the roll call he had rolled up 613 votes—just 2 1/2 short of the necessary majority. Then Utah switched and put him over the top.

Stevenson picked a running mate Saturday to help him "talk sense to the American people" in the campaign to keep the presidency in Democratic hands.

The No. 2 place was to go to Sen. John Sparkman of Alabama. Aides said this choice was in line with the governor's determination to have a Southerner "to strengthen me and our party immeasurably in the hard, implacable work that lies ahead for all of us."

## Texans Vote On Successor

**DALLAS, Texas**—Texans voted Saturday in a Democratic primary election on a successor to Sen. Tom Connally and to fill state offices from the governorship on down.

Also at stake are 12 seats in the U.S. House of Representatives.

Only a little more than half of the 2,337,618 qualified voters are expected to turn out.

"More than a million votes" was the forecast by Bob Johnson, manager of the Texas election bureau which tabulates the unofficial returns.

Nomination in a Democratic primary is the equivalent of election in Texas. There will be a run-off primary Aug. 23 for offices where no candidate polls more than half the vote cast in the first primary.

## Eisenhower Quiet On Stevenson

**DENVER**—Gen. Dwight D. Eisenhower deferred comment Saturday on nomination of Gov. Adlai Stevenson of Illinois as the Democratic presidential nominee—and on President Truman's fighting speech blasting the Republicans.

Campaign headquarters of the general, the GOP presidential candidate, indicated he might have something to say after the Democratic National Convention nominates a Stevenson running mate.

Eisenhower, vacationing about 70 miles west of here in the Colorado Rockies, listened over the radio Friday to the early balloting in Chicago on selection of a Democratic standard bearer.

There was no inclination in the Eisenhower camp to look for anything but a difficult campaign against Stevenson.

Eisenhower and his Vice-presidential running mate, Sen. Richard M. Nixon of California, will meet Sunday to chart campaign strategy for the fight against the Democratic ticket. They will confer at the general's vacation cabin near Fraser, Colo.

The general will end his 10 day vacation after the conference with Nixon, and will return to Denver with the Californian.

## MARKETS and FINANCE

### WESTERN PINE

**PORTLAND**—Western pine business took an upturn last week, although continuing to run behind the pace of last year.

The Western Pine Association reported these board feet figures from Western mills:

Orders 69,949,000 last week; 60,713,000 previous week; \$2,924,000 year ago. Shipments 68,360,000; \$4,839,000; 72,354,000. Production 76,758,000; \$6,994,000; 77,719,000.
---

### GRAINS

**CHICAGO**—Grains generally moved upward throughout the session on the board of trade Saturday. The advance set in shortly after a mixed opening.

Diminished hedging pressure in major cereals, a reflection of reduced receipts of cash grain at major terminals, helped the market. There was more speculative buying in wheat and corn. Soybeans were wanted because of the continued strong demand for soybean meal.

Wheat closed 1/4 to 1 cent higher, September \$2.34 1/4. Corn 1 1/2 to 2 1/2 higher, September \$1.79 1/2. Oats 1/2 to 3/4 higher, September 81 1/2. Rye 1 1/2 to 2 1/4 higher, September \$2.08 1/2. Soybeans 2 1/4 to 3 cents and lard 13 to 18 cents a hundred pounds higher, September \$11.95.

### LIVESTOCK

**CHICAGO**—Hog prices scored a strong advance this week while cattle slumped and sheep broke sharply.

Barrows and gilts gained \$1.25 to \$2.00 while sows were ahead \$1.25 to \$1.50. Supply was the smallest since the week ended Oct. 14, 1950. Top of \$24.50 paid since February, 1951.

The cattle market was under pressure most of the time, but at least in part to the lower trend of beef prices in wholesale markets.

Prices of high choice and prime heavy beefs dropped to the lowest levels of the year. Utility and commercial cows were at their lows since late 1950 and bulls at a bottom since the autumn of 1950.

Stagish and unevenly lower eastern dressed lamb markets erased anything like normal springing demand in the sheep and lamb pens. Prime native spring lambs lost \$1.00 to \$1.50.
