FLYING SAUCER . . . —With countless "Flying Saucer" reports popping up across the nation, Alan C. Dumas, 22, of Culver City, Calif., comes forth with the above photo of a "saucer" he claims to have seen over a year ago. "It looked like two straw hats stuck together with a dome on top and bottom," reports Dumas.

Army Colonel's Wife Charged

WIESBADEN, Germany (AP) — Mrs. Katherine Reed, 44, wife of a U.S. Air Force colonel, was convicted Wednesday on five black market charges and fined a total of \$3,982.

She was accused of selling coffee and gasoline coupons and making illegal currency exchanges on the German black market. U.S. Judge DeWitt White set her bail at \$1,000 pending payment of her fine or an appeal.

The defendant was found innocent of two other charges of importing coffee for re-sale and buying military script for American dollars.

She was permitted two days to raise bail, and meanwhile was placed in custody of her defense counsel, Earl Smith.

After the sentence was pronounced, Mrs. Reed whispered that she understood the court. She sat down then, chewing nervously on a bobby pin.

White offered her the alternative of serving time in jail instead of paying the fine—at the rate of one day per 15 dollars fine. He gave her up to 30 days to pay the fine. White said he felt a deep personal regret to see a fellow American convicted of black market but added: "No American can justly rationalize such acts."

Mrs. Reed, wife of Col. Allen W. Reed, formerly of Fairfield, Ia., stood with her head high before the judge as the verdict was read. Assistant U.S. Attorney Jerome Silverstein of Nankin, N. H., asked the court to impose a jail sentence on the dark-haired defendant, saying she "has richly earned it."

Her counsel urged the court "not to take this woman from her family—it would serve no good to incarcerate her."

Fire Razes Oil Co. Docks

KETCHIKAN, Alaska (AP) — A fast-spreading fire destroyed big pier and warehouses of the Standard Oil Company of California Wednesday with loss estimated at nearly \$450,000.

Firemen saved large oil storage tanks near the waterfront terminal, and controlled the blaze shortly before noon.

The loss estimate was made by the Ketchikan Chronicle, based on reports from firemen. The newspaper reported about a million gallons of Petroleum products were destroyed.

Burning oil spread on the water and washed under the nearby Union Oil Company pier at height of the fire, but the blaze was restricted to the Standard Oil terminal.

Hopes High In Mill Strike

ROSEBURG (AP) — Company and union officials hoped Wednesday for settlement of a labor dispute which has closed the Fir Manufacturing Co. plywood plant at Myrtle Creek since Thursday.

The dispute, which has left 350 members of the AFL Lumber and Sawmill Workers Union idle, centers around patch cutting operations. Patch cutters remove knots and replace them with pieces of wood.

It climaxed a long series of differences over working conditions. Union officials claimed a lockout, while company officials described the shutdown as a walkout. The plant is operated by the Umpqua Plywood Corp.

Fir Manufacturing Co. also has a mill and logging operations at Myrtle Creek, 20 miles south of here. Both these continued in operations.

KIDNEYS MUST REMOVE EXCESS WASTE

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health.
