

Eisenhower, Stevenson Keeping Tight Control Of Campaign Plans; Ike Says He Will Make Wide Visits Over Nation

By The Associated Press
Gen. Adlai Stevenson and Gen. Dwight D. Eisenhower have indicated they plan to keep a strong grip on the direction of their campaigns for the presidency.

Gov. Stevenson, the Democratic presidential nominee, disclosed Friday his campaign headquarters will be moved from Washington to Springfield, Ill. He named Wilson Wright of Louisville, Ky., as his personal campaign manager.

Gen. Eisenhower, the Republican nominee, told reporters at Denver that "there can be no boss of this campaign" other than Eisenhower himself. He said the advice of political advisers will be taken into consideration but the final responsibility is his.

Wyatt said all elements of the

campaign "will be coordinated with Gov. Stevenson." He explained that this doesn't mean the Democratic National Committee will play a lesser role in the campaign. "It will be a different one," he said.

Frank E. McKinney told reporters in Kansas City he did not care to remain as Democratic National Committee chairman. He said he would discuss party affairs with Gov. Stevenson in about a week. The presidential nominee traditionally chooses the man he wants for this post.

In Kansas City, President Truman left it clear that Democratic campaign strategy is up to Stevenson. The President is willing and ready to stump the country. But he is waiting for the Illinois gov-

ernor to give the word.

Gen. Eisenhower promised a fighting campaign starting about Sept. 1. Eisenhower said he and his running mate, Sen. Richard M. Nixon of California, will go into "all the nooks and crannies in the United States."

The Republican candidate said he believes development of a sound program for world peace over-rides all the issues of the presidential campaign. He made this reply when asked to comment on a statement by Gov. Stevenson that foreign policy is the principal issue.

Eisenhower and Nixon conferred with professional and amateur campaign strategists Friday. Afterwards Nixon praised Eisenhower for having done "a beautiful job of assuring harmony" between the groups.

Arthur E. Summerfield, the new chairman of the Republican National Committee, told reporters the conference dealt largely with plans for continuing the national Citizens for Eisenhower Commit-

Steel Industry Resumes Schedule; Inflationary Spiral Zooming Upward

By RICHARD FISKE
NEW YORK (AP)—Industry made a good start toward rapid recovery from the crippling steel strike this week.

And with the recovery came indications of a new inflationary spiral.

There will be some faltering before the steel-consuming industries recuperate completely.

There will be some plant shut-downs and some unemployment before the steel supply gets back to normal.

Expansion plans of many industries may be slowed before the year is out.

But everyone is off to a good start.

Defense Production Administration officials said some gloomy predictions during the week regarding the strike's impact on defense expansion programs, civilian production and employment.

In the next few months, he said, he expected an undetermined number of workers will feel the lack of steel and steel components but it was impossible to determine where or where unemployment might strike.

For instance, Fowler said the electric power industry's expansion goal will not be achieved this year and oil refinery expansion plans and pipeline construction may be set back "approximately one-quarter."

Air Merger Deal Ended

SEATTLE (AP)—The \$500,000 merger of Empire Airlines and West Coast Airlines has been completed, WCA headquarters here said Friday, giving the Pacific Northwest a 2,000-mile feeder service connecting 43 cities.

The Civil Aeronautics Board approved the merger, in which West Coast acquired Empire's stock for one-half million dollars, over a two-year period. The new line will operate as West Coast Airlines and will serve Washington, Oregon and Idaho.

In making the formal announcement that the two lines had been joined, H. A. Hunter, executive vice president of WCA, said in Lewiston, Idaho, Friday that 500 miles of new connecting routes will be added.

The new routes will be (1) Seattle, Ellensburg, Yakima, Pasco, Walla Walla; (2) Portland, Yakima, Wenatchee, Ephrata, Moses Lake, Spokane, Coeur d'Alene, Yakima, Wenatchee, Ellensburg and Ephrata-Moses Lake have not before had feeder air service.

There were many indications a new inflationary spiral might be in the wind.

Price Stabilizer Board predicted the new steel price boost will cost the average American family about \$100 a year in higher prices.

Many economists believed the cost of living, which reached a new high recently, might advance a little farther.

The government made a spot check near the week end and estimated retail food prices hit an all-time high during the two weeks ended July 15.

Dun and Bradstreet's wholesale food price index climbed almost to the year's peak.

Some auto industry sources saw another hike in new car retail prices ahead.

Reds Planning Berlin March

BERLIN (AP)—Tension mounted in divided Berlin Saturday as West Berlin police alerted riot squads to combat a threatened invasion of western sectors Sunday by thousands of demonstrating Communist youth.

The planned invasion to demonstrate "for peace" was announced by the Communist press in the wake of Friday night's demand by Russia that the Big Three powers lift restrictions on trade between the East-West zones of Germany.

The Soviets charged the trade bars violate the 1949 agreement ending the Red blockade of Berlin.

Western Allied officials in Germany will meet in Bonn next week to consider a reply to the Soviet charge.

Although the aim of the Russian move was not immediately apparent, observers consider it significant in view of the tension in this re-encircled city. It could foreshadow another blockade if the Soviets are looking for an excuse for such a maneuver.

Two Convicts Recaptured

SPRINGFIELD, Vt. (AP)—Two desperadoes who escaped from state prison Wednesday and, police said, fatally bludgeoned a housewife after midnight, were captured Saturday.

Part of a posse of more than 200 state police, hunters and other volunteers flushed the escapees out of the woods about three miles from the home of Donald G. Wetherald, 46, which was broken into during the night.

Mrs. Elizabeth Weatherup, 54, died a few hours after she was slugged by the two intruders.

The prisoners, Donald Deming, a hier convict of murder, and Francis Blair, escaped by ramming a 16-ton truck through the prison gates.

Jet Fliers See 'Object'

DAYTON, O. (AP)—Jet interceptor pilots reported to Wright Patterson Air Force Base officials Friday that they saw an object in the sky which they didn't think was a flying saucer.

It was the first time pilots checking on a flying saucer reports here had made such a positive statement.

The two interceptors were sent up about 1:45 a.m. after the Air Force Base had received five or six reports of "flying saucers."

They told officers they went up about 17,000 feet and for about 10 seconds watched a bright red object which hovered above them. It then disappeared at "a high rate of speed."

"We deliberately maneuvered around to make sure it wasn't a light reflection. At first it appeared red and white and then white only," they said.

Police Nab Seven Young Hoodlums

PORTLAND (AP)—Seven arrests were made on Broadway Friday night as police renewed a crackdown on the "Broadway gang" of young hoodlums.

Sixteen-year-olds were arrested Thursday night, these in a bus depot after complaints of disorderly conduct and use of vulgar language.

Charges Friday night ranged from vagrancy by loitering to violation of the anti-noise ordinance.

The Dalles Dam Work To Start

THE DALLES (AP)—Construction of the cofferdam for The Dalles dam power house is to start Monday and engineers hope to have it completed before the 1953 spring freshet.

Excavation for the first of 36 cylindrical steel cells forming the cofferdam is nearly complete. Plans call for installing one cell each week.

The cells average 50 feet high and 65 feet in diameter. They will be filled with gravel and form the walls blocking the Columbia River from the area where the power house will be built.

Plans were reported by H. B. Elder, resident in charge for the Army Engineers.

Clip this form, paste it on a sheet of paper 8 inches by 10 1/2 inches, and mail it, properly filled out, along with your report of separation to the address for your service given below. Be sure to put your mailing address on the report of separation as well as this blank.

APPLICATION FOR MUSTERING OUT PAYMENT
Under Veterans' Readjustment Assistance Act of 1952
I enclose my Report of Separation from the Armed Forces of the United States (DD Form 214) from the _____ (Army, Navy, Air Force, Coast Guard) and request the mustering-out payment authorized by law.

I was not discharged or released from active service on my own request to accept employment; or if I was discharged or released to accept employment I served outside the United States after June 26, 1950; "I am not now serving on active duty in the Armed Forces of the United States" and have not and will not have any other application for mustering-out payment.

Make your check outside the continental limits of the United States or in Alaska after June 26, 1950? (Yes or No) _____

Yes, state date of arrival in the United States _____ (Yes or No) _____

Return my Report of Separation and mail check to me at the following address: (Print or type) _____

First Name	Middle Name	Surname	Service Number or File No.
(Number)	(Street)	(City)	(State)

I certify that the above information is true and correct.

(Signature) (DO NOT PRINT)

Cleveland 14, Ohio

If you are serving on active duty but have been released from the service to the extent that you are not now serving on active duty, cross out the words between the asterisks (*) and give the form to your commanding officer or, if you are an officer, to your finance officer. He will make arrangements to make the mustering-out payment due you, according to the Defense Department.

Mail your applications to the proper address listed below if you are no longer on active duty:

ARMY	NAVY
Finance Center, U. S. Army St. Louis 20, Missouri Attn: MOP Branch	Field Branch Bureau of Supplies and Accounts Cleveland 14, Ohio
AIR FORCE	MARINE CORPS
Air Force Finance Center Denver, Colorado	Commandant of the Marine Corps Washington 25, D. C. (CDD)
COAST GUARD	
Coast Guard Headquarters Washington 25, D. C.	

Vets To Get Muster Pay

Mustering out payments are available to veterans of the Armed Forces who have been discharged since June 26, 1950, but must be applied for by using the information contained in a form elsewhere on this page.

A minor mistake in the reprint of the application blank yesterday listed a "report of separation" from the armed forces as being necessary, but gave the wrong form number.

The report of separation is numbered "DD Form 214, instead of as printed yesterday."

For further information contact members of the armed forces with recruiting offices in the Postoffice.

Hobby Show Plans Made

What has the makings of an interesting Klamath Falls feature is in the planning stage with a date set for Aug. 21-22 for the First Annual Klamath Basin Hobby Show.

Every possible hobby is expected in the affair, being held for the first time under the sponsorship of the Klamath Falls 20-30 Club and the YMCA.

It is to be held in the "Y" building on Seventh Street.

Entry blanks for the show are to be made available next week, according to YMCA Secy. Paul Campbell. The time and place is to be announced later.

Tentative plans call for the different hobbies to be placed in different categories so they may be entered in competition. Individual exhibitors from hobbyists of all ages—anyone of any age may participate—are to be planned out, if possible.

Every hobby mentioned would be allowed to enter under present rules, no matter how out of the ordinary or how ordinary, officials of the 20-30 Club said. Everything from antique bed warmer collections to show cases of button holes are expected.

Local Man To Nat'l Conclave

Jack Henry has been appointed to serve as Grand Aerie Committeeman for the forthcoming Grand Aerie convention of the Fraternal Order of Eagles, according to an announcement by J. D. Beebe, Secretary of Aerie No. 2090, F.O.E.

The convention will be held in Philadelphia from Aug. 13 to 17. It is the 54th annual convocation of the Eagles. All expenses to be paid by the grand aerie.

Announcement of the appointment was made by the Eagles' Grand Worthy president, William P. Wetherald of Zanesville, Ohio, who will preside at all convention sessions.

Speakers at the convention will be Secretary of Labor, Maurice Tobin; Pennsylvania Governor John Fine; and Colonel Francis Gabreski of the World War II Ace who was recalled to duty in the Korean campaign. Colonel Gabreski was recently accorded a hero's welcome upon his return to this country. He is a member of the Oil City, Pa. Aerie No. 283 of the Eagles.

Much of the work of the convention is handled by the committees which will meet in various hotels around Philadelphia during the convention.

It is estimated by J. D. Beebe, that there will be approximately 2500 delegates in attendance and about 10,000 friends and visitors of the Eagles at the convention. Delegates will travel to Philadelphia from all over this country, Canada, Alaska, Hawaii, Guam and the Philippines.

One of the top items of business of the convention agenda is the work of the Eagles for the Damon Runyan cancer fund. To date, the Eagles have contributed more than a quarter of a million dollars to the Runyan Fund through a series of nationwide "Charity Dollars."

Must attend Underwood's Big Open House at 706 Main
Cancel all else!

Prisoners Riot In Montreal; Tear Gas And Guns Quell Disorder, Police Mum On Cause, Results Of Third Uprising

MONTREAL (AP)—Police used tear gas and gunfire early Saturday to quell a riot of hundreds of prisoners in Montreal's Bordeaux jail. It was the third disorder in the prison in three months, and like the others was in protest over food.

At least 12 prisoners were injured, two of them by gunfire, and Chief Emile Drapeau of the Montreal fire department—which was called in to help smash the mutiny—was treated in a hospital for injuries he reportedly suffered when a prisoner struck him with an iron bar.

Police officials, still refusing to disclose the details of what went on inside the prison, denied published reports one of two gunshot victims had died. The police said they permit disposal of any work papers who take part in work stoppages not authorized by the union.

The dispute started, company officials said, after three of the factory's 150 workers were discharged last week "for repeated refusal to do work outlined by their superiors."

Other workers quit in sympathy, closing down the plant.

A union spokesman said the penalty enforced on the 80 was too harsh. He declared the company could have enforced discipline by suspensions.

The police managed the rioters back into their cell blocks with tear gas and by firing pistols over the convicts' heads—but only temporarily. The convicts—some awaiting trial for murder but the rest serving terms of only two years or less—smashed the main locks of the cell blocks and spilled back into the yard to jeer and taunt the police.

Aware the broken locks made it impossible to keep the convicts behind bars for the night, the police stood by and allowed the prisoners to blow off steam. Quiet finally was restored shortly after midnight and the prisoners bunked down as best they could, many in the prison yard.

The demonstration was almost an exact duplicate of the two separate days of rioting that erupted in the prison early in May. Injuries in those riots, however, were comparatively minor. An official investigation was promised by the Quebec provincial government, but no results have been announced.

Klamath Rotarians Announce New Committee Assignments

Committee assignment for the coming 12 months of the Rotary Club year were announced by vice-president Bob Ellington, at the group's Friday noon meeting at the Willard Hotel.

The club's big annual event, the 17th annual Junior Livestock Show scheduled for Aug. 24, 25 and 26, at the fairgrounds, will be headed by Ellington himself.

"Big Push" for the show is Don Kenyon, and "Little Push" is Earl Kenyon. Committee heads for the show are: Nelson Reed, sales; Lee McMullen, clerk; Hal Ogilvie, grounds; Gene Gross, weighing; Deb Addison, publicity; Frank Fleet, food; Scott Warren, barbecue; Lloyd Porter, tickets; Gene Baile, photographer; Walt Mc-

Intyre, special events; Tom Walters, head cruiser; Walt Jendrzewski, compass man; Francis Skinner, secretary; Gln Fleet, bar-becue master; and Clarence Horton, procurer of the beef.

The four divisions of the Rotary Club program are Club Service, Bob Ellington director in charge; Vocational Service, Earl Kent director in charge; Community Service, Bud Chandler director in charge; International Service, O. K. Puckett director in charge.

The Club Service committees and chairmen are: classification, Harry Bechen; audit-budget, Ed Swanson; Rotary information, Andy Collier; sergeant at arms, Chet Hamaker; house, Robert O. Sproat; fellowship, Mel Gehrig; program, Walt McIntyre; Rotary record, Otto Smith; attendance, Fred Bussman; inter-city, Bill Lorenz; magazine, Harold Stover; social affairs, Chuck Bailey; and music committee, Andy Loney.

Vocational Service committees and chairmen are: employer-employee relations, Rubie Larson; buyer-seller relations, Harold Rickbell; competitor relations, George Dunbar; and trade associations, George Davis.

Community Service committees and chairmen are: youth service, Arnold Graisig; library fund, Hugh Campbell; burlesque, Walt Jendrzewski; civic welfare, Max Smith; vocational education, Henry Doerr; and public information, Deb Addison.

International Service committees are: chairman, international forums, Lyle Hofstuber; United Nations, Bill DePew; international contacts, Hal Shearer; and Rotary Foundation Fellowship, Dick Hensel.

Appointed officers for the year are: Glen Onstad, secretary; Lloyd Porter, treasurer; Betty Henderson, pianist; and Andy Loney, music director.

President Scott Warren called for a period of silence at the meeting in respect to the recently deceased Rotarians, D. V. Kuykendall and Glenn Kent.

Rubber Firm Fires Crew

AKRON, O. (AP)—The Anderson Rubber Co. Friday fired 80 employees—more than half the plant—on grounds they refused to end an unauthorized strike.

The company said its contract with the CIO-United Rubber Workers permit dismissal of any workers who take part in work stoppages not authorized by the union.

The dispute started, company officials said, after three of the factory's 150 workers were discharged last week "for repeated refusal to do work outlined by their superiors."

Other workers quit in sympathy, closing down the plant.

A union spokesman said the penalty enforced on the 80 was too harsh. He declared the company could have enforced discipline by suspensions.

Milk War Cuts Prices Down

AKRON, O. (AP)—Because of a prolonged price war here you can buy a gallon of milk for as little as 33 cents.

Principals in the milk-price war are three national dairy companies and a comparatively small independent firm, the Lawson Milk Co.

The battle centers on carry-over sales in which the customer takes the milk home from an outlet.

Lawson, which does not deliver to residences, has forced milk prices down in a number of adjoining counties over a period of several years, dairy sources say.

Current carry-over prices in the Akron area range from 14 to 18 cents a quart, 28 to 31 cents a gallon and 53 to 58 cents a half-gallon.

Food Prices Hit Record

WASHINGTON (AP)—The government estimated Friday, on the basis of a spot check, that retail food prices hit an all-time high during the two weeks ended July 15.

The Bureau of Labor Statistics reported its retail food price index reached 235.1 per cent of the 1939-39 base period.

This is 1.2 per cent above the previous high of 232.4 last Jan. 15 and again June 30.

Sparking the climb was an 18 per cent increase in the price of eggs, the survey in eight major cities showed.

Power Company Ruckus Growing

BOISE, Idaho (AP)—Robert E. Smiley, Idaho state attorney general, Friday asked the Securities and Exchange Commission to remove the name of Rodney G. Alier from the list of nine proposed directors for the Washington Water Power Company.

Acting on behalf of the Idaho Public Utilities Commission, Smiley protested the naming of Alier to the board because he is the son of the president of American Power and Light Co.

Smiley said American Power, which is to distribute its stock interest in WWP to common stock holders of American, should be dissolved in fact as well as in name. He said that if Alier was named to the WWP board it would represent a link with American Power.

Swine Disease Hits 2 Counties

PORTLAND (AP)—Multnomah and Marion counties are the only ones in Oregon affected by the disease of emergency proclaimed Friday by President Truman in connection with the swine disease vesicular exanthema.

Both are expected soon to be freed of the disease. In Marion County, it was understood here they had been slaughtered by a federally inspected slaughter house.

Multnomah county has 620 of the diseased hogs. Five hundred are owned by a Columbia slough hog feeder and 120 are owned by a South Dakota slougher.

How Can You Lose

Can you fruit, vegetables, meat, or fish in tin cans. Our cannery is light and airy, with all modern equipment. Prepare your food at our tables in the cannery at 14c per can or if you are too busy, we will do all the work for just 10c per can. Fresh salmon is 43c per pound. We will fillet it, and can for 19c per can. No work for you at all and a vast savings this winter.

Tax Evasion Suit To Total Million

TACOMA (AP)—A Federal grand jury Friday indicted millionaire dairyman Hans Forster, 48, on five counts of income tax evasion totaling more than \$500,000, covering the years 1945 through 1949.

The government's demands against the Swiss-born immigrant who built a dairy empire in Washington in 25 years will total about a million dollars, when penalties and interest are added.

The government also brought four counts of corporation tax evasion for the same years against Forster's Issaquah, Wash., Creamery, which formed the nucleus for his dairy processing and distribution holdings, which Forster recently sold for 2 1/2 million dollars.

Also named in the indictment were L. Hicks Taylor, a former accountant at the Issaquah Creamery, and Harold Erickson, the office manager of the creamery.

HARD TOP RACES

Sponsored and Sanctioned By The Southern Oregon Race Club

Last week's super-capacity crowd provided the drivers with a purse of

\$1,000.00

which attracted some 39 cars from eight Oregon communities:

Klamath Falls, Ashland, Grants Pass, Roseburg, Medford, Phoenix, Talent

A full, 40-car program is planned for Saturday night. The S.O.R.C. (a Southern Oregon association of drivers) cordially invites you to attend.

But please come early. We regretfully turned away late arrivals last week.

Turn right at Dutch Guss's, just beyond Ashland, a block from highway No. 99, to the
