Stocks

New York (AP) — A divergent price trend among major groups kept the stock market mixed Monday.

Motors and Steels were ahead while rails and selected oils retreated. The entire list showed a declining tendency at the close.

Volume was an estimated 1,200,000 shares.

Chrysler, still favored because of the good earnings report of last week, traded well ahead in the motor section with General Motors and Studebaker giving splendid support.

GRAINS

CHICAGO (AP) — Grains lost fractional ground on the board of trade Monday, partly recovering from a fairly severe drop at the opening.

Selling was pegged on receipt of rain in the main corn and soybean belt over the week-end, a private estimate of a very large Canadian wheat crop and good-sized arrivals of cash grain.

The market perked up a little toward the close prior to issuance of the Agriculture Department's monthly crop report.

Wheat closed 1/4-1/2 lower, September \$2.33 1/2, corn 1/4-1/2 lower, September \$1.78 1/2, oats 1/4-1/2 lower, September 88 3/4, rye unchanged to 1/2 lower, September \$2.00, soybeans unchanged to 1/4 lower, September \$3.11 1/2, and last 10 to 20 cents a hundred pounds lower, September \$11.25.

Egypt bought 6,380,000 bushels of Pacific Coast white wheat over the week-end.

Apparently it had not been hedged in the futures pit as the market did not show a decided lifting. Holland bought a cargo of hard wheat over the week-end.

Scouts Slate Skyline Trek

Deadline has been set Thursday night for Modoc Area Explorer Scouts, who want to sign up for the Skyline Trek from Lake of the Woods to Crater Lake starting this Saturday.

At 7:30 p.m. Thursday a meeting of all interested persons wishing to participate has been set for the John Heibronner residence, 2538 Reclamation Street.

Those who can't attend and have not yet signed up can call Heibronner at 7342 or should contact the Scout office.

The hike along the Skyline Trail is to last a week and includes plans for climbing Mt. Pitt, a field day at Pelican Butte Lookout and excursions at Crater Lake when it is completed.

Several adults are going along.

Crater Murder Still Mystery

Three full weeks of investigation has failed to produce so much as a suspect in the Crater Lake murders. On July 19, two General Motors executives were robbed and shot to death in the national park.

The victims were C. P. Cuthane, Detroit, Mich., and A. M. Jones, Concord, Calif.

Because the crime occurred on federal land, the probe has been handled by the FBI.

Cuthane and Jones left here early on the afternoon of July 19 to go to a fishing cabin on Union Creek. Their route was through the Southwest corner of Crater Lake Park. The two men entered the park at the south gate a little after 1 p.m. about an hour later, their car was noticed abandoned on the roadside about three miles inside the park. A search was launched for the two men and their bodies were found two days later. They had been gagged and killed by single shots fired into their heads. The bodies were about one-fourth of a mile back in the dense woods along the park entrance highway.

A special squad of FBI agents immediately came here to probe the crime. Literally hundreds of persons have been checked but all have apparently been eliminated as possible suspects.

One man, who had boasted of being guilty of the crime was subsequently written off as a crackpot. The man was William K. Russell, Utah, confessed to kidnap robbery of motorists, and has been sentenced to five years in prison for one of those crimes. The FBI said so far as the Crater Lake murders were concerned, Russell appeared to have been in Sacramento when they were committed.

Man Arraigned On Check Charge

Clyde E. Tillotson, 46-year-old electrician, was arraigned this morning in District Court on a charge of obtaining money by false pretenses—passing a \$10 bad check at the Cascade Hotel May 25.

He was brought here over the weekend from Medford and lodged in the County Jail.

The charge was signed by C. V. Cooley, clerk at the hotel, June 4. Tillotson gave his residence as Jacksonville, Ore.

concerned—that from here on out we're going to be on the side of the poor, pitiful people of the Middle East who for so long have been given the dirty end of the stick. Why shouldn't we take that position?

After all, we were the first people in the world to throw off the yoke of colonial imperialism. We fought the Revolutionary War because that's what the British of George the Third was trying to do to us and we wouldn't stand for it. We said we'd DIE FIRST.

It's getting high time for us to BE OURSELVES in the world—instead of backing up the colonial exploiters who happen at the moment to be our cocktail party friends.

TOO POOR TO REARM
HIROSHIMA, Japan (AP) — Japan's finance minister thinks his country is too poor to rearm. In a lecture in this atom-blasted city Sunday, Hayato Ikeda said the government should concentrate on improving living conditions rather than on building armed might.

Ridgway Pessimistic Over Europe

By HARVEY HUDSON
SUPREME HEADQUARTERS ALLIED POWERS IN EUROPE.
Gen. Matthew B. Ridgway said Monday the threat of war is still as big as ever, and there are serious weaknesses in the West's buildup to meet this threat.

The supreme commander of Allied Forces in Europe told a news conference there was doubt as to whether the Western Allies could reach their 1952 goal of 50 divisions—35 active and 25 in reserve—and 4,000 planes.

Ridgway also said he favored two years' military service—something European nations are to discuss in Paris Tuesday amid indications they will not adopt it.

Belgium has already been hit by strikes protesting her two-year draft term.

Ridgway, former United Nations commander in Korea, took over the SHAPE command in May from Gen. Dwight D. Eisenhower.

The problem of building warehouses, troop installations and air fields is broad and complex, he said, and "I haven't had time to go into the almost innumerable details of that program."

On the question of British and French hints they may not be able to reach their rearmament goals because of economic difficulties or failure to receive sufficient United States aid, he said that is "above the headquarters and at a governmental level."

He added, however, he felt the question "can and will be adjusted without damage to the SHAPE program."

He said the new superweapons being developed are exceedingly difficult to evaluate and it was very difficult to estimate whether the number of ground troops could be cut down.

UNDER STUDY
"The matter is continuously under study, not only from our point of view but from the point of view of any enemy capabilities," he said.

In a prepared statement opening the news conference he said "some unobservant people are quite wrong."

Two Jailed For Drunk Driving

Two persons were jailed here over the weekend on drunk driving charges.

Mike Kasper, 37, of 1235 Academy was arrested by City Police yesterday afternoon at Oak and Market after his car reportedly was involved in a minor accident with a vehicle driven by Mrs. Gus Peterson, Lakeview, at Spring and Main.

He said he had been drinking beer. Kasper also was charged with failure to stop at the scene of an accident, and posted \$100 bail. He did not show up for his scheduled appearance in Municipal Court this morning.

Daniel Slater McInlave, 42, of 4500 Greensprings, was placed in the County Jail last night after his arrest on US 97 by State Police. He was booked for drunk driving and also admitted to the arresting officer he had been drinking beer.

Rube Moore, 36-year-old millworker, was arrested Saturday night at Brimming Cup auto camp west of Keno on a warrant charging assault and battery. The complaint was signed by his wife, June Moore. He was lodged in the County Jail and bail was set at \$250.
