Klamath Basin Hobby Show Grows To Huge Proportions

The First Annual Klamath Basin Hobby Show may be growing into something too big for the YMCA building where it's to be held. Twenty-Thirtians and YMCA committeemen, sponsors of this year's show, have announced they are running into a table shortage, and need some help from Klamath folks who may have some to lend. The show is to be held Aug. 21-22, but already entries are reported flowing steadily in. They are published now and then in the Herald and News, or can be obtained by showing the YMCA at 9279 or by brooding in there and picking them up. A board of judges is being selected by the show committee, and will be announced later. Rules for the show, as announced are as follows: 1. Both Children and adults may exhibit. 2. Entry blanks must be in the hands of the board of directors by 2 p.m. Aug. 20 to be eligible for judging. Exhibits must be in the hands of the board by 12 noon

Medical Care Bill Soars

WASHINGTON (AP)—It cost Americans 12 1/2 billion dollars for medical care in 1951 and about one-fourth of the bill was paid by government. This estimate was reported today to members of the President's Commission on the Health Needs of the Nation. Members of a panel that held discussions recently on medical facilities reported the government payments include care for members of the military services and federal contributions to state and local health programs. Local and state payments also are included.

Aug. 21, at which time the YMCA building will be open to exhibitors only in order they may be set up. 3. All competing collections must be owned by the exhibitor. 4. All handicraft exhibits must have been made by the exhibitor. 5. You can enter as many exhibits as desired. All articles will be given every possible care, and guards will be on duty day and night. 6. The following awards will be offered: a. Ribbons for first, second and third places in each group and class. b. Honorable mention and special recognition where warranted. 7. Judges will be decidedly influenced by the neatness and attractiveness of display and mounting. Whenever possible exhibits of small objects should be neatly boxed or displayed under glass or cellophane. 8. Entry blanks may be brought in personally or mailed to the YMCA, 722 Pine Street, Klamath Falls, Ore. 9. All entering exhibits must be accompanied by exhibitor or his agent. 10. A special police force will be maintained while exhibits are in the YMCA building, and all precautions will be taken to protect the property. However, the exhibitors must assume all risk. In case of damage or loss, the board of directors will render all possible assistance in recovery, but will not recognize any claim for payment. 11. All entries will be considered by the board, but it reserves the

Senators Hear of Red Plan To Infiltrate Boy Scout Movement

By G. MILTON KELLY WASHINGTON (AP)—A Communist scheme to infiltrate the Boy Scout movement and feed its youngsters members "communism with sugar coating" was described in sworn testimony made public today by Senate investigators. The internal security subcommittee in a report to the Senate termed it part of a Moscow-inspired plan to warp generations of teenagers to the Kremlin's views, in the schools, colleges, churches and youth organizations. "I can conceive of few greater crimes," said Sen. McCarran (D-Nev.), the subcommittee chairman, in a prepared statement released with the report. McCarran now is in Reno, Nev.

evolved to infiltrate high schools, community and even church clubs, and labor unions. He termed Scout infiltration a part of this plan. Another witness, Herbert Romerstein of Brooklyn, N. Y., told of being recruited into the Communist front as a high school student at the age of 15. Romerstein said he finally divorced himself from communism. He said Communist youth work first was handled through the Young Communist League, then through American Youth for Democracy, and finally split into two new fronts. One of these, Romerstein said, is "the Young Progressives of America... a broad youth organization that could rope in many young people who didn't know what communism was... They get young people who are not yet Communists. The idea is to get people who are pretty green." The other, he said, is the Labor Youth League, frankly offering Marxist training to young persons interested in communism.

Red Light Is Aid To Hens

STORRS, Conn. (AP)—Put a red light over your hen nests, and watch the eggs roll in. That's the advice of C. S. Platt, Rutgers University egg expert. Platt, in a paper for the 41st annual meeting of the National Poultry Association at the University of Connecticut, told how New Jersey poultry raisers did it during the war. Air raid regulations blacked out the brilliantly lighted poultry houses along the Jersey Coast, he said, so farmers turned on the dim red lights to let them see. The red light had a tendency to keep the hens longer on the nests. Egg production rose, and since then experiments have confirmed the red light's effect on hens.
