

An Open LETTER!

TO OUR CUSTOMERS:

We should like to advise our customers and friends of changes in our business. We have purchased Merle West's interest in the West-Hitchcock Corporation and plan to discontinue the machinery business. Approximately September 1st, Tractor Sales and Service of Medford will take over this territory for the Allis Chalmers and Allied lines of logging and industrial equipment. Negotiations are in process for setting up a new Allis Chalmers Farm Equipment dealer.

We will continue in the truck business as your GMC dealer and will move to a new exclusive truck shop we are building at 312 Spring Street, approximately November 1st. Steve Mosher, manager of our truck department, and who has been associated with us since shortly after he returned from the service in 1946, will be a partner in the firm which will be named Hitchcock and Mosher. The same parts, service and office personnel will continue to serve you.

Our pump department will also move to a new location to be announced later and will be operated as a partnership with Art Reed. We will continue to handle Fairbanks-Morse and Pomona pumps, sprinkler irrigation and allied lines.

We wish to express our sincere appreciation to the many customers and friends who have made our business possible over the years. We are confident we will be able to serve you better by concentrating our efforts on the lines we are retaining. In order to clear out our stock of new and used machinery we are offering the bargains advertised on this page and will continue the sale until all items have been disposed of.

Phil and Sally Hitchcock
WEST-HITCHCOCK CORPORATION
