

Miss Europe Challenged

NAPLES, Italy (U-P)—Dark-haired Gussell Basar of Turkey, who won the title of Miss Europe even though she refused to wear the traditional Bikini bathing suit, was challenged today to bare more of her claims to the beauty crown.

France's Nicolet Drun, who came in second in last night's contest, claimed the modest Miss Turkey was not really up to Miss Europe standards.

"Miss Germany (Vera Marks) and I both challenge Miss Turkey to appear in a Bikini before a just jury," she said. "She has a mark on her face and her thighs are not well-modeled."

In the traditional bathing suit parade, the Turkish girl wore a two-piece suit that covered many of the charms a Bikini would have shown.

HOMES FOR AMERICANS

A distinctive brick veneer house with an unusual hip roof, this design BR-91 is a flexible plan. A folding partition in the children's room, separates boy from girl for privacy, yet opens up one big play area. The architect, Elmer Gyleck, 120 So. Grove Ave., Elgin, Ill., has kept the house strictly rectangular for construction economy. The house covers 1,377 square feet and contains 22,293 cubic feet. Alternate plan is shown for building without basement.

Lad Develops Pot Dislike

NEWPORT, Wales (U)—The park gardener's 15-year-old assistant just couldn't stand flower pots.

Day after day, week after week, he had to wash the peaky things instead of looking after the flowers. The final straw came when people began calling him "pot washer" when he was out with his girl. So he raged through the potting shed and broke the stems of 328 prize chrysanthemums valued at 135 pounds (\$550)—and to make matters worse, he left a note calling his boss a "pig-headed slave driver."

"He must have gone berserk," pleaded his counsel.

The Newport Juvenile Court fined the pot-bater five pounds—\$14.

WOOD BEAMS REPLACE STEEL

NORTH BAY, Canada (U)—The steel shortage didn't worry contractors on a new bank building here. To support the floor they used beams made of glued pieces of British Columbia fir, 9 by 16 inches and 20 feet long with similar but longer beams for the roof.

HUDSON

BEST BY FAR!

AS YOU know, it is impossible for a prospective buyer to accurately judge the relative merits of various cars through a casual examination or on the basis of claims.

Therefore, smart buyers are taking advantage of the record established in stock-car racing which affords an impartial test of the important features of competitive makes—features which largely determine owner satisfaction. In this rough, tough competition between cars just like you can buy from dealers, every make of car is compared for power, durability and safety—vital qualities in your daily driving.

With 30 victories in 34 starts already this year, Hudson proves it has these great qualities in measures no other car can match!

Hudson's rugged high-compression engines are famous for terrific power and performance. But more important, only Hudson has "step-down" design with America's lowest center of gravity. A Hudson hugs the road like it loves it and almost steers itself. Monobilt body-and-frame* is the most durable, safest known!

Visit us and try a Hudson, or if more convenient, phone a Hudson and you will come to your door.
