A HIGHLIGHT of the Oregon State Fair will be the Queen of the Kitchen contest, a special competition based on entries in the various premium food classifications of the food division. Shown with the 16-piece Guardian Service cookware set, one of the prizes of the contest, is Joyce Keightley. The 1952 exposition opens its 8-day run Aug. 30.

Hollywood Miracle Is John Deering Story

BY BOB THOMAS
 HOLLYWOOD 19—In 1941, a radio actor named John Deering was in the middle of announcing a Hollywood commentator's program. He handed his script to another actor, walked onstage and collapsed.

Thus began a remarkable story, one which finally appears to be having a happy ending. But Deering's life would have ended tragically, except for his courageous sister, Mrs. Betty Pruitt.

It took three days to diagnose the actor's trouble after his collapse. Finally, it was determined to be a brain hemorrhage, and he was immediately taken to surgery. He was not expected to live.

Deering stubbornly to life, however, and began to recover. But the damage to his brain had robbed him of his livelihood; he couldn't speak. His rich, resonant voice which had earned him a good living in radio and movies was stilled.

A helpless figure, he was cared for during the first two years by the Motion Picture Relief Fund. After spending \$11,000, the fund had to give up the case. Deering's sister, Mrs. Pruitt, took him into her home.

For eight years, Deering did little more than exist. His sister, who had two children of her own, helped him financially to the limit of her resources. She never gave up hope.

One day she faced a \$60 nurse's bill and had no funds to pay it. She whipped up some of her own special salad dressing and sold it to neighbors. The idea seemed to go over, so she began merchandising the dressing to grocery stores. That brought in the money to keep her family together.

Eight months ago, a doctor advised her: "Your brother has grown to rely on you too much. If he doesn't get out on his own, he may never recover. You must try a shock treatment: turn him out of the house."

With misgivings, she did so. The treatment seemed to work. After wandering around Hollywood for a few weeks, Deering got a job as a goorman at the CBS Radio. The two months ago, the theater shut down for the summer, and Deering despaired for his future. But then the times started to happen.

Director Richard Whorf heard about Deering and gave him a bit part on the "My Friend Irma" television show. Allen Rich, radio-TV editor of the Valley Times, did a column on the actor. Dinah Shore read the column and sent it to Dan Jenkins, radio-TV columnist of the Hollywood Reporter.

Jenkins began beating the drums. He wrote about Deering and sent notices to 12 TV film producers. Soon the actor had jobs on "Dragnet," "China Smith," "Big Town" and Hopalong Cassidy films.

Deering, who can now get out a few hesitating sentences, at 46 is earning his own living for the first time in 11 years. A vocal teacher named Paul Thomsen has become interested in him and says Deering can be taught to speak perfectly within six months. "Even when everyone else despaired," says Mrs. Pruitt, "I never gave up the hope that John would be able to talk again. Now he's doing well, and my said

Canadian Scientists To Study Sun Spot Mystery

OTTAWA, Ont. (AP)—Canada is making a new try at unlocking the mystery of sunspots, a subject that has fascinated and puzzled the people of the earth for centuries.

The dark patches on the blazing face of the sun are known to stir up various influences on this planet 90 million miles away. But scientists have never figured just how much they are responsible for such things as weather and insect plagues.

Long-range studies now being launched by the Dominion Observatory may produce new evidence.

Astronomers at the observatory on Ottawa's outskirts will turn their 80-foot solar telescope on the superheated "flares" that leap out momentarily from the sunspot areas. The flares bombard the earth with ultraviolet light and electrically charged particles that throw many terrestrial activities out of normal.

Without a mechanical watch, nothing much can be done to record the flares, which last only a few minutes. They are relatively small by comparison with the dark sunspot areas, which sometimes extend 150,000 miles across.

The flares have come in for attention comparatively recently. The more visible sunspots have been an absorbing topic for ages.

A Chinese observer, Ma Twa Lin, reported in 188 A.D. the appearance of a "bird shaped" flock on the sun, apparently a cluster of spots. The ancient Chinese had more than 100 records of them, relating them to deaths of emperors and other important personages.

More modern observers link the spots with a wide range of phenomena. Charts kept over a long period show a relationship between their cycles of roughly 11 years and such things as storms, rainfall, lake and river levels, tree growth, disease cycles and the cycles of animal and insect life.

Some have gone so far as to hook them up with stock market variations and the marriage rate.

Dr. Ralph E. DeLury, former assistant dominion astronomer in charge of solar physics, made a long study of these relationships and concluded the spots do exert a "profound influence on terrestrial affairs."

Because of the way they hit physical and organic things, he reasoned, they must also affect economic conditions. An 85-year study of commodity prices in the United Kingdom showed a "response" to the spot cycle.

"Economic fluctuations," Dr. DeLury added, "must surely be a factor in variations of marriage rates."

Safety Club Plans Meet

The Altamont Safety Club, formed last week, will hold its regular weekly meeting next Saturday at the state police shed between three and four o'clock, daylight time.

Fred Heard has been named director of the group, assisted by James Pratt. Meetings have been called each week on Saturday at the same time and place except in case of special events.

Purpose of the group is to promote child safety with emphasis on traffic in that area.

A picnic day has been planned for next week at Ward park between 10 and 12 o'clock, DST. A fun day will be held Sept. 6 at the First Church of God on Altamont drive.

The meetings are open to all interested persons.

Zupan Found Not Guilty

A District Court jury yesterday afternoon found Mike Zupan, 39, of 429 Commercial, not guilty of a charge of drunk driving.

Zupan was arrested by State Police in the Main area July 27 and has been in the County Jail since that time, serving a 30-day sentence for driving while his operator's license was suspended.

However, he pleaded not guilty to the drunk driving charge and asked for a jury trial. The jury cleared him.

Zupan was represented by Attorney Ben Goddard, and District Attorney Frank Alderson prosecuted. Members of the jury were F. D. Duncan, Alvin P. Eagen, Vivian Eichendorf, Dorothy Derrah, George McIntyre and Jerry Olsen.

Kashmir To Elect Leader

NEW DELHI, India (AP)—Kashmir is ditching its hereditary maharajahs for an elected chief of state to govern the disputed North Indian land.

The Indian radio announced yesterday that Kashmir's Constituent Assembly had unanimously adopted a resolution ending hereditary rule by the family of its maharajah, Sir Hari Singh.

The maharajah's son, 21-year-old Yuvraj Karan Singh, is considered the leading prospect for Kashmir's first chief of state. Yuvraj, however, appears reluctant to step in and the maharajah, now living in Bombay, opposes his son assuming the post.

The maharajah, a Hindu, succeeded his predominantly Moslem state to India after the 1947 partition of the sub-continent which created India and Pakistan. Irregular border fighting developed and Indian and Pakistani forces each seized parts of the state.

Eden Slates Tito Talks

LONDON (AP)—British Foreign Secretary Anthony Eden will confer in Belgrade next month with Yugoslav Premier Marshal Tito. Informed sources say he will take up the touchy Trieste question.

British and American officials are known to be worried about the danger-point relations between Italy and Yugoslavia over eventual control of the disputed international territory on the Adriatic.

A Foreign Office announcement today said Eden will visit the Yugoslav capital from Sept. 17 to 23. He will spend five days after that in Vienna.

The agenda of the Belgrade talks also will include Yugoslavia's relations with Turkey and Greece, the southern anchor nations of the Western European defense setup.

Tito's announced hopes for defensive co-operation with his two Balkan neighbors has stirred U. S. and British interest, as evidenced by the recent visit to Belgrade of U. S. Army Secretary Frank Pace Jr.

HELICOPTERS AID

LEOPOLDVILLE, Belgian Congo (AP)—A new pestkilling campaign is underway here to eradicate flies and mosquitoes. Day after day two helicopters are sweeping over the roofs of the town spraying the streets with powerful insecticides.

The native population has been asked to open all windows and doors to allow the poisonous fumes to enter every corner of every house.

WEEK'S SEWING BUY

Only One Yard 9129
 S-14-16
 M-12-20
 by Marian Martin

Thrift apron! Pattern 9129 requires only an yard of 35-inch fabric for either size — Misses small—14, 16 or medium—18, 20. Shop for good remnants, get marvelous fabric and save! You can sew several in remarkable short order — Pattern has only one main pattern part. A beauty, with scalloped hem, petal pockets. Gay for teatime! Church bazaars, too!

This easy-to-use pattern gives perfect fit. Complete, illustrated sew chart shows you every step. Send thirty-five cents in coins for this pattern to Marian Martin, care of Herald and News, Martindale, P.O. Box 6740, Chicago 80, Ill. Print plainly your name, address, zone, size and style number.

Club Slates Dog Show

The Klamath Falls Kiwanis club steps out at Modoc Field Aug. 30 with the Third Annual Klamath Kennel Club All Breeds Dog Show, and nearly 400 purebred canines are expected.

The show is under the directorship of the Kennel Club and Pres. Gene Williams, and is sponsored by Kiwanis. Tickets are available from any Kiwanians.

At the regular Kiwanis luncheon yesterday, Mrs. Kathy McDonald and little Dorothy Riker demonstrated methods of showing dogs. Tickets are selling at 2 cents for children, 25 cents for students and 50 cents for adults.

More and more people are changing to Medo-Land Milk!

1. Fold the gable top back — the sanitary, double sealed top is easy to open!
2. To close — press inner seal into pouring vent. This will prevent milk getting any ice box flavors.

Look for the sanitary, tamper-proof, GABLE TOP CARTON. It's Red, white and blue!
