- August 29—Safeway, 8th & Pine, 10:00 a.m. to 5:00 p.m.

Divorcee Sent Back To Jail

LOS ANGELES (AP)—A revealing photo, a lipstick imprint on the back, and a note to "blue eyes" have sent Mrs. Virginia LeTourneau, 28, back to jail.

Mrs. LeTourneau, the blond divorcee who admitted taking a boy 11 years her junior on a 10,000 mile trip, tried to get a juvenile hall jailer to take the picture and the note to the boy, Jimmy Sherwin, 17.

The photo was of Mrs. LeTourneau in a sun dress. Written on the back of it was, "I love you. So sweet." A lipstick imprint was nearby.

The note read: "Darling, hold out. I love you, Jimmy, more every day. Don't let anyone tell you different. . . . Life without you is terrible. I love you, blue eyes."

Superior Judge William B. Neely took one look at the photo and note and ordered Mrs. LeTourneau back to jail. She had been at liberty on \$1,000 bail pending a probation hearing after she pleaded guilty to contributing to the delinquency of a minor.

Juvenile authorities had indicated they would release Jimmy if he and the blond mother of a 12-year-old son agreed not to see each other again. Now they weren't so sure.

Ike Comments On "Capitol Mess"

KANSAS CITY, Kan. (AP)—Asked for comment on President Truman's statement at his Washington news conference Thursday that he knows nothing of any mess in Washington, Gen. Dwight D. Eisenhower, the Republican presidential nominee, told reporters:

"The President says he knows of no mess in Washington. His hand-picked candidate (Gov. Adlai Stevenson) has said there was a mess in Washington.

"The situation is normal—confusion everywhere in Washington."

DIES AT 103

GASPORT, N. Y. (AP)—Mrs. Sara M. Tyler, who took her first airplane ride when she was 98, died Thursday after a short illness. She was 103.

PUERTO RICO FLAG FLIES — Ceremony by U. S. soldiers at Fort Brooke, in Puerto Rico's historic El Morro Fortress climaxes new commonwealth's first Constitution Day celebration.

Greeks Tried For Sabotage

ATHENS, Greece (AP)—Seventeen persons — including 11 Greek Air Force officers — went on trial today after their arrest last Friday charged with spying and sabotage. All pleaded innocent.

The accused retracted depositions signed after their arrest last spring. The defendants said they had been under emotional strain at the time.

The prosecution's case received a setback today when Col. A. Vlantousis — former commandant of the aviation school where the alleged sabotage took place — testified he was unable to identify any of the accused with sabotage incidents.

Vlantousis did testify there were five sabotage incidents last year, in which planes' landing gears were tampered with and gravel put in the hydraulic system. He said the KKE symbol of Greece's outlawed Communist party had been chalked on the wing of one plane.

The 17 were rounded up last spring after a non-commissioned officer was caught tampering with a fighter plane. He reportedly turned in the others.

Greek newspapers said last April a large scale Communist conspiracy of infiltration and attempted sabotage had been discovered in the Air Force. The government clamped a ban on such reports, saying appropriate action had been taken to eliminate the Red threat, but called for secrecy pending investigation.

Last month the Aviation Ministry confirmed that the alleged saboteurs were to be brought to trial.

NEA Reports Serious School Problem

WASHINGTON (AP)—The nation's schools were reported today to be caught in a vise—more pupils on one side and fewer teachers and less space on the other.

The National Education Association (NEA) told of the double-squeeze in a report on a survey among 4,372 school systems in cities of 2,500 population and upward.

The NEA said replies from 1,370 of the school systems listed their major problems as mounting enrollment, a shortage of teachers, scarcity of building materials and inflationary costs.

The report said the nation's defense effort apparently is the major cause of the shortage of qualified teachers. It said teacher turnover has increased generally.

About 47 per cent of the systems covered in the survey said needed building projects, to accommodate a total of 343,000 pupils, were being delayed by lack of funds. It said materials shortages or high costs have halted planned building, to house 115,315 other pupils, in 162 school systems.

While financing was ranked almost equal to housing as a school problem, the report said indications were that local support of education was in no serious decline.

Fishing Report

PORTLAND (AP)—Salmon fishing in coastal streams and offshore is improving, and in some areas is good, the Oregon State Game Commission reported Thursday.

Trout were taking flies and other lures in most sections of the state, but fishing was only fair in the Rogue. The best takes were reported in the Central part of the state: Paulina and East lakes, the Metolius, Deschutes, Trout Creek and Grandview areas, and in the Northeast: Willowa's high lakes, Minam river, the Willowa and Grande Ronde Rivers.

Steelhead fishing was good to fair in Southwest streams. Sea-run cutthroat are being taken in coastal streams and tidewater areas.

Bids Sought For Highway

SALEM (AP)—Bids are being sought on the million dollar job of grading and paving the Salem bypass route of the Pacific Highway, the State Highway Commission announced Thursday.

Construction of bridges and overhead viaducts for the route is already proceeding. Bids on the paving job will be opened shortly after the first of the year.
