TOKYO (AP)—More than 300 "hostile and defiant" Korean internees have set up their own government and are "living as they please" at a Japanese camp, the newspaper Tokyo Times said today.

Japanese police guarding the camp do not try to interfere in its "internal affairs," the newspaper added.

The camp's 361 internees, the Tokyo Times said, 313 are marked for deportation to South Korea and 48 are on trial or awaiting trial on charges of entering Japan illegally.

was located at Omura, on Kyushu Island, and that many Japanese are calling it "Little Korea"—although its internees have neither Red flags nor openly professed communism as did prisoners of war in the U. N. POW camp on Koje Island, off the southeastern tip of Korea.

The Times said the internees have their own commandant, six-man cabinet and congress. Each 10 internees select one assemblyman. The commandant and cabinet members are elected by the internees monthly.

But, it added, the Koreans are required to show up twice a day for roll call. And are not allowed to step out of the camp limit. Guards look down on them from watch towers.

Among the 313 internees held for deportation are 125 Koreans previously deported by Japan last June but returned by the South Korean government.

The Republic of Korea did not allow the 125 to land in Pusan, for it considered the deportees Japanese citizens.

When the 125 were returned to Sasebo, they rioted and demanded immediate release. Japanese police, swinging clubs, herded them to this camp. Then about 200 Red Koreans marched to the camp and demonstrated.

Korean sources in Tokyo said the internees are "freely keeping close contact" with outside Koreans.

# Pres. Truman Slates Speech

WASHINGTON (AP)—President Truman Monday accepted an invitation to speak in Philadelphia Sept. 18 during the annual convention of the American Hospital Association.

The President will speak at a luncheon of the federal hospital executives—one of the groups making up the approximately 9,000 delegates who are expected to attend the convention sessions.

Dr. Edwin L. Crosby of Chicago, Hospital Association, called at the White House Monday and on leaving announced that Truman had accepted the invitation.

Presidential Secretary Joseph Short told reporters that Truman's talk "is not going to be a political speech."

But the occasion will afford the President an opportunity—and a suitable occasion if he is so minded—to discuss his controversial national health program.

# Hoover Flees Flaming House

BIRHOP, Calif. (AP)—Ex-President Herbert Hoover had to flee for his life—by boat—Sunday night when the mountain lodge where he was vacationing caught fire and burned to the ground.

The 78-year-old Hoover and Bert Mattie, president of the Honolulu Oil Co., San Francisco, were guests at the luxury mountain home of Nate Milnor on Silver Lake in the Sierra Nevada, 60 miles north of here. Milnor is a wealthy importer.

Awakened from their sleep by a neighbor, the party found the only exit not blocked by flames was the door to the boat landing.

They fled through it and boarded a motor launch which took them to the safety of the lake.

The neighbor, Bill Jenny, 21, of Los Angeles, said he noticed the fire about 11:30 p. m.

He awakened the party at the lodge, who fled in nightclothes. No one was injured.

Within a matter of minutes, Jenny said, the one-story timber structure was consumed by flames.

Wind blew the fire into surrounding pine trees but other residents of the area extinguished it with hoses before it spread out of control.

Hoover and party spent the night at the home of another neighbor, I. D. Baker.

# HST Names Ambassador

WASHINGTON (AP)—President Truman Monday appointed Ellis O. Briggs, now ambassador to Czechoslovakia, as ambassador to Korea.

Briggs, who has been stationed in Czechoslovakia since Sept. 1, 1949, succeeds John J. Muccio in Korea. Muccio soon will be nominated to succeed Francis B. Sayre as United States representative on the United Nations Trusteeship Council.

# Blown Tire Flips Plane

A plane belonging to and piloted by Ed Scholer, Klamath Falls, was badly damaged in a crash near Gunn Lake, in Lake County, Saturday.

Neither Scholer or a passenger flying with him were injured.

According to reports, Scholer was taking off on the lake bed when a tire struck a rock and blew out. The plane flipped over on its back.

# Reuther Backs Stevenson

By DON WHITEHEAD

SPRINGFIELD, Ill. (AP)—Labor chief Walter Reuther praised Gov. Adlai Stevenson Monday as a man who would be a great leader in the White House.

But he said Dwight D. Eisenhower didn't have the specialized training needed for the job.

And farm leader James Patton said he was convinced Stevenson would run as well in the farm belt as President Truman did in 1948 when the farm vote played an important role in his victory.

Reuther insisted Eisenhower's military training hadn't fitted him for the presidency. "When you need a doctor," Reuther said, "you don't call a plumber."

These views were given to reporters as the Democratic presidential nominee made plans to invade New York City Wednesday.

Reuther, president of the United Automobile Workers, came here to talk over plans for Stevenson's visit to Michigan Labor Day and particularly his speech in Detroit launching his campaign. The UAW Executive Board has endorsed Governor Stevenson's candidacy.

close to the reactions to his stand against state control of the nation's offshore oil lands.

The Democratic presidential nominee braved the political wrath of Texas and other states with tideland riches in announcing he concurred in President Truman's veto of a bill which would have given full title to offshore oil deposits to the respective states.

But he tempered his statement Saturday by adding that some "equitable arrangement" could be found to protect both state and federal interests.

He had comfort of support in this stand from his running mate, Sen. John Sparkman of Alabama. General Eisenhower, Stevenson's Republican opponent, has said he

# Scripps-Howard Papers Blast Ike For Loafing

NEW YORK (AP)—The Scripps-Howard newspapers, which are supporting Gen. Dwight D. Eisenhower for the presidency, said editorially Monday that "Ike is running like a dry creek."

A front page editorial in the New York World-Telegram and Sun, entitled "Ike, when do we start?" said in part:

"Our 19 newspapers are published in cities from the east coast to the west, and an exchange of correspondence in the last couple

of weeks with men who work on those papers tell a story which is nation-wide and can be summed up in one sentence:

"Ike is running like a dry creek."

"We trust Lewis Eisenhower doesn't think that what he had been doing and saying this last month can classify as campaigning for office."

"For those little milk-and-water remarks he has been uttering at press conferences and in informal talks have made him no votes."

"We are continuing our support, unshaken in our faith in Gen. Eisenhower's qualifications, but we must admit that Ike has not done anything lately to fortify our belief that he can win."

"We still cling to the hope that when he does start campaigning, he will come out swinging and that he will hit hard."

"If he doesn't, he might as well concede defeat and go back to the cloisters of Columbia University or the tranquility of his Pennsylvania farm."

# Benefit Dog Show Slated

Kiwanis park and other youth services of the Klamath Falls Kiwanis Club will benefit from this year's Third Annual Klamath Kennel Club All-Breed dog show set for Saturday from noon on at M-dog Field.

Kiwanis this year are sponsoring the show, and admissions have been set at 50 cents for adults, 25 cents for students and nine cents for youngsters.

About 350 dogs—some of the finest of their breeds in the land—are expected this year. Last year about that many participated in the local show, among them some American and Canadian champion and past champs.

Gene Williams is president of the Klamath Falls Kennel Club, and John Van Doren is chairman of the Kiwanis Committee on the show this year.

A special local showing division has been set up, and a child handling contest is also scheduled. Entries to the show were closed a week ago.

# Woman Named To Ike Group

PORTLAND (AP)—Mrs. Lesley Miller of Gearhart Monday was appointed women's co-chairman of the Oregon for Eisenhower Committee.

Gordon Orput, state chairman of the Eisenhower backers, announced the appointment.

Mrs. Miller, who was active in the Eisenhower primary campaign, is a member of the Gearhart School Board and City Council and a member of the Clatsop County Welfare Commission.

# Scottsboro Boy Dies

JACKSON, Mich. (AP)—The death in prison of Heywood Patterson, one of the Scottsboro boys, was announced by Southern Michigan prison authorities Monday.

The 30-year-old Patterson died Friday night of cancer, authorities said. He was serving a six to 15 year term for manslaughter.

The Georgia-born Negro, who's book "Scottsboro Boy" gained him a new measure of fame in 1949, has been in Michigan since he fled prison in Alabama in 1948.

There he was serving a 75-sentence growing out of the "Scottsboro" case of 1931, in which nine Negroes were convicted of raping two white women in a freight car.

**Cadillac**

**It Means So Much - To So Many!**

In all the history of the world's commerce, it is doubtful whether another manufactured product has ever had such a hold on the affections of its owners as the Cadillac car.

There is a well-to-do gentleman in a southern state, for instance, who will permit no one to minister to his Cadillac except himself—other than for its mechanical needs. He washes it, polishes it and cleans it... himself.

There is a family in New York which has owned a long series of Cadillacs to which have been given the names of people—because they regard their cars as all but members of the household.

There is a professional man in a mid-western state who insists that his whole life changed for the better when he got his Cadillac.

These are but typical of innumerable instances of the deep regard in which Cadillac owners hold their cars. The loyalty and respect a Cadillac engenders are extraordinary indeed.

You might well ask what there could be about a motor car to make it mean so much to so many. The answer is not far to seek. Because of its world-wide standing as one of life's better things, it reflects credit upon its owner and indicates that he is a person of substance and good taste. Because it performs so well and so dependably, it is conducive to his desire to travel and to see the world—an inspiring companion for his daily movements among his fellows.

Because it is beautiful and luxurious, it is a joy to own and a pleasure to contemplate.

Standing in his driveway, rolling down the streets of his favorite city, or parked at the entrance to a distinguished club or hotel—it is a credit to his judgment and a testimonial to his work.

No wonder he cherishes it, and thinks of it as all but a part of his own personality.

Don't you think that a car which can mean so much to so many could mean a great deal to you? Better come in today—and talk it over.
