Stocks

NEW YORK (U.S.)—Strength in a few major sections Thursday was enough to put the stock market moderately ahead.

As a general rule gains ran from fractions to around 2 points while losses were fractional except for a few individual issues under pressure.

Volume picked up to an estimated million shares.

GRAINS

CHICAGO (U.S.)—Selling was light but persistent, and it had quite an influence on prices, in grains on the board of trade Thursday.

Soybeans and corn lost the most, mainly in reflection of fine weather for these two crops in the Midwest. The impression grew that the next Agriculture Department crop report would raise the estimated production of both crops.

Hedging pressure sent wheat lower while oats could not make up ground in the face of surrounding weakness.

Wheat closed 1 1/4 lower, September \$2.22 3/4, corn 1 1/2 lower, September \$1.76 1/2, oats unchanged to 1/2 lower, September \$2 1/2, rye 1 1/2-2 1/4 lower, September \$1.91 1/2, soybeans 1 1/2-2 1/4 lower, September \$3.14 1/2, and lard 20 to 30 cents a hundred pounds lower, September \$10.85.

Dream School

(Continued from page 1)

What the child would absorb them naturally and easily and logically, as it learns to speak.

No teacher, in her dream school system, would have more than 20 pupils. The teacher—the master teacher, she called it—would press upward through the experience with the same 20 pupils, growing and expanding with them and avoiding the harsh jolts that come with change of teachers.

She would have in her dream school, possibly, a course in the handling and maintenance of modern home appliances. She is pretty sure she would teach the boys to cook and keep house, for in the modern world, she says, more and more wives and mothers are going to work in industry and trade.

She would have more study of modern industry by the process of sending the children into the factories and the stores and the warehouses for the gaining of actual experience. She isn't too sure she wouldn't send high school seniors into the first grades on the theory that they are expectant parents and ought to have first-hand experience with young children before shoving off into marriage.

In brief, she said, she would tailor modern education to the job of preparing people to live happily and efficiently in the modern world.

Waves of applause and ripples of laughter greeted many of the more daring and original of her "dream school" proposals.

Miss Beardsley and Mr. Jenkins were introduced by Carol Howe, superintendent of Klamath County schools, who suggested that before we can have progress—in the schools or elsewhere—we must first dream about it. Hence, he said, this "dream" forum.

Lions Club Recital Slated

Catherine Blanas, Wilbur Elliott and Ronald Tarr will present a recital for the benefit of the Lions Club eye conservation program, Friday, Sept. 5, at 8 p.m. at Mills School Auditorium.

The eye conservation program is a nation wide project of the Lions Club. The funds are used to help underprivileged children who have some type of eye difficulty. After a child's case is carefully studied, the proper care is financed. Many times glasses will correct the eye defect, but when a serious case arises special surgery is often necessary.

The three talented students who are presenting the recital to raise funds for the cause are well known in Klamath Falls. While in high school they were very active, and for the past six years they have entertained at many civic functions.

Catherine and Ronnie will enter college as juniors and Wilbur as a senior. All are students at the University of Washington, Seattle. Catherine, a soprano, is majoring in voice; Wilbur, a tenor, is majoring in music education and Ronnie is a piano major.

Donald King Smith, Seattle, husband of the former teacher of the three performers, will be the accompanist for the program.

Tickets are on sale now at Derby's Music Store, Pine Street Market and Arcade Hotel. They can also be purchased from any member of the Klamath Lions Club. Price of admission is \$1.00 per person.

Canada Money Not Accepted

PORTLAND (U.S.)—Many Portland merchants are reluctant to take Canadian currency and some won't accept it at all.

That was the report Thursday of a Portland Oregonian reporter who went shopping with 10 Canadian dollar bills, worth here, at the present rate of exchange, \$10.25 in American money.

James Stuart, the reporter, said the first three bills were accepted all right, at dollar for dollar exchange, but then he found a news stand dealer who wouldn't take the money. And two theatre cashiers suggested he go to a bank.

Other merchants reported they had trouble making exchanges at banks. But bankers denied this. They said exchanges were made promptly at the proper and higher rate.

Stuart said his experiment supported complaints of Canadian tourists that Canadian money is accepted reluctantly.

340 Dogs To Enter Show

Some 340 purebred dogs will vie for numerous trophies and awards at Modoc Field Saturday during the third annual Klamath Kennel Club all-breed dog show.

The show is being sponsored by the Klamath Falls Kiwanis Club this year, and is under the direction of Kennel club members.

Tickets for the show are now on sale, and proceeds are to go for development of Kiwanis youth services, including Kiwanis Park at Applegate and Division streets. Tickets may be obtained from any Kennel Club or Kiwanis member, and cost 50 cents for adults, 25 cents for students and nine cents for youngsters.

Three rings will be kept busy from 1 p.m. until about 9 p.m., at Modoc Field, with some of the top judges in the West already selected to judge the winners. The tickets will admit the bearer to any or all events.

Pravda Calls For 'Justice'

MOSCOW (U.S.)—Pravda demanded justice today for an old woman pensioner who has been locked out of her own apartment by a squatter, a former lieutenant colonel, and his wife, who is a judge in a people's court.

The Communist party paper asked severe punishment for M. Tarashevich and his wife, Judge Romanova, for persecuting Mrs. Aerypina Orlova backwards and forwards through all the courts of Moscow the past five years.

Pravda said Tarashevich got a job hold in Mrs. Orlova's room by marrying a nurse temporarily living with her. Then he sent the nurse away and appeared with a new wife, Romanova.

Forging papers, he officially registered as a resident of Mrs. Orlova's apartment and tried driving her out by making her life miserable. Finally he took the case to court and had her evicted.

She appealed, but he delayed court action for years by filing new papers every six months. This required a complete new review of the case each time.

Bus Fares To Increase

Fred Josten, operator of the city bus system, announced today that bus fares for children from five to 10 years of age and for all school children would be increased from 10 to 10 cents Sept. 1.

City Councilman Darrell Miller, member of the City Utilities Committee, said the committee had recommended the increase be allowed. To make the increase legal, the City Council must now approve the Utilities Committee's recommendation. Miller said he was certain the council would do so.

Josten also said that the use of transfers would be stopped Sept. 1. He added that the Oregon Avenue and Hot Springs bus runs would be discontinued unless there was an increase in patronage. He said the two runs were now being operated on a trial basis.

Reward Offered For Safe Driving

PORTLAND (U.S.)—Buel C. Nelson, Portland, whose wife was killed last year in an auto accident, has offered \$100 to a Portland hot rod club if its members do not cause, by their own carelessness, a fatal or disabling accident for one year.

Nelson said the money to Gov. Douglas McKay and told him to turn it over to the Road Angels of Portland on Aug. 26, 1953, if the conditions are met.

Sparkman Now In Mississippi

MENDENHALL, Miss (U.S.)—Sen. John Sparkman, Democratic vice presidential nominee, will open a two-week campaign tour with a speech here tonight.

The Alabama senator will speak at the high school stadium under the auspices of the Junior Chamber of Commerce.

His next scheduled speech will be at the Amvets National Convention at Grand Rapids, Mich., on Saturday.

Thieves Take Shop Tools

Mechanics' and shop tools have been the object of several thefts reported to City Police in the past few days.

Two electric drills were taken from a shop in the basement of the Cascade Hotel, 11th and Walnut, sometime within the past month, owner Nick Blanas said. Some hand tools also are missing.

Arthur W. Reed, 1915 Alandale, reported a metal box of mechanics' tools taken from his auto. Some of the tools are stamped with his initials.

Carl Hamil, 238 Mortimer, had a box of tools stolen from his pickup and Delbert Lepley Jr., 1413 Simms, reported a pair of pliers, a couple of wrenches and a hub cap taken from his car.

A. F. Anderson, 535 Lincoln, a railroad man, reported that sometime since Sunday someone had taken an electric razor, electric railroad lantern, a sports coat, shirt, sweat shirt, winter underwear and a pair of new buckskin gloves from an office at the Great Northern depot.

Three Cars Overtaken

Three automobiles were wrecked in highway accidents during the early hours just before dawn this morning, but none of the occupants were injured.

The first occurred on US 97 south of Midland when Jack Wilson, an Illinois resident, averted his 1937 Dodge sedan to miss a porcupine. The car rolled over.

Next was an accident on US 97 at the Modoc Point construction. A 1949 Hudson occupied by the Harold Skinner family, Chula Vista, Calif., went over an embankment. Mrs. Skinner, the driver, told State Police she failed to see construction warning signs.

The third accident involved a 1949 Plymouth driven by LeRoy Burt, Route 3 Box 421-B, which overturned on Oregon 66 near the Weyrhauser junction. Burt said he hit a rock on the highway.

Still another accident in which a vehicle overturned occurred on Washburn at LaVerne yesterday afternoon.

A 1940 Ford sedan operated by Alice M. Moss, 1926 Ogden, struck the rear end of a 1939 Chevrolet pickup driven by Luther Barnes, 4339 Altamont. The pickup turned over and skidded on the roadway, hitting a 1950 Dodge pickup driven by William T. Merrill, 2847 Montelus. There were no injuries.

Scientist Pair Visit Klamath

Visiting his mother, Mrs. Pansy Johnson at 2421 Orchard, is Dale E. Johnson and his wife Charlotte. Johnson and his wife graduated in June from Washington State College where Johnson was awarded a B.S. degree in entomology and Mrs. Johnson received a B.S. degree in nutrition and institution management.

This summer Johnson was employed as research assistant on cherry fruit fly research at the tree fruit experiment station at Wenatchee, Wash. In the fall he will do graduate work at the University of Minnesota and Mrs. Johnson will intern in dietetics at the University of Minnesota Hospital at Minneapolis.

Market Group To Ship Stock

The Klamath Livestock Marketing Association will begin periodic shipments of stock to the San Francisco market, Mr. Chuck Warren announced today.

Shipments of cattle are to be accepted until deadline Sept. 6. Warren said with contacts made at least three days earlier, sheep shipments will go out the day following.

Market date will be Sept. 8, and every two weeks thereafter, Warren announced, with shipping dates for cattle two days previous and shipping dates for sheep one day previous. Any hours which may be available for sale will go with sheep.

Warren pointed out that increased participation in the livestock association by Farm Bureau members—who are the eligible users—is for the benefit of everyone using it.

Before final deals are closed, Warren will contact the Valley Marketing Association to report prices down there, and makes all arrangements for trucking and other facilities.

Cost for shipments so at about \$1.85 per hundred pounds, or at least two days previous to shipping. Warren said. Other facilities so as high as four cents, including shrinkage.

Biggest problem the manager said is to grade out sheep and grades here will be uniform with grades at terminal points. He said it sometimes can hurt when fat stuff is mixed with feeder.
