GRAINS

CHICAGO (U) — A series of small gains was rung up on the board of trade Monday as selling pressure let up in all grains.

Stevenson Speech

(Continued from page 1)

ernment depends on you, and something which I think you professional somnambulists, you depend on government, for the ultimate protection of a free press resides in the constitutional guarantee.

Stevenson said he was aware that "the overwhelming majority" of newspapers are supporting Eisenhower. And he teased the editors by recalling that neither the late Truman had widespread editorial support in their campaign.

"I certainly don't take it personally," he said. "In fact I would have been somewhat startled and unhappy if I had received much press support after the reception given my Democratic predecessor."

"A free society means a society based on free competition and there is no more important ideal, competition in opinion.

"It's not honest convictions honestly stated that concerns me. "Rather it is the tendency of many papers, and I include columnists, commentators, analysts, feature writers and so on, to argue editorially from the personal or subjective rather than from the whole truth.

"What I am saying, in short, is that the press cannot condemn demagoguery, claptrap, distortion and falsehood in politicians and public life on the one hand, and practice the same abuses on the public themselves on the other."

He said the nation must look to the newspapers for the enlightenment necessary in this time of world crisis. "Our government and our arms and our wealth will avail us little, if the editors do not accept this invitation to greatness."

Stevenson arrived in Portland after a day of conferences in Billings, Mont., followed by an appearance at a rodeo in Lewiston, Idaho.

Conforming to his usual practice, he made no speeches on Sunday.

But he rode in an open convertible around the ring in Lewiston, where the rodeo was in progress, accepted a large Western hat — a fixture of every political campaign in the West — and even drew the name of a horse for one of the cowboys competing in the finals of the bronc riding.

The cowboy was Bill Ward, of Angel's Camp, Calif., and he won the contest, a few moments later. But the crowd roared with laughter when the Democratic candidate dipped his hand into a hat, drew out a slip of paper, and announced the horse selected was named "Ty Mc."

He also kissed a little girl — the first baby-kissing episode of the campaign before leaving Lewiston. Stevenson is scheduled to appear at the annual Multnomah County Democratic picnic this afternoon. He plans to fly on to Seattle tonight, and then go south to San Francisco. From there, his itinerary calls for railway "whistle stops" to Los Angeles.

When picked up, Hamilton had seven slips in a shopping bag. They had been taken from Sears, Roebuck and Company, Police said he admitted taking them.

Hamilton told questioners that he had been convicted of felonies six times since 1932, and that he had served prison sentences in Kansas, California, Idaho and Montana.

His bail was set at \$3,000.

KLAMATH FALLS MAN JOINS TAXPAYERS' GROUP URGING "NO" VOTE ON RACING BILL

ELMER BALSIGER

SAYS:
"Vote No on the Racing Bill!"

"Here's why we can't afford to lose pari-mutuel revenues:
(1) Taxes would go up. Next year the State Treasury would lose roughly \$1,000,000 in pari-mutuel revenue. We taxpayers would have to make up the loss.
(2) The fairs will suffer and may die. Our 36 county fairs depend to a large extent on pari-mutuel funds for existence. They'll each lose an estimated \$12,500 annually if racing is abolished.
(3) Oregon and its 36 counties receive more than eight (8) times as much as the track stockholders are paid in dividends. That's not unreasonable. In addition, official records and audits show that over 98% of every wagered dollar that produces this revenue, remains here in Oregon.
"Joining me in this opposition are 37 responsible men representing every county in Oregon. Our Taxpayers' Committee to Retain Pari-Mutuel Revenues is composed of ranchers, businessmen, farmers and civic leaders who realize pari-mutuel funds make a yearly contribution to the tax and economic structure of our state."

LIVESTOCK

CHICAGO (U) — Cattle marketing took another big jump this week-end but other classes started the week at a moderate rate today. Prices were mixed in trend for most species.

In the hog market, butcher weights were steady to 25 cents lower at \$18.50 to \$20.50. Sows, which were relatively scarce moved steady to 25 cents higher at \$19.75 to \$19.25. All divisions cleared well.

In the cattle trade cows and bulls were fully steady but steers and heifers were steady to as much as 25 cents lower.

Included in the estimated 20,000 cattle on sale were only a modest supply of prime steers. These sold from \$35.25 to \$36.00 with one high-prime load taking \$36.25.

Most choice and prime steers and yearlings ranged from \$31.50 to \$35.00. The latter price also was the top on heifers for a load testing prime.

Good and choice heifers brought \$27.00 to \$33.00. Cows topped at \$20.00, bulls at \$23.00, and vealers at \$24.00.

Little action took place in the sheep market. Indications were for a steady to 50 cents lower market. Two loads of choice shorn lambs and yearlings made \$25.00 and \$25.50.

Also included in the day's receipts were an estimated 10,000 hogs, 400 calves, and 2,500 sheep.

So Ends This Age

HE TOLD IT — Mr. Moody used to tell his hearers that right then, before he had finished his talk, the last soul may be saved. He told out God's roll-call of the redeemed. As did Moody, so do the great Bible teachers of our day. They also can point to Acts 16:14 — God has opened a door to nations to take out of them a people for his name.

Many Active—Thousands of students from Bible Institutes, 800 of Christ centered colleges as well as others of the rank of an elite, are energized by the truth that God is now calling out a people for his name. So the many press forward to reach the last man. Your Bible knowledge and prayers tell where you stand. This space is sponsored by a Portland saw-mill family who would have you know the joy and energy of such a look for Christ's near-to-hand coming. Postal card me for "One-A-Week." A Message, Geo. N. Taylor, 3101 S-W McChesney Rd., Portland 1 Ore.
