

RAY McNABB, assistant manager of West-Hitchcock Corporation here for the past eight years, has resigned his position with the announced breakup of the company recently, but has no definite plans. McNabb came here from the Portland branch of Allis Chalmers.

Cabot Named To Pakistan

WASHINGTON (U) — President Truman has named John M. Cabot, State Department career officer from Massachusetts, as ambassador to Pakistan.

The appointment was announced yesterday after a White House ceremony at which Pakistan received a 15-million-dollar loan for the purchase of American wheat.

Cabot, a 51-year-old resident of Cambridge, Mass., has been American minister to Finland since Feb. 2, 1950.

Assistant Secretary of State Jack McFall has been named to take Cabot's place in Finland. Avra Warren, who has been ambassador to Pakistan, is being given another assignment.

Clark Reveals New Command

TOKYO (U) — Gen. Mark Clark announced yesterday a new command will be set up Oct. 1 to be known as the United States Army Forces, Far East (USAFEF).

The USAFEF will take over the personnel and work of the Japan Logistical Command, which was organized in 1950 to see that men and supplies were funneled into Korea. It will also take over all the purely Army functions of Clark's Far East Command headquarters.

The USAFEF will be headed by Lt. Gen. William K. Harrison, senior U. N. Command delegate at the Panmunjom armistice negotiations.

Non-Military A-Use Urged

SAN FRANCISCO (U) — Gordon Dean, chairman of the Atomic Energy Commission, says the United States must release part of its monopoly of non-military uses of atomic energy if peaceful uses are to be developed fully.

Perhaps, Dean told the American Bar Association yesterday, the 1953 Congress "will have to decide whether to end the monopoly, and if so, how."

He said the day will arrive in the "not unforeseeable future" that that U. S. will have stockpiled all the atomic weapons "we would possibly need to destroy not only the industrial ability of an aggressor to make war, but also his forces in the field."

"Our atomic enterprise, however, is big enough to accommodate both an atomic energy program for defense and an atomic energy program for peace," he said.

Copter Sets New Record

NIAGARA FALLS, N. Y. (U) — A Texas test pilot's 1,234-mile hop to Niagara Falls yesterday broke every known non-stop distance record for helicopter.

Elton J. Smith, 31, of Ft. Worth, covered the distance from his home town in 12 hours, 57 minutes and 30 seconds, flying a Bell Model 47D-1. Auxiliary tanks boosted the craft's fuel capacity from the normal 30 gallons to 167.

Policewomen Used As Decoys

NEW YORK (U) — Attractive policewomen in civilian finery were sent out into the street last night as decoys in a stepped-up fight to check the wave of rape, robbery and other crimes plaguing the city.

Husky male detectives were assigned to keep the lady cops under observation and move in quickly if any man should try to molest them.
