JET JEEP IN FLIGHT-The XH-26, a one-man pulse-jet helicopter made for the Army by American Helicopter Co., of Torrance, Calif., zips into the air in its first public flight demonstration before Army Secretary Frank Pace, Jr. The small ship is for Army use with combat infantrymen. Top speed is 80 miles an hour and flight range about an hour and a half. It has been unofficially dubbed the "Jet Jeep" because of its jeep-like qualities in the air. It is the smallest copter ever procured by the Army.

Klamath Reclamation Man Goes To Jordan On Point 4

A warm international political situation isn't keeping Dave Bunger, Klamath Bureau of Reclamation soil scientist, from participating in the government's Point-Four program in one of the hotbeds of the Near East—the little kingdom of Jordan. Bunger and his family plan to drive back to the East Coast where he is to undergo a week of orientation before they fly across the Atlantic Oct. 12.

DAVE BUNGER

Reclamation for 18 years, and is 40 years old. C. W. Burningham, who was with the Klamath Project for several years, recently retired from Saudi Arabia where he was working on the development of the Near East, a somewhat similar project, but not exactly like Bunger's. Burningham is now in Sacramento. He came out of the ether and insisted on going through with the wedding. "I can't disappoint our friends." With the assistance of a nurse, a stretcher, and a wheelchair he made the five-block trip from Sacred Heart Hospital to the First Presbyterian Church. The honeymoon, says Richard, will start next week—"I'll be out of the hospital then."

Love Knows No Bounds

ALLENTOWN, Pa. (AP)—Richard Crouthamel was 21-years-old Sunday. He also was married—and lost his appendix. Sept. 21 — Sunday — is a day Dick and his bride of a day, Joy Atiyeh of Allentown, will long remember. The Middletown, Pa., youth suffered an appendicitis attack while rehearsing the marriage ceremony Friday night. The operation was completed early Sunday.

Lake County Men Drafted

LAKEVIEW—Two Lake County men have been called into the armed services by the local draft board, it was announced by Mrs. Marion Sells, board clerk. Robert Clifton Howard left for Portland Wed., to report for induction today, Sept. 18. The other man is Jeremiah O'Leary, who has been making his home in Seattle and was being inducted by the Seattle board for the local board.

Fire Damages Rock Crusher

A fire of undetermined origin Saturday afternoon damaged the W. D. Miller rock crusher on the Round Lake road. Some heavy timbers were damaged and several conveyor belts burned. Fire equipment of the Klamath Forest Protective Association, the county fire department, Stewart-Lenox fire departments and Oregon Tech assisted in quelling the blaze, and a city pumper went to the Stewart-Lenox station to stand by. Saturday night city firemen were called to the First Christian Church 8th and Pine, where electrical wiring was smoking in the basement. Late Sunday afternoon a run was made to the 1300 block on Lakeview where a power wire burned out between a house and a pole.

New April Fool Film Has Cast Of Talking Animals

By ERSKINE JOHNSON
HOLLYWOOD—(NEA)—Hollywood and Grapevine: It makes call talk, so can dogs and horses. A new film entry at Fox is "First of April," co-starring a couple of talking horses and a pair of a dog! The only humans in the film play bit roles and their dialog comes out in unintelligible gibberish.

Four Killed As Plane Hits Car

MADISON, Wis. (AP)—Death from the sky struck an automobile Sunday. An Air Force C-47 transport plane, settling for a landing, struck the car on a highway bordering Truax Field killing the four occupants of the vehicle. The plane sliced off the top of the auto and jammed its own landing gear. The pilot, Lt. Col. S. J. Wicker of Norton Air Force Base, San Bernardino, Calif., circled Truax for 30 minutes but finally panicked to earth without injuring any of the plane's 12 passengers.

Killed were Clark Dickie, 58, his wife, Elizabeth 52, their daughter, Fay, 30, and Mrs. Dickie's mother, Mrs. Catherine Blank, 70, all of Milwaukee. Kathleen Winsor, who never got around to dedicating a novel to ex-hubby Artie Shaw, has dedicated her new one "The Lovers" to her new mate, Arnold Kravker. And one line from the dust jacket blurb of the book will make movie ad writers blush: "Only in his primal ruthlessness could he know the exquisite pain of a love that could never be satisfied."

Hollywood is glad to hear Gail Russell is on the mend. Look for Rita Hayworth's next to be a comedy. Ruth Gordon and Garson Kanin are writing "A Nice Place to Visit" with Rita in mind. If the title didn't tip you, it's about New York.

Alan Wilson says he knows a psychiatrist who has a sure cure for inferiority complex. He sends his patients to live in Texas for a year. Director Eugene Lourie, who directed "Monster from Beneath the Sea," story of a pre-historic brontosaurus that invades New York.

Car Sales Reduce Debt

LAKEVIEW—The Lions swimming pool debt fund was \$250 closer to its goal this week as a result of the sale of two cars sold in public auction Saturday afternoon, Sept. 13. The debt is now down to about \$4400. Hugh Mercer's 1940 Ford coupe went to Arthur Fember for \$180, with Marsh Glos as auctioneer. A Nash donated by Glos and sold by Mercer brought \$70 from Elton Welch.

Next Monday another "Meet the Staff"

York City, received a letter from the museum where he did research. The letter read: "We wish to correct a research fact we have you, and hope that you will correct your script accordingly. Brontosaurus did not live 375,000,000 years ago, but 370,000,000 years ago. We hope you correct your manuscript." Jan Sterling's still gasping at her personal appearance tour with Tony Curtis to drumbeat it for "Flesh and Fury." "They had to call out the riot squad to handle the boob-owners wherever we went," says Jan. "Tony's stunts should give you everything he wants. There's nobody in Hollywood who has this thing with the kids the way he has it."

Hollywood's guessing the identity of the chief character in Robert Garson's forthcoming novel about movietown. "The Magic Lantern." A pioneer of the studio industry, who was ruined by the advent of the talkies, is their bet.

June Haver's on her toes again after her long illness. She's back at Fox, rehearsing the dance sequences with Dan Dailey in "The Girl Next Door." Jean Pierre Aumont has his fingers crossed for

the filmography of Louis Braille which he's already done on television.

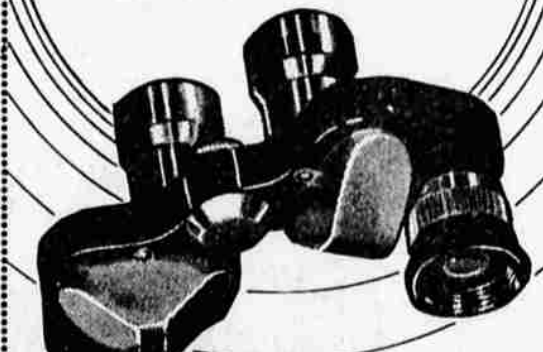

Marilyn Monroe's name is topping those of Ginger Rogers, Paul Douglas and Fred Allen on theater marquees for "We're Not Married." Ouch! . . . Jon Hall's warbling with Frances Langford on their current G. I. entertainment tour in Korea could mean a warm-up for a filmical co-starring the pair.

Film queen to Ruth Hussey who a certain leading man: "He's terribly nice, but whenever he opens his mouth he shatters the illusion of being human."
