### T. Lamar Caudle Declares Firing Was Grave Injustice

WASHINGTON — T. Lamar Caudle looks upon his dismissal from the Justice Department last November as "a grave injustice." And he testified yesterday he has been told that this view is shared by the man who fired him — President Truman. Not so, rejoined the White House.

The reason given for separating Caudle from his job as an assistant attorney general was that he had engaged in outside activities not compatible with his official duties.

Caudle, who reached the climax of the story of his dismissal with tears in his eyes, said he still does not understand why the President acted as he did.

The Chief Executive, he went on, never gave him a hearing before.
