Humorist At Dinner Meet

Humorist William E. Skadden left a knife and fork crowd in scab at the Willard Hotel last night.

Lifting experiences from his own life, Skadden showed people how they reacted to situations—situations so common as to be taken for granted by most persons.

A great actor, his animations were reminiscent of one of the screen's well-known comedians, Lou Costello, in physical appearance also he is similar.

Skadden has been in the field of consulting psychiatry for many years, and has been consulted by more than 5,000 couples.

"They were suffering seasickness," he said, "on the sea of matrimony."

He said marriage is never just a 50-50 situation. Someone has to always be going more than 50 per cent of the way for the other.

For the third straight year the Krater, KUHS school paper, has been awarded the international honor rating by the Quill and Scroll society.

The award is the highest of five awards made annually to outstanding school newspapers in the country.

Judges in the contest commented on the excellent coverage of Krater which is exceptionally good and that many excellent features have been developed.

Mildred Mitchell and Beth Cunningham, 1952 graduates, edited the Krater. In the contest, J. K. Hvistendahl is adviser of the publication.

Truman Scandals

bility of politics at most levels are empty phrases.

"And here is the way my distinguished opponent replied to my own question:

"Having asked the question, I shall hastily answer it myself by saying it is not the lower order of the genus pol—that, I believe, is the Latin phrase of politicians—it is not the lower order of genus pol, but it is the fault of you, the people."

"There," said Eisenhower, "you have it. For the inescapable fact, under the administration, 'honor and nobility' in government 'are empty phrases'—for that, the fault belongs to you, the people."

"How does that strike you here in South Carolina: As true or false? Is this Washington mess, the fault of you, the people? Will you accept the blame while the administration and its candidate get out from under?"

The general asked: "Are you to blame for allowing the nation after nation to fall to the Communists to increase their manpower and swell the resources of their slave empire?"

"Are you to blame that today, as a result of these surrenders, the enemies of freedom have built and heavily manned a threatening line across the middle of once-free Europe?"

"Are you to blame for the loss of China?"

"Are you to blame for the fact that seven years after winning the Second World War, our country still has no clear, positive practical program for peace?"

Eisenhower declared "this long record of failure in the cause of peace is not your failure; it is the failure of an administration too long in power."

Eisenhower declared "this long record of failure in the cause of peace is not your failure; it is the failure of an administration too long in power."

Yugoslavians Tour Klamath Basin; Find It Similar To Balkan Homeland

By MALCOLM EPLEY JR. The Klamath Basin is playing host this week to one dozen Yugoslavians, here to learn what they can about the production of forage crops and small seed under the direction of the Mutual Security Agency and the United States Department of Agriculture.

But here the visitors were guests of the state of Oregon, the Klamath County Agent's Office and the Tulelake Farm Advisor's Office. They have been touring this area for several days and plan to continue for several more.

The dark-haired, stocky Slavs are a friendly sort. They have been in the United States for six weeks, and are fast becoming accustomed to the way Americans do things.

Originally the wife of the Yugoslavian financial counselor with the Washington embassy was accompanying the group, but had to return to the nation's capital following a regrettable newspaper reporting incident in California.

Mrs. Vojna Milovanovic was acting as interpreter, but a reporter who printed some misquotations and answers to leading questions concerning politics caused her some concern and she attempted to straighten them out.

Mrs. Milovanovic is to rejoin the group something this week.

Mrs. Milovanovic is to rejoin the group something this week.

In her absence interpretations have been taken over by a 35-year-old agricultural engineer who learned his English "right out of a book," Obrad Jovanovic. He and another of the party named Jovanovic (Dimitrie) are able in the understandable English speaking business. The rest speak several languages, but few understand any English.

Obrad Jovanovic describes his native Yugoslavia as not unlike the Klamath Country. It has a dry climate in some parts, though other portions are damp. He says there are barren hills and valleys much like this area, though the mountains are much higher around the valleys.

There are many rivers in his country, Jovanovic says, but his people have not yet been able to develop them for irrigation purposes. The potential is there, he says, and developments are planned for the future.

Yesterday the tour for the visitors included a visit to the Reeling ranch in Poe Valley, where a fine dairy farm now stands on land that some years ago was just unlike the marginal lands of the Balkan state. Later they visited the Main area, and the Frank Payge's were able to carry on discourse with the Yugoslavians in their native tongue, though with a few dialectic difficulties.

Under the Mutual Security Agency, which not only provides military aid but technical assistance to needy European countries, the plan to bring technicians to this country to learn is expected to pay off better than sending our own results of learning to them. Thus the people of Yugoslavia may become more and more dependent only upon themselves.

Thus the people of Yugoslavia may become more and more dependent only upon themselves.

The Payge's visited their native Czechoslovakia several years ago.

Chaperoning the one dozen agricultural and technical experts across the country is Forest H. Turner, who has a farm in Wisconsin. He has handled other such groups, and says he doesn't find it difficult despite linguistic difficulties to take care of the group.

Other members of the party include J. C. (Dinty) Moore, land use specialist from the Oregon State Extension Service, and the following Balkanites: Mrs. Stojanka Kosanovic, a graduate of the University of Belgrade and a member of the Main Board of Agriculture where she is in charge of seed production and seed improvement in Serbia; Krista Nastovic, a director of Macedonian crop production; Ivan J. Patocnik, a director in the agricultural technical school in Brezova; Trajko H. Boskovi, an agronomist for the Main Board of Agriculture at Skoplje; Petar Stelic, a director of agriculture institute in Banja Luka; Jozef Sivarnik, Slovenia economist and agricultural technician; Bozidar Velickovic, a research assistant of the institute of animal husbandry at Zeman, and Kamenko Vukotic, interested in soil conservation and a crop production manager on a state farm.

On The Record

DIXON - Born to Mr. and Mrs. Paul Dixon, 201 Roseway, at Klamath Valley Hospital Sept. 29, 1952. A girl. Weight 6 pounds 11 ounces.

YOUNG - Born to Mr. and Mrs. Jim Young, 714 N. 3rd, at Klamath Valley Hospital Sept. 30, 1952. A girl. Weight 4 pounds 9 ounces.

BRUMBAUGH - Born to Mr. and Mrs. Charles Brumbaugh, Box 771, Doris, Calif., at Klamath Valley Hospital Sept. 29, 1952. A girl. Weight 8 pounds 2 ounces.

MATHIS - Born to Mr. and Mrs. Harvey Mathis, 5623 Shasta Way, at Klamath Valley Hospital Sept. 29, 1952. A girl. Weight 5 pounds 12 ounces.

COMPLAINT FILED B. E. R. K. and A. C. DeMera, doing business as Demers Milling and Lumber Company, vs. Matt Kohn, Agnes Kohn, Floyd Paup and two unidentified persons, suit for total of \$10,000 damages claimed, resulting from alleged conspiracy, Barr and Hammond, Yreka, and U.S. Valentine, attorneys for plaintiff.

The robbery took place after 10:20 last night when the station closed, and before daylight today. The burglar broke out a panel of glass in a sliding door of the grease room, reached in and removed a big screwdriver securing the door to get in, and went from there into the office.

The safe is sunk in a floor well, and evidently some time was spent in attempting to pry open the top, using tools picked up in the station. Failing to get the top open, the burglar evidently proceeded to fish out currency through a small money slot.

In addition to the money, a few tools were taken, Cloake said, but no checks, tires or other automobile accessories.

Two persons are held in the County Jail today on felony charges involving issuance of bad checks. They are Philip James Barker, 29, Medford, booked for obtaining money by false pretenses, and Bonnie Jean Alexander, 30, 110 Martin, charged with passing a check with insufficient funds to cover.

Mrs. Alexander was arrested last night by City Police, and her bail has been set at \$2,000. Barker was taken into custody in Medford and brought here yesterday afternoon by Deputy Sheriff Dal Reed.

TULELAKE - Sale of the weekly Tulelake Reporter to Mr. and Mrs. L. M. Lester, Pleasanton, Calif., has been announced by John Edmonds, publisher of the Tulelake Publishing Company.

The sale is not effective until tomorrow but the Lesters have been in this area for several days acquainting themselves with the routine of publishing the paper. Edmonds, who has been editor and general manager of the paper, said he would leave here about Oct. 10 for a vacation with relatives in Canada before resuming work elsewhere.

Court Records

DISTRICT COURT Roy Duane Wright, inadequate safety chain, forfeit \$20 bail.

MUNICIPAL COURT Homer L. Dale, ran red light, forfeit \$5 bail.

Walter Eugene Croxell, no operator's license, fine \$10.

George Alva McKeen, violation basic rule, fine \$10.

Erroy Elmer Meyer, violation basic rule, fine \$20.

Ralph Walter Veach Jr., driving while investigated, bail set at \$400.

William R. Kiefer, drunk, 15 days, Wayne Slater, violation basic rule, forfeit \$20 bail.

Wayne Slater, no operator's license, forfeit \$5 bail.

William Boston, drunk and disorderly conduct, fined \$20.

William Boston, vagrancy, plead not guilty.

Burglar Hits Cloake Station

A prowler sometime late last night or early this morning fished about \$180 in currency out of the station in the Chevron service station, 1203 Main, operated by Bud Cloake.

The robbery took place after 10:20 last night when the station closed, and before daylight today. The burglar broke out a panel of glass in a sliding door of the grease room, reached in and removed a big screwdriver securing the door to get in, and went from there into the office.

The safe is sunk in a floor well, and evidently some time was spent in attempting to pry open the top, using tools picked up in the station. Failing to get the top open, the burglar evidently proceeded to fish out currency through a small money slot.
