Young Suspect Surrenders

Twenty-two year old Frank Gestvang, 4022 Delaware, surrendered to City Police yesterday afternoon at the police station, announcing that he had heard there was a warrant out for him.

He is charged with burglary, and was to be transferred to the County Jail today.

Gestvang is jointly charged with Stanley Edward Mayfield, 22, in the burglary Sept. 23 of the Roy Call Wrecking Company office.

Mayfield gave himself up last week at the police station, and has already pleaded guilty in Circuit Court to the burglary count. In addition, he had admitted several other break-ins locally.

Reds Fire On Mercy Plane

BERLIN (AP)—Two Soviet jet fighters fired several machine-gun bursts at a U. S. Air Force mercy plane in the Allied air corridor 60 miles southwest of Berlin today but the American ship escaped into the clouds and reached Berlin unharmed.

Maj. Gen. Lemuel B. Mathewson, U. S. commandant in Berlin, personally interviewed the plane crew after they landed at Tempelhof air base and said an immediate protest would be made to the Soviet high command.

The plane, a twin-engine DC3, was en route to Berlin with an Army nurse aboard to evacuate Army patients for special treatment at base hospitals in West Germany.

The crew reported the two Soviet MIG15 jets swooped on them and fired several machine-gun bursts across their path.

The American pilot, "flew directly into cloud cover which happened to be at hand and got away," Gen. Mathewson said.

Gen. Mathewson indicated the plane was abiding by the four-power rules at the time of the incident and was flying at the proper altitude and within the boundaries of the corridor reserved for Allied flights.

Court Changes Liquor Charge

The conviction in District Court last April 15 of William A. Gordon, 18, on a charge of possession of alcoholic liquor has been set aside and reversed by the Circuit Court.

Gordon was found guilty by a jury after a District Court trial, and was placed on probation for five months. But his attorney, George Proctor, took the case to Circuit Court on a writ of review, claiming that the testimony given in the lower court trial did not substantiate a conviction.

Judge David R. Vandenberg heard arguments on the case several months ago, and now has ordered the conviction reversed. Gordon acquitted of the charge, and the sentence vacated.

The youth had been accused of possession of alcoholic liquor on Feb. 9, the charge brought by an Oregon Liquor Control Commission investigator.

Red Congress To Hear New 5-Year Plan

By EDDY GILMORE and THOMAS P. WHITNEY

MOSCOW (AP)—Delegates to the 19th all-Soviet Communist party congress were expected to get a full report today on Russia's production-boosting new five-year plan. They may also get around to discussing sweeping changes to be made in the party organization and its by-laws.

These two subjects were the next major items on the five-point agenda as the first big party convocation in 13 years went into its fourth day.

The report on the Soviet Union's fifth five-year plan, which extends from 1951 to the end of 1955, was to be presented by M. Z. Saburov, chairman of the State Planning Commission.

Advance reports show the plan envisages an immense buildup of Soviet economic strength, boosting the nation's production by 70 per cent over that of 1950. New goals have been set to boost steel output by 62 per cent, coal by 43 per cent and petroleum by 85 per cent by the end of 1955.

After approving the five-year plan, the 1,366 delegates will take up the new statute outlining the reorganization of the party administration.

This calls for abolition of the Politburo, a Central Committee agency under the leadership of Prime Minister Stalin to which world communism long has looked for guidance. Replacing it will be a Presidium which will "guide the work of the Central Committee between sessions."

The proposed new Presidium not only will offer political guidance but will take over the Organization

Bureau (Orgburo), which also is to be abolished.

The statute also calls for changing the two-decade-old name of the party from the "All-Union Communist Party (Bolsheviks)" to the "Communist Party of the Soviet Union."

Yesterday's Congress meeting approved the party's policy program, set out in a 25,000 speech Sunday night by Deputy Prime Minister Georgi M. Malenkov, one of the key members of the Politburo.

Stalin was present when the action was taken and stayed on to hear Deputy Premier Lavrenty P. Beria, another Politburo member (and boss of Russia's secret police) deliver a thundering denunciation of the United States and high praise for the achievements of the Soviet Union.

"American imperialists who have grown fat in two world wars, drunk with the idea of establishing their own world domination, are again pushing the people into a world war," declared Beria, "although there is no doubt that in unleashing the war they are only

speeding their downfall and their death."

The Soviet news agency Tass said the delegates met these words "with stormy applause."

Beria then described a "new powerful upsurge to the (Soviet) national economy," which he said more than doubled the level of Soviet industry over the prewar period. He claimed industrial output during the last two years was as high as that of the total of Russia's first two five-year plans.
