Retail Sales Move Ahead With Easy Credit Aids

By RICHARD FISKE
NEW YORK (AP) — Retail storekeepers did a nice bit of business this week with the aid of seasonal promotions and easy credit. Shoppers kept a tight grip on the purse strings in some sections. But in most parts of the country retail sales held to a high level and kept a nose ahead of a year ago.

With industry it again was a familiar tale of high production. Many manufacturers had to hustle to fill accumulating orders. Some reported tight supplies of skilled labor.

Apparently businessmen and bankers continued optimistic over the future for business loans stood at a record high of \$21,808,000,000.

It was the third successive week a new high was set and at least some of the money went to plant expansion and to building up inventories for the holiday buyer.

There was reason for optimism too in the federal reserve's figure on money in circulation.

There were \$29,417,000,000 making the rounds, another new record for the third successive week.

It was an indication both business and the consumer were spending more money.

It wasn't an entirely rosy picture, however. There were a few sour notes.

On the New York Stock Exchange traders took a dim view of

things at intervals and some sharp waves of selling sent prices downward.

At the last trading session of the week, however, prices climbed and the market recovered from its low point.

William P. Tracey of Columbus, Ohio, president of the National Wholesale Hardware Association, said surpluses are replacing shortages in his business.

Steel again was a star performer among the industries. The American Iron and Steel Institute estimated the industry would turn out 2,197,000 tons of ingots and castings this week.

The Institute added the industry would operate at 105.8 per cent of rated capacity to do this job.

The figures are slightly under last week's record. But during recent weeks revisions have constantly revealed the estimates were too conservative.

Automobile production edged ahead of the previous week — 141,181 units this week compared with 139,935 the previous week.

What's automotive repairs attributed the increase to Chrysler's

Montana Senatorial Contest Is Liberal Vs. Conservative

HELENA, Mont. (AP) — The voting record on administration policies is expected to determine the outcome of Montana's hot senatorial race between administration "trouble shooter" Rep. Mike Mansfield and arch Truman foe Sen. Zales Ecton.

The fight between the Democrat, a political science teacher and the Republican wheat farmer has drawn a record registration of 304,000.

It has been labeled the battle between the "free spender" and the "no spender."

Mansfield, who has earned a reputation as a global trouble shooter for presidents and as a supporter of government spending projects, is a leader in the Democratic administration.

Ecton, on the other hand, has a reputation as a foe of what he calls "reckless" government spending and as an ardent administration opponent.

The wheat farmer, Montana's first Republican senator since 1919, is the author of a Senate resolution which proposes that government spending be limited to the extent of federal revenue.

The Council of State Chambers of Commerce recently pegged Mansfield, now completing his fifth term, as one of the five House members "voting most consistently for bigger federal spending."

Mansfield, who was professor of history and political science at Montana State University until he went to Washington in 1943, obviously expects his 10-year congressional record to help him unseat Ecton.

That record includes fact-finding trips to Asia for President Roosevelt during World War II and later for President Truman; a successful tangle with Soviet Foreign Minister Andrei V. Vishinsky while a U. S. delegate to the recent U. N. Assembly in Paris; and turn-downs of appointments as assistant secretary of state for public affairs and as under secretary of interior.

Ecton, who says he is the first Montana senator of either party to be seated on the powerful appropriations committee in 40 years, actually is the first Republican ever sent to the Senate by the Montana electorate.

Since the late Thomas J. Walsh was elected to the Senate in 1912, when a constitutional amendment was adopted for a primary election, none but Democrats have served Montana.

Customs Men Get Opium

PHILADELPHIA (AP) — U. S. Customs agents swarmed aboard the British oil tanker Silverdale when she docked here yesterday and confiscated 111 pounds of opium valued at more than one million dollars on the narcotics black market.

Michael J. Bradley, collector of the Port of Philadelphia, who led the raid, said two Chinese crewmen were arrested and charged with attempting to smuggle and possession of narcotics. They are Ah Tay, a seaman, and Choy Peng, a fireman. Two other crew members, also Chinese, are being held for questioning, Bradley said.

The port collector said Capt. D. B. Edgar found 50 pounds of opium during the last leg of the voyage and placed it in his safe.

Bradley's men were alerted by a radio message from the Silverdale on Saturday and were stationed on the pier when the ship docked.

Bradley declined to comment on reports that some of the crew were "high on opium" and had attempted a mutiny.

The Silverdale was inbound from the Persian Gulf with a load of oil. The crew was recruited earlier in the voyage at Singapore.

Sabotage Try Said Failure

ELAN Wales (AP) — Police disclosed today that an unsuccessful sabotage attempt was made to blow up a pipeline carrying water to Birmingham, England's second largest city.

Saboteurs put an explosive charge against a buttress of an aqueduct which takes the big tube to Birmingham from reservoirs in the isolated Elan Valley in the mountains of Central Wales. The charge blew an eight-foot-deep crater under one arch but failed to damage the pipeline.

Queen Elizabeth II and Duke of Edinburgh are due in the area Thursday to open a new dam.

Another case of suspected sabotage over the week end took place at Armadale, in West Lothian, Scotland, where explosives were used in an attempt to wreck a privately-owned coal mine. No one was hurt.

CASUALTY LIST

WASHINGTON (AP) — The Defense Department today identified 94 casualties of the war in Korea. The new list (No. 674) included 15 killed in action, 77 wounded, one injured accidentally, and one missing in action.

There is nothing funny about an accident or a fire. Let us write a policy that will relieve you of a lot of grief. Hans Norland, 627 Pine St. Phone 2-2515.

Legal Notice

PUBLICATION OF SUMMONS
In the District Court of the State of Oregon, for Klamath County.
E. A. H. Keltner, Plaintiff, vs. Louise E. Avila, Defendant.
To Louise E. Avila, defendant, in the name of the State of Oregon.
You are hereby required to appear and answer the complaint filed against you on or before October 20th, 1952, that being the expiration of four weeks' publication of this summons prescribed by the order for the publication thereof, and if you fail so to answer, the plaintiff will take judgment against you for \$64.87, together with interest thereon at the rate of six per cent per annum from July 2, 1952, for the costs and disbursements of this action, and for the application of money from said fund now held by the State of Oregon to the payment of said judgment.

Man To Try Raft Crossing

LAS PALMAS, Canary Islands (AP) — A french scientist has set out on a 5,000-mile Atlantic crossing aboard a tiny raft in an attempt to prove that men can survive on the fish and plant life they can take from the sea.

The 27-year-old physician, Dr. Alain Bombard, started drifting yesterday from the Canary Islands toward the West Indies. During the voyage, which he expects to take about 50 days, he said he would live on raw fish and plankton, a small sea organism. He planned to distill his own fresh water from the sea.

Bombard carried emergency provisions which were sealed by a notary just before his departure. He did not take along a radio.

He drifted to the Canary Islands from Casablanca, Morocco, 600 miles to the northeast.

Navy Names New Carrier

WASHINGTON (AP) — The Navy's second 60,000-ton super aircraft carrier will be named the "Saratoga" — sixth American naval vessel of that name.

Construction will begin in December.

The Navy announced choice of the name Thursday and said the keel of the ship will be laid in December at the New York naval shipyard.

The first of the Navy's big post-war carriers, the Forrestal, is under construction at Newport News, Va.

The first "Saratoga" served in the Revolutionary war. The last fought in World War II and later was deliberately sunk in the 1946 Bikini atom bomb tests.

Clark Rejects More Talks

TOKYO (AP) — Gen. Mark Clark today bluntly refused to reopen Korean armistice talks on Communist terms.

In a strongly worded message he told the top Red commander in Korea the U. N. Command will never agree to negotiate further on any proposal requiring forced repatriation of war prisoners.

The Communists Thursday submitted a plan for renewing the truce talks at Panmunjon.

Clark told them today it was the "same old package" and contained "nothing new or constructive."

NOTICE TO CREDITORS
Notice is hereby given that I am the duly appointed, qualified and acting Administrator of the estate of Joseph Calhoun, deceased. All persons having claims against said estate are hereby notified to present the same, properly verified as by law required, to me at the office of Donald A. W. Piper, 207 Pine Tree Building, Klamath Falls, Oregon, within 6 months of the date of the first publication of this notice.

IN THE CIRCUIT COURT OF THE STATE OF OREGON FOR COUNTY OF KLAMATH
In the matter of the Estate of Pedro Gonzalez, deceased.
A petition having been filed by Ivey C. Clark, the duly appointed, qualified and acting Administrator of the above entitled estate, for an Order authorizing him to sell at private sale for cash the following described real property, to-wit:

Beginning at a point which is 3000 feet South and 1213 feet East of the Northwest corner of Section 14, Township 36 South, Range 10 E. W.M. thence running South 120 feet thence East 120 feet thence North 100 feet thence West 120 feet to the place of beginning, Klamath County, Oregon.

You, and each of you, are hereby cited to appear in the above entitled Court on or before the 5th day of November, 1952, then and there to show cause why the said petition should not be granted.

Witness the Hon. David R. Vandenberg, Judge of the above entitled Court.

Dated this 1st day of October, 1952.
Ives C. Clark, Clerk of the Court.
