

SAYS DOCUMENTS FOUND IN BARN—Sen. Joseph McCarthy, who assailed Gov. Adlai Stevenson in a speech at Chicago, displays enlarged photographs of exterior and interior of what he said was a dilapidated barn near Lee, Mass., where he said his investigators found over 200,000 "astounding documents" which he said showed "the Communists in the Institute of Pacific Relations were successfully shaping the policies of our state department."

Store Opens Department

Craig's store, 617 Main, which recently was purchased by Diana Stores Corporation, announced the grand opening of a new children's department.

The Diana firm, which operates 172 stores throughout the country, announced that Craig's now will

offer the people of the Klamath Basin a fine selection of children's wear.

Craig's continues under the management of Mrs. Isabel Krueger, long time resident of Klamath Falls. Mrs. Krueger said, "In the many years that I have been connected with retailing, it has never before been my experience to be able to offer such outstanding values as we now are able to do."

"I Speak for Democracy" is the topic that many an Academy senior can be seen working industriously upon, in preparation for the city, state, and nonion-wide contest of the same name. One student will be chosen from the school to compete against those chosen throughout the county schools, and the winner of that will be entered in the state competition. Likewise the state winners will be entered in the national and final judgement.

The last football game of the season will be played this Friday on the Chiloquin gridiron. A rally is being planned in preparation for the 2 p.m. kick off, and you can be sure the Trojans will be out to do their best in this final battle of the year.

Most Top Dixie Democrats Back Stevenson

ATLANTA (AP)—Dixie's top Democrats have closed ranks increasingly behind Gov. Adlai Stevenson in the closing days of the bitter 1952 presidential campaign.

Despite some conspicuous defections which would cost Stevenson some of the Solid South electoral votes, an Associated Press survey today showed more than 80 per cent of this section's governors, U. S. senators and congressmen on record for Stevenson — with a majority of these active in some way, in behalf of the party's standardbearer.

Dissenting Democrats and unprecedentedly active and hopeful Republicans, however, point to bids by a few prominent figures and insist that much of the support for the Democratic nominee actually is "for the record" to preserve claim to the party regularity which almost always has been vital to political advancement in the South.

D. Eisenhower, the Republican nominee, argue that many top

Democratic officials are giving only token aid to Stevenson

or are actually "sitting on their hands" although planning to vote Democratic.
