

By FRANK JENKINS
The Los Angeles Examiner publishes an account of what it says was an H-bomb explosion at a recent undetermined date. The military authorities say they know nothing of any such test. The atomic energy commission declines to comment.

Maybe somebody just got mixed up about last Tuesday's election—which shook things up quite a bit.
The Examiner quotes a letter from someone present at the test as saying:
'All we could do was stand there and gasp in amazement and awe at the enormous size and force released before us. Typical comment was: "That sure makes the A-bomb a runt."

Back to politics:
General Eisenhower's friends think he may name a Southerner to his cabinet in recognition of the huge vote the South gave him.
That was a historic and HOPEFUL event. It gives us, for the first time in nearly a century, the makings of a REAL two-party system.

The new York Times says President Truman has been telling his intimates since the election that while he recognizes Governor Stevenson as the leader of the Democratic party he himself expects to be a controversial figure in American politics for the next three or four years.

I hope the Democrats put up a real scrap on every foot of the road that lies ahead of us in the next few years. That's the best possible way to make the GOP effective. It is just as true now as it was before election day days in dangerous. A lot of our troubles track back to the rubber-stamp congresses of the 1930's, which swallowed everything that was offered without opposition.

I hope, though, that if he leads the opposition Mr. Truman adopt a different line. I didn't care much for his offer of the Presidential plane to take the trip to Korea—(if after the election) you still plan to go there.

Be Careful Of That Cone!

LONDON (AP)—You can get tipsy in Britain on ice cream—just step up to a bar and order several pints of it in any one of four jolting flavors—cream de menthe, brandy, rum or whisky.
This novel way of eating yourself into a spin is now offered by a few pioneer pubs, restaurants and hotels around the British Isles.
How much does it take?
Well, according to enterprising Peter Pioli, whose firm turns out the icy firewater, it depends on your capacity. Twelve pints of whisky flavored ice cream produces about the same results as a bottle of whisky, he reported.
The ice cream sells for seven shillings sixpence (\$1.05) a pint.
'If we think there's a big future for this,' commented Pioli.

WESTERN PIONEERS CONFERENCE

Ike Readies Plans For HST Conference

By BELMAN MORIN
AUGUSTA, Ga. (AP)—GOP Sen. Eugene Millikin of Colorado was reported headed for President-elect Dwight D. Eisenhower's headquarters here Saturday and there was a possibility the senator might be asked to serve as Eisenhower's representative in the budget bureau.
Millikin, it was learned, was scheduled to arrive in Augusta by plane.
Eisenhower is vacationing at the nearby Augusta National Golf Club. President Truman asked the general last Wednesday, the day after the election, to name a personal representative to sit in for preparation of the federal budget, which will be submitted to Congress early in January—before Eisenhower is inaugurated Jan. 20.
The president-elect replied he would choose a representative shortly. He also plans to place representatives in the defense and state departments.

Wilson Wants To Help Ike

SCARSDALE, N.Y. (AP)—Charles E. Wilson, former defense mobilization director under President Truman, is expected to help President-elect Dwight D. Eisenhower get "squared away" on his new job.
Wilson, former chairman of General Electric and a member of President Roosevelt's War Production Board, told a reporter:
'I served two stints in Washington and I have no desire to go back down there. But, if I can help Ike get squared away and he wants me to, I am available.'
Wilson was commenting on published speculation he might be named by Eisenhower to an important government post.

Reames Placed On Probation

PORTLAND (AP)—Thomas G. Reames, 26, Medford, was placed on two years probation Friday by Circuit Judge Rex Kimmel of Salem on a charge of armed assault.
Kimmel first sentenced Reames to one year in the county jail, then suspended the sentence and ordered probation. Reames was convicted by a circuit court jury in a case growing out of a shooting fray with police in which Reames' former wife was wounded.

Texas Democrat Is Sore Loser

SAN ANTONIO, Tex. (AP)—A 45-year-old San Antonio Democrat presented the winning smiles of his Republican landslide yesterday and was jailed after he had tried to burn her house.
He barricaded firemen from his small garage apartment in the rear of the landlady's house and fought with them as they broke down the door. He was booked in city jail on a charge of arson.
'I just didn't like her attitude,' he told Patrolman C. G. Ramirez as they rode to the city jail.

Klamath Falls News

Police Seek Pyromaniac In Chiloquin

CHILOQUIN—An unknown arsonist, charged with setting 11 fires destroying four vacant residences and damaging several others, is being sought in this area.
The rash of blazes began the night of Oct. 26 and was sporadic until last night when four mysterious fires broke out in scattered spots.
Fortunately, the fires thus far have been confined to vacant structures. But some of the buildings were fire blazes, adjacent to the main business district could have been disastrous.

Quick Work

Quick work by the Chiloquin Volunteer and Klamath Agency Fire Departments have thus far prevented heavy losses. Mayor Bill Lorenz, currently doubling as the town's police and fire chief, has been assisted by Mayor-elect James Chipman. Lorenz has been directing the search for the firebug and Chipman has been driving the fire truck.

First Fire

First of the fires, the evening of Oct. 26, was in a small unoccupied house near the railway station. Firemen saved the house that time but two nights later it was fired again and destroyed.

Jailbreaker Gets 10 Years

One of the men who participated in an escape from the County Jail Oct. 22 has been taken to the county jail on a 10-year sentence, but how long he'll stay there is another matter.
He is John H. Brandon, 26, sentenced to 10 years yesterday afternoon for assault, armed with a dangerous weapon. He admitted he had broken out of the jail with a heavy key ring the night Brandon and Bobby Krup, 19, broke out of the county lockup.

Rosenbergs Ask New Trial

WASHINGTON (AP)—A new trial has been petitioned for Julius and Ethel Rosenberg, husband and wife facing death as atomic bomb spies, and an attorney has asked permission to file a brief in the case.
The petition was left at the Supreme Court clerk's office Friday. It claimed to have about 60,000 signatures and bore the name "National Committee to Secure Justice in the Rosenberg Case," with a New York City address.

Shooting Ends Wedding Party

PORTLAND (AP)—A wedding party broke up here Friday night after a gun shot wounded one of the celebrants.
Detective Dan Mitola said a neighbor who objected to the noise of the party fired the shot. Mrs. Rosemary Baird, 37, who lived next door, was arrested on a charge of assault with a dangerous weapon, Mitola said.
Airman 3-C Lawrence Lunday, 20, of the Portland Air Base was hospitalized for a 22 caliber bullet wound in his ankle.
Mitola said the wedding party was at the home of Mr. and Mrs. Ray DeMars with 25 or 30 persons present. He said some in the party told him Mrs. Baird shouted for quiet and fired a warning shot in the air. Mrs. Baird said several men been walking toward her house then, and she said she fired at one of them in fear, Mitola said.

Crash Kills Calif. Man

EUGENE (AP)—A car crashed off the highway 63 miles east of here early Saturday, killing Ralph Terry Tunley, 26, of Vallejo, Calif., the driver.
A companion, Jack A. Ramey, also of Vallejo, escaped with minor injuries in the accident on Highway 58, some 23 miles east of Oakridge.

Educators Set Plans For Education Week Program

Klamath County educators in both city and county schools will swing into a week-long program tomorrow in observance of the 32nd anniversary of American Education Week.

Theme of the nationwide observance, Nov. 9 to 15, is "Children in Today's World," which will present the part the schools of America take in the lives of all students.

Present for conferences with school officials and visits to all schools will be Neva Dallas, Oregon State supervisor of elementary schools.

Coordinating plans for the week are Helen Montgomery, Chiloquin, for the county and Martha McLaughlin, Fremont School, for the city.

Each school participating is holding open house at some time during the week for parents and friends. Churches will have special observance Sunday and PTA meetings will conform to the theme.

5 Killed In Auto Crash

NEWPORT, Wash. (AP)—Three men and two women were killed late Friday night when their car, Reserve control on Highway 6 north of Newport and smashed into a tree.
Sheriff Darrell Holmes identified the men as Clayton Colvin, 17, Ione, Wash.; Duane Schreiber, 34, Clark Fork, Idaho; and Jack Edwards of Metaline Falls, Wash.

Harry Ready To Retire

WASHINGTON (AP)—President Truman was described by intimates Saturday as ready to retire politically. They said he has no desire to be anything more than a consultant to his party in the future.
The intimants suggested that Truman will assume in some respects the role of elder statesman of the Democratic party, somewhat as Herbert Hoover did with the Republicans. That would leave to Gov. Adlai Stevenson, as the new titular leader of the party, the direction of the Democratic organization in its new role of the minority opposition.

Russians Hold American GI

HEIDELBERG, Germany (AP)—The U.S. Army Saturday identified a missing American soldier feared fallen into Russian custody as Master Sgt. Allan A. La Goy of Guadalup, Calif., a member of the 14th Armored Cavalry Regiment.
The first announcement Friday after having been seen driving his jeep near the Soviet Zone gave his name officially as Legoy. A check of Army records disclosed the correct name.
The Army announcement said La Goy was on an authorized mission Wednesday when, it was believed, he lost his way and crossed into Communist territory.

Hydrogen Bomb Blast Described

LOS ANGELES (AP)—The "first eyewitness account of a hydrogen bomb explosion at Eniwetok," carried today by the Los Angeles Examiner, says the H-bomb makes the A-bomb look like "a runt."

The Examiner's story, written by Science Editor Chris Clausen, says the H-bomb test took place on a small atoll in the Eniwetok group recently. It did not give the date.

"It is likely," Clausen wrote, "that the tremendous unparalleled force of the H-bomb—the world's first—vaporized into gas and dust the atoll, a half mile wide and three miles long, on which the detonation took place."

The eyewitness account of the big explosion, the Examiner said, was furnished by a Los Angeles resident who received a letter from a friend at the Pacific Proving Grounds. The AEC has kept mum thus far on the scheduled autumn tests.

NO KNOWLEDGE

HONOLULU (AP)—Two military public information officers said Saturday they had no knowledge of any hydrogen bomb explosion in the Pacific area.

Maj. Douglas Mitchell at the Army's Pacific headquarters said if the tests had taken place, "it's complete news to me." He stressed that any information would have to come from the Atomic Energy Commission in Washington.

Weather

FORECAST—Klamath Falls and vicinity and Northern California: Fair through Sunday. High both days 69. Low tonight 26. High tomorrow 68. Low tomorrow 26. Precip yesterday 2.09. To date

Big Three Slate More Korea Talks

UNITED NATIONS, N. Y. (AP)—Foreign ministers of the Big Three Western powers scheduled meetings in New York today and tomorrow for top-level policy discussions on Korea and other major problems facing the United Nations.

Britain's Foreign Secretary Anthony Eden is due to arrive here today to take part in the Korean debate which already is off to a running start in the General Assembly and its Political Committee.

The other two ministers—France's Robert Schuman and U. S. Secretary of State Dean Acheson—already are on hand. Schuman arrived in New York yesterday and Acheson returned to the U. N. for his first appearance since he went to his Maryland home to vote in the U. S. presidential election.

Eden and Schuman purposely had delayed their arrivals at the U. N. until after the American voting. Now they are confronted with the fact that Acheson—with whom they have discussed major issues two weeks before—is in a "same duck" position as a result of the Republican victory.

As yet, there are no plans for all three ministers to get together around the same table today or tomorrow. American delegation spokesmen said Acheson had scheduled separate meetings with both Eden and Schuman.

Debate on the deadlocked Korean armistice question was suspended over the week end. But Russia's Andrei V. Vishinsky reappeared Monday morning as the initial speaker in the Political Committee. It will be the Russian's first appearance in the U. N. conference room since he blasted at Acheson and presented Moscow's terms for ending the Korean War last week.

Schuman is scheduled to speak Monday afternoon in a General Assembly plenary session. France's position on Korea already has been outlined in committee debate, but Schuman goes before the full assembly to present a detailed French policy on all issues confronting the U. N.

Eden hopes to present Britain's policies to the full assembly Tuesday. During his visit to the U. S., the British foreign secretary also may seek a meeting with President-elect Dwight D. Eisenhower to discuss joint British-American problems with the head of the incoming administration.

The Big Three ministers are expected to give top attention today and tomorrow to the main points touched on thus far in the Korean debate and to the writer of proposing Russian proposal—backed proposals and counter-proposals that have sprung up regarding a settlement of the conflict.

Besides the American resolution—backed by Britain, France and some 19 other nations—and the opposing Russian proposal—backed by the Soviet satellites—there are numerous compromise plans introduced by smaller nations seeking to bring the two views together.

The American resolution simply asks the General Assembly to approve the stand of the U. N. Command in the Korean negotiations, particularly against forcible repatriation of war prisoners. This is the only issue presently holding up an armistice in Korea. The Russian resolution calls for appointment of a new commission to work out a peaceful settlement and unification of Korea.

INCLUDED in the festivities at the PTA-sponsored dinner and school carnival held at Henley last night was this trio of "athletes" who took part in the amateur hour. They represent the Henley High School girls basketball team which won the county championship in 1927, '28 and '29. All three were members of the squad. Left to right they are Dorothy Reeder Delhinger, Wilma Dawson Dillard and Bonnie Short Finchum. Money raised by the dinner-carnival will be used to finance bleachers for the football field.
