This project was started in 1917 to raise money to help and encourage the artists of America and stimulate art appreciation among the clubs. November was chosen as National Art Month. Each club contributes to the Penny Art Chairman and the money remains in the state. Though national in scope the plan is local in benefits.

Many different projects are sponsored throughout the U.S. Oregon gives a \$200 scholarship each year. In 1951 the money was awarded to Ruth Ann Ditto of Grants Pass. Vera Rodda of Pendleton on the 1952 award. It is hoped that a Klamath Falls student may share in this fund and honor. A ripple of interest once created may become a tidal wave and the pennies collected may be converted into inspired paintings and sculpture of lasting value.
