Mamie to Visit White House

WASHINGTON (AP)—Mrs. Dwight D. Eisenhower, like any woman intending to move into a new home, plans today to look over the place where she and her husband will live after Jan. 20.

The President-elect and his wife have a four-year lease on the 54-room mansion at 1600 Pennsylvania Avenue which is known throughout the world as the White House. The lease was given them last Nov. 4 by American voters. It is subject to one four-year term renewal.

He is one of those energetic men who can put together what Hollywood calls a package. That is, he collects a script, a source of money and some talent and makes a movie. This is how films were created in the old days, but it's no small feat now.

Stoloff devised a package called "Tales of Cairo." It was an episode feature about three phases of life in Cairo, which he knows well. Somehow the package managed to stay afloat, and Stoloff gained permission to shoot the film from the Egyptian government. He used American actors, plus some distinguished Egyptian stars.

"After I had the picture finished,

Movie Producer Returns With Film on Egypt Life

HOLLYWOOD (AP)—An American citizen who was born in Russia and educated in France has returned from making the first English-language movie in Egypt.

The international character who claims this distinction is Victor Stoloff, a genial producer-director and man of many talents. Among these talents is his timing, which allowed him to remove his film from Egypt on the eve of revolution.

First, we'd better get his nationality straightened out.

"I was born in Russia," he told me. "My father was an artist and therefore had little knowledge of politics. Thus it wasn't unusual that he discovered himself in Munich in 1914 with a war breaking out. Since he couldn't return home, he decided to see the Orient. He got as far as Egypt and stayed there."

Stoloff spent his early years in Egypt and then was shipped off to school in Paris. He returned to Egypt and went into the movie business. He made about two dozen films, among them some distinguished documentaries. When World War II broke out, he came to the U. S. and became a Hollywood movie maker.

Egypt Princess Bears Child

LOS ANGELES (AP)—The former Princess Pathia of Egypt, stripped of her title and fortune by the now exiled King Farouk, is the mother of a new son.

The ex-princess—Mrs. Riad Ghani, 31—gave birth to a baby weighing seven pounds, five ounces at St. Vincent's Hospital Saturday night.

Woman Dies In Grave

BARKINGSIDE, England (AP)—Mrs. Anne Bowring, 66, often went to the cemetery to sit beside the grave of her husband, who died two years ago.

She was missing four days. Then her daughter found her at the cemetery. "She looked as if she were asleep," the daughter said. "It was as if she had gone there to hide from all her troubles."

The mother was dead—in an open grave near her husband.

She apparently had pushed a plank aside, climbed in and pulled the plank back over her as she waited for the end.

Two Survive Tacoma Crash

TACOMA, Wash. (AP)—The number of dead in the crash of an inbound C54 near here early Friday stood at 37 today, with only two survivors.

The death Saturday of airman 2nd C Bobby R. Wilson, Ft. Worth, Tex., wiped out the seven-man crew of the four-engine military transport base at Great Falls, Mont. The others died in the crash.

Still in critical condition are Curtis Redd, Air Force man from Fairfax, S. C., and Joseph Iacovelli, U. S. Brigadier, Pa. The lone survivors among the 29 passengers en route home from Alaska for the holidays, the C54 carried both military men and dependents.

Army Smiths Change Step

OZARK, Ala. (AP)—There are 11 men named Smith in Battery C of the 125th Field Artillery at Camp Rucker.

The commanding officer thought it would simplify matters to put them all in a "Smith squad."

Things were fine until close-order drill the other day when one man was out of step.

"All right, Smith, get in step," shouted Sgt. Smith, squad leader. When the dust cleared, 10 men had changed step—and the guilty Smith was still out of step.

Crews Start After Plane

ANCHORAGE, Alaska (AP)—A helicopter crew surveyed the slopes of snow-covered Mt. Gannett today mapping a track for a 12-man ground party assigned to recover the bodies of 52 persons killed in the crash of a C124 Globemaster.

The Air Force said the helicopter also will be used to fly the ground party to a base camp to be set up at the 4,000-foot level. From there the trail crew will climb to the crash scene at about the 8,000-foot level on Surprise Glacier. Search officials estimated the job of recovering the bodies may take two weeks.

The Globemaster transport crashed Nov. 22 while on a flight from McChord Air Force Base, Wash., to Elmendorf Air Force Base here.

Dr. Terris Moore, University of Alaska president and an Air Force officer, landed in a light-skipped plane on the glacier Friday.

Dr. Moore said on his return here Saturday the Globemaster was flying at full speed when it struck a peak near the summit of the mountain. All aboard met instant death.
