"CAN'T KID" HOME. Sgt. Lyle Davis Lewis is back home after a year of hunting in Korea. His fame was gained for his one-man forays behind Red lines, provisioned only with candy bars. He holds Kathy, born during his service abroad. Little Andrea, 3, is in the middle, and his wife, Charlene, holds David, 2, as they stand before the map of Korea.

Brave Mother Dies of Cancer

ST. ALBANS, Vt. (AP) — Doctors today praised the courage of Mrs. Mary Decelle, 22, who didn't let the knowledge of sure death spoil the birth of her fifth child or the family's Christmas observance. Mrs. Decelle gave birth to an apparently healthy 5 pound 7 ounce boy last Saturday, then died of cancer less than 24 hours later. The brave mother had pleaded with doctors to be permitted to leave Kerbs Memorial Hospital so she could spend the holiday with her family at home. She promised to return the day after Christmas for a Caesarian section. Doctors let her go home about 10 days before Christmas and on Dec. 26 she kept her promise and returned to the hospital to face the death she, her husband and her parents knew was inevitable. Dr. Walter Rath said last night, "Mrs. Decelle was one of the most courageous women I've ever met in my life. She held the child long enough for us to take it and then she died."

Doctors said that although the newborn child appears "strong and vigorous," tests are being made to determine if he suffered any ill-effects from his mother's cancerous condition. Mrs. Decelle was found to be suffering from cancer about two months ago when she was six months pregnant. The doctor other Decelle children are George, 6; Mary Susan, 5; Judith Lynn, 3; and Nancy Jean, 1. Also at the Decelle home for Christmas were Mrs. Decelle's parents, Mr. and Mrs. Joseph Crowder of Mayodan, N. C., and her sister and brother-in-law, Mr. and Mrs. Earl Stewart of Bradford, Conn. Decelle said she met his wife while serving in the Army. They were married in Greensboro, N. C., June, 1945.

McCarthy Wins Medals

WASHINGTON (AP)—Sen. McCarthy (R-Wis) received six decorations for his World War II service from the Marine Corps yesterday, almost eight years after his discharge. The presentation, in the senator's office, was made by Col. John R. Lanigan, commanding officer of the Fifth Reserve Marine District. McCarthy, an air combat intelligence officer, flew 30 combat missions in the Pacific. The citations — for the Distinguished Flying Cross, the Air Medal and four stars in lieu of additional air medals — were signed by Secretary of the Navy Kimball. The Distinguished Flying Cross was awarded, in the words of the citation, "for heroism and extraordinary achievement." Lanigan said the long delay in formal presentation of the awards was not unusual.

ALBUQUERQUE (AP)—What the holiday man didn't know was that Ruth London has a nervous habit of giggling when she's excited or scared. The bandit poked his revolver into the window last night as red-haired Ruth, 28, sold tickets for the wrestling show of husband-promoter Mike London. "Give me the money," he demanded. Ruth uttered, "I'm not kidding—this is serious," he muttered fiercely. Ruth giggled again. "All right," he blurted, shoving \$150 through the window. "Gimme a ringside seat," he grabbed it and fled.

TV DOESN'T AFFECT WEATHER CHICAGO (AP)—A Wisconsin woman who blames the presence of nearby television aerials for recent heavy rains and snows which poured too much moisture on her crocus plants doesn't have the support of Admiral Corp. electronics engineers. They say the weather has had its erratic swings although the growth of TV has been fairly steady in most sections of the country. Chicago had its heaviest snowfall on record last winter and unusual rains last spring but the gummer and fall were dry, the TV men say.

Paulette Shuns Hair Dye; Says Inner Fire Gets Man

By ERSKINE JOHNSON HOLLYWOOD (NEA) — Exclusively Yours: Blondes and red-heads are leading the movie zip parade, but brunette Paulette Goddard, making her first movie in Hollywood in three years, won't be reaching for the peroxide or henna bottles. "The shade of a girl's hair is no more exciting to a man than the color of her fingernails," she said. "Only the inner woman can start the fire." "On the theory, no doubt, that extreme decolorage helps reveal the inner woman, Paulette, in a low-cut gown was revealing a great deal of the inner Paulette for a scene in "Harnessed Bull," in which she plays a sexy escort-bureau queen. Paulette's hiding her \$250,000 collection of jewels to play a working girl in TV film series, "White Collar Girl," which Anita Loos is writing and she told me: "Believe me, it's not type casting. But I've made quite a study of working girls."

Marilyn Monroe, Chaplin Top '52 Headline Makers

By BOB THOMAS HOLLYWOOD (AP)—Who were the top headline makers in Hollywood during 1952? My private poll has sampled opinion among the news gatherers in Glamourville and has come up with a list of the 10 biggest page grabbers. They figured in the news for widely different reasons. One possessed a heavenly frame. One achieved fame by crying in public. Several were in and out of marital troubles. One was in jail. Here are the top 10, not in any particular order of importance: 1. Marilyn Monroe. Just about everything she did seemed to make the papers. Of course, she was aided by her fabulous figure. 2. Charlie Chaplin. He got back in the news by starting his first film in five years. But the big news...

Reds Planning Radio Offense

BONN, Germany (AP)—The Russians are planning a gigantic radio offensive against the West in 1953. It's designed to black out certain still piercing the Iron Curtain and to extend the Kremlin's "hat in the West" program from broadcasts to new millions in free Europe. Allied officials here have reported this to their governments after studying intelligence reports on radio developments in Soviet-occupied East Germany. Until recently the Voice of America, RIAS, the powerful American station in Berlin, and the British Broadcasting Corporation could be heard by East Germans without interference from the Russian jamming system. Now Russian technicians and German workers are feverishly building a chain of high-powered transmitters in East Germany from the Baltic to the Czechoslovak border. Allied officials believe the Russians first will use this new radio chain to jam these Western stations and then to broadcast their vicious propaganda broadcasts to Western Europe.

Anastasias On Carpet

WASHINGTON (AP)—A congressional subcommittee today demanded that the State Department "all the circumstances" of the immigration and naturalization of the Anastasia brothers — Albert, Anthony, Joseph and Gerardo. All four are waterfront figures in New York. Chairman Walter (D-Pa) of a House judiciary subcommittee investigating immigration said in a statement he wrote McGraney that the four brothers originally entered the U. S. illegally by jumping ship and "have subsequently, through various procedures, obtained a readjustment of their immigration status to that of permanent residents." Albert Anastasia has often been described as a major figure in Murder, Inc., reputedly a kill-for-pay mob which operated in Brooklyn in the 1930s. He refused to answer many questions when he was questioned recently by the New York Crime Commission during its investigation of the New York waterfront. "What surprises this committee (the House group)," Walter wrote McGraney, "is the fact that according to information now available, all four of them (the Anastasias) had extensive criminal records before they were admitted for permanent residence and had a long record of criminal activity between the time of their admission and their naturalization."

UPS AND DOWNS OVER BINGHAMTON, N.Y. (AP)—James E. Price figures he's traveled vertically about four-fifths of the world in his 17 years as an elevator operator in the three-story postoffice building. "The job was a cinch when I started, only 15 or 20 trips a day," he said. Now, with all the extra mail in the building, he says it has become a tiresome job. Now 70, and recently retired, he'd like to go to Florida and fish for awhile.

Wetters Builds for Keeps. • Solid Oak back and Panel. • Full Metal Plate. • 1/2" x 3/4" x 3/4" sounding board. • Tonal design by world's leading acoustical engineers. Yet Wetters Pianos are not just a few dollars under other pianos as they are well built. This is accomplished through the use of modern, efficient factory and marketing methods, setting a new standard in the piano industry. Rent one of these lovely upright pianos. Apply rent for a reasonable time toward purchase. The lovely colonial style, \$551 delivered with bench. Louis R. Mann Piano Co. 120 N. 5th Hammond Oregon

Charles Winninger in a TV revival of Captain Andy of "Showboat" fame? The idea is cooking. Playing a sea captain in Republic's "Perilous Voyage," Winninger told me: "I created the part on Broadway, played it on the screen and radio and I think Captain Andy would be wonderful on TV." Silver-haired Charlie — "I'm 62 but I always say I'm 60" — is as confused as everybody on why Joe E. Brown landed the role in MGM's recent remake of the Edna Ferber classic. "I guess they were afraid I'd ask for too much money. I didn't see the film but people say they missed me." On working with Vera Halston in "Yoyogi," Charlie said, "You know something? This girl is a good little actress."

Fernando Lamas, at the Lux Theater rehearsal, asked Jack Carson: "How many languages do you speak?" Carson flipped back, "English—and that's the one you don't."

Brenda Marshall — wife of Bill Holden — is okay following a serious bout with amnesia. Anne Baxter on being criticized for following in a smart car: "I have a loud voice and it carries. I don't mean to be rude. I'm just a big-voiced girl."

CHICAGO (AP)—The National Safety Council today estimated that 410 Americans will die in traffic accidents during the four-day New Year holiday period. The organization last week estimated that 590 would be killed in motor vehicle accidents in the four-day Christmas week end. The total in an Associated Press survey was 526, an all-time record. The previous record was 555 in the four-day Christmas holiday of 1936. Accidental deaths in this year's Christmas holiday were 744 as compared to last year's record of 822. Included were 82 persons killed in fires and 106 others who lost their lives in various types of accidents.
