

WALL STREET
NEW YORK (AP) — A quiet little rally Friday took the stock market moderately higher.

Several leading issues advanced a point or a bit more while the bulk of the list held unchanged to higher with scattered losses.

Business came to an estimated million and a half shares. That was higher than Wednesday's pre-holiday total of 1,240,000 shares but it still was below recent average days.

Drivers Back On Job Today
NEW YORK (AP) — Truck drivers of newspapers and magazines were ordered back to work Thursday night immediately after a membership meeting of their union ratified an amendment ending a two-week strike which had curtailed deliveries in the suburbs.

A meeting of the Newspaper and Mail Deliverers Union (ind.), attended by 1,200 members, gave unanimous endorsement to a new contract worked out with the aid of the New York State Board of Mediation.

The strike of about 475 men against 13 wholesale distributors had curtailed deliveries in nearby areas of Long Island, Connecticut, New Jersey and Westchester County, N. Y.

Terms of the one-year suburban contract include: a cut in the work week from 40 to 37 hours for night workers; a weekly wage increase of \$2.25 over the former average of \$27; an employer contribution of \$2.75 per man per week to a welfare fund; an increase of paid holidays from six to seven a year; and a "follow-the-work" clause, under which employees are to be retained when a delivery concern is sold to another operator. There also are fringe benefits involving working conditions. The pay increase and welfare fund contribution are retroactive to Nov. 1.

Demand for Fir Said Falling Off
SEATTLE (AP) — H. V. Simpson, executive vice president of the West Coast Lumbermen's Association, said here Thursday that the demand for Douglas fir lumber fell off sharply last month as compared to January of 1952.

Simpson said sawmills in the Pacific Northwest took orders for \$77,650,000 board feet the first four weeks of last month, compared with \$94,255,000 the same month a year ago.

Heavy rains which forced closure of some mills were partly at fault, Simpson said.
