Television Set Slated In Star Role At Academy Show

By BOB THOMAS
HOLLYWOOD — When the Academy Awards are televised for the first time March 19, six minutes of the hour program will be devoted to plugging a television set.
 Thus the climax of what can be called one of the biggest bonehead plays in recent Hollywood history.
 All of the film industry's brass are now admitting that they have been locked in a life-or-death struggle with TV for the past three years. Yet when the industry puts

they thought they deserved. The real winners in this thing are the home TV viewers. THEY

Drug Outlet Remodels Local Store

Curtin's For Drugs, in the third major improvement move in 12 years, is adding nine feet frontage on Main street to the present building, in an expansion program designed to give Klamath Falls one of the most modern drug stores in Southern Oregon.
 Depth of the addition that will be occupied by the prescription department is 77 feet. The floor space gained, which is raised 8 inches above the remainder of the floor level, is part of the former Klamath Variety which closed more than a year ago.
 The prescription department has been moved to the front of the store and arranged to permit the public to observe the pharmacists at work from the street. Wide glass windows show the interior of the entire store.
 Emphasis is to be placed on sick-room needs, better prescription service, and an enlarged animal health department.
 New refrigeration facilities have been installed to handle serums, vaccines, biologicals, liquid vitamins all needing controlled temperatures.
 The camera department managed by Leo B. Morstad, air corps photographic officer in World War II, is being separated from the Drug Store and will open in an independent building next to Curtin's Vaupel and Morstad have formed a partnership for the shop.
 Morstad, active in the junior chamber of commerce and the Camera Club will handle an extensive stock of photographic supplies for both amateur and professionals. Photo finishing will be done by Bill Griffith, former photographic school instructor and recently with the Hercules Powder Co., here.
 Modern, new equipment has been installed.
 Vance Vaupel, owner, states that complete confidence in the future of the Klamath Basin and the desire to furnish the finest in "Service to the sick" and assist in "conservation of health of Klamath Basin residents, prompted the present extensive expansion."
 There will be no change in policy or personnel.
 The staff at Curtin's in addition to Vaupel, includes Art Breitenstein and Ed Brinz, pharmacists, Margaret Pacabel and Iva Riddell, cosmeticians and salesladies, Vance Vaupel, a son who handles display and stock and Mrs. Vaupel, in charge of the office.
 No formal opening date has been set.

Crater Skiing Said Only Fair

Cloudy and warm weather has made tomorrow's ski outlook at Crater Lake National Park "just fair," according to Chief Ranger Lou Hallock.
 The south and west roads are open to the rim, Hallock said, although drivers are advised to carry chains.
 Snow depth at the park's headquarters was 122 inches Friday at noon, compared to 180 inches at the same time last year. Minimum Thursday was 27, maximum 51.

Concert Set Next Week

Costuming and staging have been completed for the "On to Bellingham" Music Department concert to be given this coming Thursday and Friday nights in the Klamath Union High School auditorium. Doors will open at 8:15. Those who have had a preview of the program entitled "Toyland Fantasy" are enthusiastic about its presentation.
 The proceeds of the concerts will be used to help send the cappella choir to Bellingham where they will give a concert at the convention of the Northwest Music Educators. The choir will make its last appearance before going to Bellingham at the concert March 3 and 6 singing the program that they will present for the convention.
 In addition to the concert portion of the program which will be played by the orchestra, the orchestra under the direction of Walter Smith plays a very important part in accompanying the many dance numbers. Music has been arranged and selected by Smith for this presentation. Training of dancers and choreography are in charge of Amelia Diamant.

"—but it may burn all at once"

The value of household furnishings sneaks up on you. The value of yours is probably several times what you think it is.
 For example, make an inventory of things in one bedroom and closet. See? Your entire accumulation of furniture, clothes, books, etc., is no doubt worth three or four times the insurance you carry on it.
 Ask us for a form on which to make a complete inventory of your household possessions and let us tell you how inexpensive adequate America Fore protection against fire loss really is.
