GETTING IN ACT — Since the film industry's Academy Award presentation in Hollywood March 19 will be televised for the first time, it is only fitting that TV actress Lucy Knoch pose with some of the completed Oscars.

Solon Calls For Early Russ Action

WASHINGTON (AP)—A resolution expressing hope for the early liberation of the Russian and other Iron Curtain peoples was introduced yesterday by Rep. Kersten (R-Wis).

"After Stalin's death we should use this interval of internal conflict at the very core and center of the world-wide Communist operation to win the cold war" by aiding in liberation of those under the control of the Kremlin.

President Pleads For Memories

WASHINGTON (AP)—President Eisenhower says he would like American merchants to offer some of their customers an old-fashioned line—memories.

It would be good for the children, he said, and listed some he had acquired in the neighborhood stores of his own childhood—"the open cracker barrel, the prune barrel, the pickle jug or keg," as well as the homely remarks, proverbs and aphorisms that shopkeepers and customers swapped.

The President went to a luncheon of the American Retail Federation yesterday and, he said, "just got to talking." The result was his plea for something for the children, which he said they couldn't get from Christmas Santa Claus or television sets.
