PFC. ROBT. DALE KOHLER, son of Mr. and Mrs. Fred N. Kohler, 1507 Summers Lane, was wounded in action March 3 while serving with the Marine Corps in Korea.

Allies Plan Economic Rap at Reds

BY JOHN M. HIGHTOWER
WASHINGTON (AP) — The United States and Britain today planned to seek prompt help of other free nations in tightening an economic blockade against ocean shipments of war-useful goods to Communist China.

The first move, informants said, will be taken through a secret international group which has headquarters in Paris and which is concerned with preventing the flow of strategic goods into Communist countries. Members of this group are American and European nations and Japan. Its existence is known unofficially but its operations are secret.

British Foreign Secretary Anthony Eden and Secretary of State Dulles, winding up a round of political and economic talks here Saturday, announced new steps, primarily by Britain, to disrupt maritime shipments of strategic goods to the Chinese Reds.

This effort goes far beyond the long-established program of the Allies countries and co-operating friendly nations to cut off war goods from the whole Communist bloc.

A communique issued Saturday afternoon quoted Eden as promising the British would set up a new licensing system for ships registered in the United Kingdom and the colonies to prevent such ships from carrying to Red China strategic materials from non-British countries. The export of materials of this kind from Britain has long been banned.

Eden also told Dulles the British government has decided to make certain that no Russian ships or ships of any other nationality carrying strategic cargoes to China should be refueled or supplied in a British port.

That means that strategically located fueling stations like Gibraltar, Suez, Aden, Singapore and Hong Kong will be closed to Red China shipping.

The third point Dulles and Eden agreed upon was that "the U. S. and British governments will concert their efforts to secure the co-operation of other maritime and trading nations in the measures designed to exclude the shipments of strategic material to the mainland of China."

No other nations were named, but officials suggested that countries which have substantial merchant fleets would be approached. They mentioned Norway, Sweden, The Netherlands, France, Italy, Finland and Panama.

The agreement will nick but not sever the flow of war material Red China is receiving, China gets, by rough estimate, about 75 per cent of its imports overland from Russia and only about 25 per cent from Russian and all other sources by sea.
