A little cocker spaniel dog, pet of the Mapes family was shot twice last week with a .22 rifle. The dog was hurried to a veterinarian at Lakeview and after several days of intense suffering it is now able to get on its feet. The dog was shot by an 11-year old boy who had been presented a rifle for Christmas. Teaching a child the value of life and the pangs of suffering might prevent an occurrence of this kind and certainly would go a long way in keeping the child from cultivating a sadistic nature.

**New Pine Creek**

By IRVIN FARIS  
During the past week of joyful confusion—that interim 'twixt our district meet and the coming state basketball tournament at Eugene, this week, we were inclined toward celebrating. Coincidentally, the previously planned March of Dimes Dance staged last Saturday night gave vent for this feeling. Sure hope the Irish don't hold this against us, for while they were celebrating one hero, St. Patrick, on the same night we were sort of slap-happy and gleeful over our basketball heroes which fact added gusto to the spirit of the dance.

It was a night disappointing to have both dances slated the same night and it was with the avoidance of just such an incident that we had publicized the March of Dimes shn-dig far in advance. But—luckily, as it was — nearly every dance-minded person in the valley turned out so that both projects proved successful.

After expenses of advertising and a few incidentals are deducted, the Grange sponsored March of Dimes dance and supper, will probably net better than \$150. This—considering all the conflicting circumstances, is not bad. In turn the Grange committee wishes to thank all who helped make this worthy effort a financial success and I, as the local chairman, wish to extend my deep appreciation to the cooperation and work of the committee, composed of Earle Sanford, Grange master, Raymond Fisher, Garland Cudde, Robert J. Snider and Leo Mulkey and the ladies who worked so diligently in the kitchen, mostly the wives of these committeemen. Also gratitude goes to the following donors: Art Lenkeit who gave \$5.00, The Happy Hour Club who gave \$2.50; Mrs. Frankie Williams who made a donation of \$1.00 without attending the dance as did also Mr. and Mrs. Fred Fisher who gave \$2.00, most of which was not included in the box office receipts at the dance.

The committee is also grateful to Mrs. Hattie Cook who has donated her janitor services cleaning the hall and especially to the various musicians, comprising two orchestras, who donated their playing. Those playing were as follows: The "Dizzy Five" orchestra composed of Mrs. Bess Ruchan, music instructor at the Willow Ranch School, Frank Ross, Ed Madison, Dick Pointner who filled in on the drums, Clarence McClain and a pickup group of Grange players who were glad to help out: Mr. and Mrs. Bill Kelson, Mrs. Helen Bradley, and "Whitey" Foster who kindly helped out on his "ambidextrous" trombone and trumpet. There were enough playing so no hardships were born by anyone—all could take a few whirrs with their favorite girls, "n' ever" thing worked out hunk-a-dora!

Now we can relax a bit—even fast — and be prepared for our Home Ec Club ladies who are deep in the planning of a big March of Dimes chicken supper to be held March 27. Feeding time starts at 5:30 that evening and will continue as long as people come and the food holds out.

This undertaking is designed as a community project, to help swell the Dimes' quota and if you can't come or if you've lost your appetite, the ladies' will gratefully receive any donations. You see it's sort of a contest—'twixt the ladies and the gents. The mentfolk, knowing very little about the culinary

arts, maintained they could take in more money for the crippled polo victims by giving a dance while the ladies maintained that a feed would appeal to a greater number of people.

So we shall see what we shall see—to eat by glory! The proceeds will be divided Cal-Ore-wise like the dance receipts and the ladies are promulgating this S.O.S. "to all makers of fine victuals — bring 'em!" Anything that's tasty and good — qualifies! But chicken cooked a hundred ways will be the main dish and who ever heard of a chicken dinner—all you can eat for only \$1.00 'n' grade school kiddies get in for only 50 cents. To make donations handy and if you can't come or have lost your lust for food—you are supposed to contact Postmaster Buna Faris.

The newly-weds, Donald Butler and Florence Griffith who were united in matrimony in Reno last Friday, got back in time to attend the dance Saturday evening as did also the bridegroom's mother, Mrs. Maude Butler, and his aunt, Ruth Lawson who went along to see that the job was done right. All were a bit weary but happy. The young couple will reside in the Zella Blurton house just west of the State Line Motel and Donald will assist his father in the store — Alvin's Market.

Mr. and Mrs. Sherman Anderson have come to our town to stay — along with their children. They moved into their residential property here last Sunday which Sherman is working like mad to renovate, modernize and make comfortable. They have been living down at Canby where Sherman was driving a logging truck but now he will either find local work or if plans materialize—he may work in Lakeview.

C. L. Brown and family have moved to Klamath Falls. He has obtained work with the Heston Construction Company there, having been formerly employed at the country shops in Lakeview. He's a mechanic by trade.

Prof. Barlow was off two days last week, Thursday and Friday because he opened his mouth and —influenza! Well — anyway he got the flu and a supplementary teacher from Lakeview had to fill his professional shoes.

George Simms, boiler construction engineer of Concord, Calif. and his two helpers, Fred Tetsall and Hugh Corrigan arrived Sunday. They went to work Monday on those boilers down there at the Willow Ranch mill which is encouraging indicates the mill will be humming again one of these dreary days which will seem balmy.

Art Lenkeit was given a birthday party by his wife, Hilda, last Thursday evening at his home up the canyon. That night there was about 5 inches of fresh snow at his place for it had been snowing most that day and into the night. Those brave hearts who dared the storm and enjoyed the Lenkeit hospitality at the party were: Mr. and Mrs. Eric Rose, Mr. and Mrs. Lee Bernard, Mr. and Mrs. Kelton Vincent, Mr. and Mrs. Earle Stanford. An enjoyable evening was spent playing pinocle, croaking out the words to "Happy Birthday" and feasting a swell buffet luncheon at the close of the game.

Art showed us a noble start at the construction work on his new double garage but the storm put a quietus on that improvement for the time being.

It's now past time to go to bed —good-night. See you in Eugene!
